THE CHRISTIAN'S MISSION:—Preach, saying, The Kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give: Matthew 10: 7, 8.

PRAYER:— "Oh Lord of Heaven and earth and sea, To Thee all praise and glory be; How shall we show our love to Thee Who gavest all so graciously?"

Mr. Ralph Koozer, Manager, Bagley Canning company plant, Ashland, Ore., Friend Ralph:

You fellows are certainly making a wonderful showing in the canning line here this season, and I know all of Ashland is feeling the effects of the effort your company has put forth.

With 150 Ashland people finding employment at your plant through seven months of the year, you are giving Ashland's payroll a big boost. You are helping people to live here who might not otherwise be able to remain with us.

Then, in your canning operations, you make it necessary for more fruit to be handled by the farmers. They need more men to help them, and thus, even more is added to the city's payroll, and more people are kept in Ashland.

It was certainly too bad that you could not obtain enough help to harvest the blackberries in the Applegate country. Although many families needed work, it seems as though they didn't care for that sort of work. And they could have made good wages at it too.

We of Ashland appreciate the work of the cannery, and hope you will prosper even more in years to come.

Sincerely yours, Auntie Ashland.

Mr. Carl Brommer, Manager, Ashland Fruit and Produce Ass'n. Ashland, Ore., Dear Carl:

That is a nice lot of apples you have on display in the store room formerly occupied by Plummer's Grocery. It represents the quality of fruit in the Rogue River Valley and in the Ashland vicinity.

If every community supported National Apple Week in the manner Ashland did, the entire apple crop of the country would have been consumed in a very short time. But they didn't all do it. However, we here did our part, and you helped a lot with your display of splendid fruit.

Yours truly, Auntie Ashland.

All Ashland People, Ashland, Ore., Dear Folks:

Next week will be held the annual Red Cross Roll Call, during which time, "The Greatest Mother in the World" will be around to ask your aid in carrying on her work.

There have been ninety four disasters in the Red Cross fiscal year 1925. In four alone, 24,500 victims needed rehabilitation and the fund administered expended \$3,000,000. Isn't this work in which all Americans wish to share?

Sincerely, Auntie Ashland.

Members Kiwanis Club, Ashland, Ore., Dear Boys:

That was a nice compliment you paid Harry Hurst and Jim McGee at your meeting yesterday, thanking them for the effort they have made to give Ashland the best. And these two boys deserve everything good that can be said about them.

Ashland will support them, for they have shown

they have confidence in Ashland. Sincerely, Auntie Ashland.

All Ashland People, Ashland, Ore., Friends:

On Wednesday, our sister city, Medford, is to hold a gigantic celebration, commemorating the ending of the World War. The places of business in that city will be closed at 11 o'clock, in order that everyone may take part.

We could do no better than journeying the little distance which separates us from that city and helping her put over her celebration. A little Ashland spirit put into the affair wouldn't be a bit amiss.

The American Legion is sponsoring the celebration, and they certainly know their stuff when it comes to that sort of thing. They have proved this time and again.

Then, the Ashland and Medford football teams will be meeting there, offering another inducement for us to visit Medford.

Let's all pitch in, and help Medford, for Medford helps us.

Sincerely, Auntie Ashland.

Never invite a letter-carrier on a hiking trip. A bigot is one who learns nothing new and forgets nothing old.

Good preachers who will work for small salaries are always in big demand. The reason a bride blushes is because everybody can see what a fool choice she made.

Nothing remains to shock the public, which explains why so few new plays are successful. The cost of remodeling a bathroom is always underestimated; also the cost of sending a boy to college.

Hex Heck says: "Nothin' is harder to do than tryin' to be a statesman without the necessary intellect."

An optimist is one who eats chestnuts in the dark. A pessimist is one who has eaten chestnuts in the dark.

The one nice thing about one kind of cheese is you can't tell when it is spoiled. A loafer usually wishes he was doing something else.

Some people are cussing the weather as if they had a right to expect summer this winter. A man seldom turns over a new leaf until he has finished the old one.

THE FORUM

Articles of timely interest are welcomed under this head. Communications must bear the signature of the author.

Ashland, Ore. Nov. 3, 1925 Editor Tidings: Referring to the article in the Forum column of the Tidings of Saturday, October 31: It has been our understanding that the "Root Memorial Fund" was a bequest to the "City of Ashland," from the donors — not to the "State of Oregon," and it looks to us as if, were a building erected on the State Normal grounds out of this fund, it would have to be turned over to the state, as the grounds are now their property.

We have heard it said that "No dormitories made Berkeley," so give the Ashland people a chance, and let them have rooming and boarding houses all over that portion of the town, if they wish.

We, of the older citizenship of Ashland, bore ourselves nobly in not contesting for the old Normal location, but we know now that we were in error. Many of us had heard that "if the new Normal were put on other grounds, we either would not get it at all, or would likely lose it, (as we did before) when an extra appropriation would be asked for in the near future, for dormitories, etc., and still, we took the risk rather than to divide forces, and only about one-third of the voting population appeared at the polls; and we here offer the opinion that it would be safe to any that not more than half of the few who voted on the Normal Bond question were tax-payers; we tax-payers submitted to this rather than take a chance of losing the Normal. By the way, we would like to see that investigated, as to the proportion of tax-payers who voted at that election.

However, we do not believe that the real Ashland citizens, owners of real estate and homes here, will be so passive when it comes to taking on ourselves the running, maintaining, etc., of the State Normal School, or any part of it, as we seem to be advised to do.

At the old grounds, we already had two buildings available for present Dormitory needs. "Distance" was the cry, and chief objection. "Distance" being well, eliminated, which it is by the myriads of motor cars. There never was any argument there. The old grounds, consisting of about twenty acres, or more, could have been procured at a cost of about \$4,000, including the two buildings, while the new grounds cost us about three times that amount.

And while on the subject of expenditure, let us speak of the "Training School" question. May we not carry this experimentation too far? Remember, we are hiring good experienced teachers for our public schools and then we are going to allow our children to be experimented on by perfectly untrained — "educators," we were going to say, but they are anything but that — they are educated at our expense, and at the expense of the future of our children — they are not "educators," in any sense of the word.

Let us hear from others on these subjects. Elisabeth Yeckey.
