## GREEK TROOPS ATTACKED BY BULGARIANS

### Withdrawal of Soldiers Is Stopped by Greek Government

## APPEAL TO LEAGUE

### Saloniki Report Says Greeks At- tacked by Bulgars While Retreating

ATHENS, Oct. 28.—(U. P.)—

The Bulgarians have attacked the left flank of the Greek columns retreating from Bulgarian soil, and the Greeks, in consequence, have ordered a suspension of the withdrawal which had been begun in accordance with the orders of the League of Nations council. Greece forwarded a protest to President Briand of the League of Nations council against the attack.

GENEVA, Oct. 28.—(U. P.)—

The League of Nations council secretariat has been informed by both Greece and Bulgaria that all frontier hostilities which have been threatening war for the last week, have been ordered ended, and the Greek troops are now withdrawing from Bulgaria, thus bringing to an end an incident war.

LONDON, Oct. 28.—(U. P.)—

An exchange telegraph cablegram from Saloniki today reported that the Bulgarians this morning had attacked the withdrawing Greek forces, and that the Greeks had been forced to fight back in order to protect themselves. It was believed at Saloniki that the evacuation of Bulgaria by the Greeks had ceased, and that the latter nation would again take up the invasion of Bulgarian territory in answer to the unwarranted attack of the Greek troops, which were being withdrawn from Bulgaria at the order of the League of Nations council.

ATHENS, Oct. 28.—(U. P.)—

Greek troops, who a few days ago pushed over the Greek frontier of Macedonia, into Bulgaria, are retreating, and will be out of occupied territory by tomorrow morning, in conformity with the League of Nations council demand. Proof must be furnished tomorrow morning by both Greece and Bulgaria that all hostilities have ceased, and Greece is preparing to furnish this proof.

## LEGAL STEPS TAKEN IN COLLECTIONS ON STOCK

Drastic measures believed necessary to collect the few remaining accounts outstanding on the stock of the Lithian Hotel corporation are being started by Attorney L. A. Roberts. It was learned this morning, steps toward suit have been started, in several cases, and this same action is contemplated in additional cases, Roberts stated.

## RAILROAD DINING CARS FEATURE OREGON APPLES

Oregon's finest apples from the famous Rogue River, Willamette and Umpqua River valleys, are to be specially featured on Southern Pacific dining cars during National Apple Week which begins Oct. 31.

In announcing this today Allan Pollok, superintendent of the railroad's dining car department, stated that hearty cooperation will be extended by the railroad in making National Apple Week a success.

Southern Pacific dining cars are energetically preparing special apple menus and more than 40,000 copies of special apple menu cards will be distributed by the company on its dining cars operating between Portland, Oregon and New Orleans.

As a part of its participation in National Apple Week celebration the railroad is now baking in its Oakland, California, commissary the world's largest apple cake. It will weigh more than 250 pounds and contain 5 boxes of apples. The mammoth pastry

## Just as Son Fells Opponent Father Drops Dead

LOWY, Cal., Oct. 28.—

Robert B. Lowy, 58, of Losi, dropped dead near Salt last night just as his son, Lee Haley, landed a hard right to the jaw of Orvil McFarlane of Stockton, in a fist fight in which the elder Haley was one of the two witnesses. McFarlane dropped with a broken jaw at the exact moment that Haley sank to the earth dead.

The two younger men had quarreled in a dance hall and had decided to "have it out" at a road-side spot near here. They asked the elder Haley and another man to act as witnesses.

## MINISTERS TO SUPPORT BILLY SUNDAY MEET

### Valley Ministers Promise And Seven Week Session to Start in May

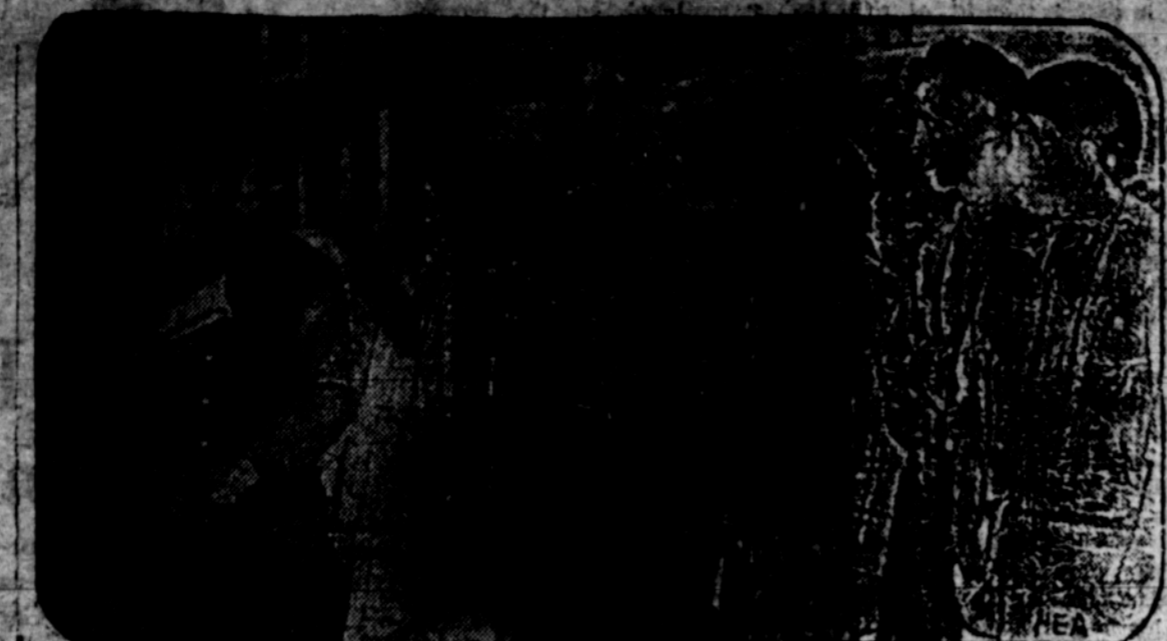

The Rogue River Valley Association of Ministers held their regular monthly meeting at Grants Pass Monday. The session opened with luncheon at the Oxford Hotel and continued at the First Christian church until 4 o'clock. Ministers from all parts of the valley were there, and the session was said to be one of the most successful yet to be held.

The half hour given over to devotions was led by the president, Rev. J. B. Coon. Much routine and special business was cared for and the reports of the various community associations was especially interesting. The Christian churches of Medford and Ashland reported educational departments to the amount of five and six thousand each. The Presbyterian church of Medford reported on the promotion of plans for a church edifice in the near future.

Grants Pass reported a successful series of simultaneous revival services of very gratifying results. The Ashland pastors reported on the progress of plans for the Billy Sunday meetings. The date is now set for seven weeks beginning late in May. The association went on record by adopting a resolution pledging the support of the ministers of the valley to the Ashland campaign with this noted evangelist. The association directed a letter of congratulations to Rev. Chaney recently of Ashland and promoted by his church to the office of district superintendent of the southern Oregon district. A survey of the religious denominations of the valley was authorized.

## An Arctic Honeymoon Fleet Sets Sail

Wedding bells ring in Alaska whenever the U. S. revenue cutter... a trip to the Arctic... That's... picture shows him... three couples at once—the bride and groom.

## CLERGY URGED TO ADVERTISE IN NEWSPAPERS

### Hebrew Prophets And Bar- num Described as Publicity Chiefs

CHICAGO, Oct. 28.—Ancient prophets of Israel were better advertising men than P. T. Barnum the circus man, according to Dr. Burris A. Jenkins of Kansas City. He told the conference on church publicity yesterday that the clergy would do well to take their cue from Barnum and the Hebrew prophets.

"The prophets of Israel understood the value of publicity," Dr. Jenkins said. "One of them—Hosea—named his two sons, Jerriel and Loamm, after the themes of his great messages, of exorcism who addressed them would have to repeat his warnings to the nations. 'Another took to himself a wife from among the women of the streets to attract attention to the harlotry of Israel. 'Our Savior Himself was criticized as a sensationalist. He always went where crowds were congregated and never failed to draw attention to Himself for the sake of His message. If He were on earth today He would be using the newspapers and the radio."

The church must increasingly use the news and advertising columns of the newspapers in its campaign for righteousness, said John T. Brainerd Smith, publicity director for the Chicago Church Federation.

## Painleve to Form New Cabinet; Caillaux Ousted

PARIS, Oct. 28.—(U. P.)—

President Doumergue this afternoon summoned Paul Painleve to the Elysee Palace, to charge him to form a new cabinet, following the resignation of the old one yesterday, as the only means possible of ousting Finance Minister Caillaux from political life.

## CONTRACTS ARE LET ON HIGHWAY WORK

PORTLAND, Oct. 28.—(U. P.)—

Contracts for highway improvements costing \$478,892 were awarded by the state highway commission today. The most important contract was that for graveling 28.2 miles of The Dalles-California highway, between Lapine and Corral Springs. The contract went to Carl Niberg for \$202,000 and is subject to the approval of the United States Bureau of Public Roads.

## ESTONIA FUNDING 13 MILLION WAR DEBT

WASHINGTON, Oct. 28.—(U. P.)—

An agreement for the funding of Estonia's \$13,000,000 debt to the United States was signed at the Treasury Department today.

## THE WEATHER

Oregon—Unsettled, with probably rain in the northwest. Rain or snow in the east portion.

## Row Over Chicken Picking Sends Man to Hospital

SAN FRANCISCO, Oct. 28.—

Radical differences on the correct method of picking a chicken brought G. G. Del Bonta, Oakland chicken picker, to the Oakland receiving hospital. It all happened at the Oakland Chicken Pickers' union hall. Del Bonta insisted that the orthodox way to pick a chicken was to start at the right center instead of the left or left center.

Proponents of correct picking proceeded to make the feathers fly. Del Bonta was badly vanquished in the more direct method of argument.

## WORK OF MINE RESCUE CAR TO BE DETAILED

### Car Now in Grants Pass. Is Recognition of Mineral Resources

The United States Bureau of Mines Rescue Car, No. 1, in charge of K. S. Butler, assistant to J. R. Rowe, is on the siding near Sixth Street, Grants Pass, where arrangements are being perfected for the work of carrying on instructions in first aid work, and dangerous gases encountered in mining. On Saturday morning, October 31, through the courtesy of the management of the Rivolt Theatre, the four reel film entitled "When a Man's a Miner," produced by the United States Bureau of Mines, will be shown at 10:30. There will be no admission charge for seeing this film, as the Bureau of Mines is showing these films throughout the country as a feature of their safety and first aid work.

On Monday, November 2, the Bureau of Mines will start a course of five lessons in practical first aid work. The course is the standard first aid course taught by the Bureau of Mines to miners throughout the country.

Each of the five lessons deals with a different phase of first aid and those who complete the entire course will receive both the United States Bureau of Mines card and engraved certificates.

The first class of the course will start at 2 p. m., Monday, November 2, at 511 H Street, headquarters of the Southwestern Oregon Mining Bureau, Grants Pass.

Anyone interested in safety and mining work is welcome to inspect the Bureau of Mines car every week day from 3 to 5 in the afternoon. This car is of standard Pullman construction and contains in addition to mining, rescue and safety apparatus, the living quarters of the crew. This is the first visit of the Bureau of Mines car in Southwestern Oregon and is a distinct recognition of the mineral resources of this district.

Sutherland—Engene peppermint grower buys 440-acre farm here for \$30,000, to grow 100 acres peppermint.

## NEW HEADLIGHT LAW IS NOW BEING UPHELD

### More Than 100 Drivers Are Handed Citation Slips by Officers

Auto drivers who have so far failed to have their lights adjusted, in compliance with the new lighting law which went into effect September 1, have received their last warning, according to State Traffic Officer G. P. Talent. Citation slips are now being issued those whose lights are found to be faulty, and the drivers either must give proof that they have had their lights tested or pay a fine.

Almost two months have passed since the law went into effect, and not more than thirty per cent of the machines have had their lights tested, according to Talent. This is in spite of the fact that the testing stations throughout the county are now able to handle any car brought in in a very short time. During the first few weeks after the law went into effect, the statute was not enforced, since the testing stations were unable to handle the rush. Since that first rush, however, the stations report they are able to handle the machines easily.

During the past few nights, State Traffic Officers Talent and McMahon have handed citation slips to over 100 drivers. Instructions are given with these slips that if proof is given before court time that the lights have been tested, the charges will be dismissed. However, the officers declare that if the lights are not tested and a receipt shown, the charges will be pressed, and if the offender is found guilty a stiff penalty will be handed out.

There are four light testing stations in Ashland, the Ashland Electric, Murphy's Electric, the Claycomb Motor company and the Park Garage maintaining such stations.

## REPORTS DIFFER ON DAMASCUS ATTACK

LONDON, Oct. 28.—(U. P.)—

Jerusalem dispatches today stated that French sources believed that at least one thousand persons were killed in the recent French bombardment of the city of Damascus, while Arabs estimate that as many as 25,000 were casualties as the result of the French quelling the native rebellion in the ancient city. Damascus is reported to be badly damaged, with many of its picturesque structures piled in ruins. The Arabs claim that the French guns wrought the havoc, while the French declare that vandals within the town are responsible for the depredations.

## ROUND TRIP ONE WAY FARE OFFERED BY S. P.

In order to increase attendance at the Pacific International Livestock Exposition in Portland early next month, the Southern Pacific is offering a one way fare for the round trip. George N. Kramer, passenger agent announced this morning. The sale dates for the offer are November 5 and 6, with a return limit of November 9.

## DURONDO NOT GUILTY OF LIQUOR COUNT

Jack Durondo, charged with the manufacture of illicit liquor, was found not guilty by a jury in circuit court yesterday afternoon. Durondo was arrested shortly after the arrest of Donald Stonebraker here by Chief of Police McNabb, also on a liquor charge. The jury was out six hours in the Durondo case.

## Armless Girl Making Good At College

BERKELEY, Cal., Oct. 28.—(U. P.)—

Among the more remarkable students at the University of California this year is Miss Martha Hale, who has no arms. Miss Hale lives in San Francisco, and commutes daily by ferry across the bay. She carries her books "balanced" on her shoulder, and never has been known to drop them, even when sprinting to get through the gates to catch her boat.

The armless girl sits at a lecture with a pen between the first and second toes of her right foot, and transcribes notes as rapidly as a normal person. She wears shoes she can remove easily and her stockings end just under the heel, so she can move the toes easily. Miss Hale combs her hair, operates a typewriter, feeds herself and even drives an automobile.

## 3 MEMBERS COURT MARTIAL BOARD RESIGN

### Prejudice Attack Made by Mitchell Upon Board Leaders

WASHINGTON, Oct. 28.—(U. P.)—

The court martial trial of Colonel William Mitchell, critic of the army air service, proceeded today, after the defense had been successful in their effort in having three of the court martial board members removed because of alleged prejudice. At the request of Representative Frank Reid, Democrat of Illinois, Brigadier General Albert J. Bowley, Major General Charles Summerall, the president of the court, and Major General Fred W. Slayden, withdrew. The trial then proceeded with only ten officers on the board.

The charges against Colonel Mitchell are insubordination and actions against discipline in the army. It is believed that the court martial will take at least a week.

## Well Known Local Woman is Dead in San Francisco

Mrs. Katherine Spindler, aged 39, died yesterday morning in a San Francisco hospital, following an operation. It was learned today.

The deceased was born in Nebraska, but came to Ashland 25 years ago, when she was but 14 years of age. She was educated in the local schools, and lived here throughout her life. She was the daughter of Mr. and Mrs. Horace Goble, who resided in Ashland for several years.

Surviving the deceased are her husband, Charles Spindler and two sons and a daughter. Funeral services will be held tomorrow afternoon at 2:30 from the Dodge Funeral chapel.

## FEDERAL CONVICTS MAKE ESCAPE TODAY

TACOMA, Oct. 28.—(U. P.)—

Working under cover of darkness, two McNeil Island convicts escaped at 3 p. m. today, and are believed to have reached the mainland from a rowboat which was stolen. The convicts are Bert McGills, a Portland auto thief, and George Temple of Pocatello, Idaho, a postal forger.

## REDECORATED VINING "THEATRE BEAUTIFUL" OPENED THIS EVENING

### Semi-Egyptian Effect Obtained Throughout Theatre. Beautiful Lighting Effects are Feature of Newly Decorated Show House. Iron Horse Tonight.

With a big crew of men working on the finishing touches, the redecorating work on the Vining Theatre is being rushed to completion, in order that the theatre may be ready for reopening this evening. Charles Weisenborn, in charge of the decorating, declared this morning that his men would have everything in readiness long before the time set for the opening show, while Louis Dodge, of the firm of J. P. Dodge and Sons, stated that he and his men would be finished early this afternoon with the laying of the carpets. Entirely new carpeting is being laid throughout the lower floor of the theatre.

Patrons of the showhouse will hardly recognize the interior of the theatre when they enter it this evening. Although the remodeling work as not been extensive, it, together with the new decorations which have been placed, change the entire appearance of the interior. Combined with the newly arranged lighting effects, the interior looks like an entirely different theatre.

Probably the first change which will strike the eye is the beautiful golden plush silk draperies and drop. The drop is entirely operated by motor, and is automatically controlled, lifted and dropped.

## YEARLY FIRE INSPECTION OF SCHOOLS OVER

### Buildings in Good Shape is Report of Fire Chief Baughman

Fire Chief Clinton Baughman and Superintendent of Schools G. A. Briscoe held their yearly inspection of the city schools this morning, and with the exception of one or two minor recommendations, Baughman reported the buildings to be entirely free from fire hazards.

At the Junior High School, Baughman reported that a draught pipe from the furnace was not properly protected, while at the High School building, the oil gauge on the furnace was not kept in the proper container. When the recommendations that these two matters be corrected are carried out, Baughman declares the schools will be entirely free from hazards.

At the Hawthorne grade school and the High School, it was known that the inspectors were present, and for that reason no fire drills were held. However, at the Junior High School building, the inspectors gave the alarm for the drill, and the pu-

(Continued On Page Four)

The lighting effects throughout have been changed, and the beautiful shades cast a soft glow over the entire interior. Beneath the balcony, the lights are enclosed in wonderful silk shades. The lights here are of three colors, and are automatically controlled by dimmers from the projection room. The lights in the balcony section are used both for direct and indirect lighting effects. For direct lighting, the lights are flame colored, while the lights used for indirect lighting are three colored, enclosed in silk shades, and are also automatically controlled by dimmers from the projection room.

The entire interior has been redecorated, and now presents an Egyptian effect. The attention stonework throughout the interior has been carefully worked over, and presents the most pleasing effect imaginable. New lighting effects have been obtained in the dome, through special wiring. Through the removal of two boxes on each side of the theatre, additional seating capacity has been made possible, and the interior presents a widened appearance.

New projecting machines have been installed in the projection room, together with a specially constructed generator, which will allow for better lighting effects in the picture projection. In addition, all lighting of the interior will be controlled from the projection room.

The foyer of the theatre has been beautifully decorated, the

## AGGIES ARE SET FOR HOME COMING TUSSLE

OREGON AGRICULTURAL  
COLLEGE, Corvallis, Oct. 28.—

Back from their terrific battle with Stanford the Oregon Aggies are now looking into the personal achievements on the football field of Sweet and Kelley, and their team mates on the University of Montana eleven.

Scout Clyde W. Hubbard reported that Montana can be expected to give the Aggies one of the toughest battles of their coast conference schedule. "The Grizzlies started in this fall with an entire eleven of veterans," Hubbard said. "Some of their freshman material had such good ability that Coach Stewart put several of them on the first string, and in the probable starting lineup seen Saturday he has two of these sophomores listed to start, and several mighty good ones in reserve. This material has had the kinks ironed out pretty much by now and when they face us for our Homecoming game Saturday they will be going strong. There are no better backs on any team

than this Kelley and Sweet. "They work together on forward passes in an unusual way. Kelley does the heaving and he always manages to put the ball in Sweet's hands. Sweet, by the way, is remembered as "pretty fast. In track meets last summer he clocked on the hundred in 9:3 and several times in 8:4, which classifies him as one of the fastest humans on earth. Put the streak at large on a football field and he will run Olympic races all over the lot."

Through the results of last Saturday Montana increases in strength materially. The Aggies beat Coosaga 22 to 6, Coosaga and Montana tied 14 to 14 the next week—a revamped Coosaga eleven came back Saturday Gonsaga beat the flanky University of Idaho 13 to 3, and Montana turned in a big win over Montana school of Mines, 27 to 6. Figured any way, two powerful teams playing conventional open football are going to be at their peak when they meet on Ball Field Saturday.
