ASHLAND TEAM READY FOR GO WITH MEDFORD

Medford is Rated Stronger Than Local Eleven

CHANGES ARE MADE

Hughes Shifts Local Lineup in an Effort to Bolster Defense

With their season's work behind them, and their success or failure no longer depending upon their coach but upon themselves, the Ashland high school football team members this afternoon met the Medford high eleven on the athletic field in Medford.

Throughout the season the Ashlanders have worked for this game. Every other game during the season meant little, if a team could be developed capable of beating Medford, or even of holding that team to a low score.

Early season games showed the local eleven to be woefully weak, with a bunch of inexperienced and light men, fighting hard, but not knowing what it was all about half the time.

However, as the season wore on, each game found the locals playing smarter football. They still lack the beef to fight Medford off in a plunging game, but with three exceptionally fast men in the backfield, Coach Hughes has been pounding speed and more speed into his men, until now they are one of the fastest outfits ever to represent the local school.

From end to end, the Ashland line will not average more than 150 pounds, with the backfield slightly lighter. In every game so far this year, the locals have gone into the game outweighed at least ten pounds to the man, but in every tussle they have displayed plenty of fight.

Coach Hughes has made a few shifts in his lineup which he figures will strengthen the outfit considerably. He has more power in the backfield, and a line even stronger than before.

A capacity crowd is expected at the tussle this afternoon, which starts at 2:30. Medford is out to wipe out the memory of a 53-7 defeat hung on them a few years back, and the whole town will be out to give them its moral support.

1918 :: MEMORIES :: 1925

EGGS ARE ARMS IN WARFARE STAGED HERE

Medford and Ashland Students Stage Battle Before Grid Game

Ancient eggs and aged tomatoes furnished the munitions for a young war which was started on the streets of Ashland last night, shortly after nine o'clock, when the opposing factions of the Ashland and Medford high schools met in a pre-game battle.

Ashland students staged their serpentine and rally early in the evening.

Quake Torn City of Santa Barbara Shows Enterprise

SANTA BARBARA, Cal., Nov. 11—Out of the ruins of quake-torn Santa Barbara will emerge a \$2,500,000 hotel, according to plans announced by the Biltmore hotel interests.

A magnificent hotel is to be erected on Ledbetter point, a high cliff overlooking the sea above Castle Rock. It probably will be the most extravagant of the new structures now being erected as part of the reconstruction program at Santa Barbara.

The building will be designed by J. W. Clark, architect who planned the Biltmore hotel at Los Angeles. The hotel will contain nearly 500 rooms, according to present plans.

Compensation paid to veterans and their dependents since the armistice totals \$754,934,000. The government is paying an average of \$12,500,000 monthly to the former service men who were partially or wholly disabled and to their dependents.

GRANTS PASS CELEBRATES ARMISTICE DAY

Parade, Program and Football Game Featured at Celebration

GRANTS PASS, Nov. 11—People of Grants Pass today celebrate the seventh Armistice Day anniversary, a full program having been outlined by the Grants Pass post of the American Legion, which is actively sponsoring the day.

The parade formed at 9:30 at the court house and proceeded along Sixth to the Oxford hotel, returning along Sixth to the Rivoli where the program was given at 11 o'clock.

The program was opened with the singing of America by the audience. Dr. A. W. Young, pastor of the First Christian church, delivered the invocation. Richard Singleton, commander of the Legion, made a few introductory remarks.

The Washington legislature rested from their formal sessions today although the lawmakers were busy considering the army of 72 bills which were introduced in the house and senate yesterday.

NATION TODAY PAYS HOMAGE TO HERO DEAD

President Coolidge Leads Country by Placing Wreath on Grave

WILSON IS HONORED

Friends and War Veterans Gather at Tomb of War President in Washington

WASHINGTON, Nov. 11—(U. P.)—President Coolidge, today led the government and the nation in the observance of Armistice Day, by placing a floral wreath upon the tomb of the unknown soldier in the Arlington National cemetery.

Throughout the ceremony, an immense throng swarmed through the cemetery, paying homage to the spirit of the American youth, represented by the unknown soldier, buried in the resting place of the hero dead of the country.

The tomb in which rests the body of Woodrow Wilson, America's war president, in the National Episcopal Cathedral here was the scene of a stirring ritual, as a choir sang at intervals, while old friends of the former president, and veterans of the World War placed wreaths upon the sarcophagus, and bowed in tribute to the war president.

SEVEN BURNED IN NEW JERSEY FIRE

EAST ORANGE, N. J., Nov. 11—(U. P.)—Trapped in a bedroom on the third floor of a six family dwelling, Joseph Destefano and his four children perished in the flames early today. The mother, Mrs. Anna Destefano, escaped by leaping from the window. She tossed her fourteen months old daughter, Carmillo, to safety in the arms of neighbors.

Klamath Indians Set New Record For Time in Jail

KLAMATH FALLS, Nov. 11—Billy Huff and Foster Barclay have broken a Klamath record. They have, to date, served longer in the county jail for a liquor violation than any person arrested on that charge in Klamath county.

These two genial Indians of Chiloquin were arrested January 21, 1925 on the charge of possession of intoxicating liquor. They were sentenced the limit allowed by law, by Justice of the Peace R. C. Spink, namely \$500 and six months in jail.

They have served over nine months and a half and will have served their tenth month, November 21. True, they have served out the six-months dose, but having no money, they must serve out the fine at the rate of \$3 a day.

That makes—well, figure it out for yourself.

At all events the sheriff's office says perhaps in four months or so they will be freed.

SPEED SHOWN IN RECOVERY OF CAR

MEDFORD, Nov. 11—Speed in recovering a stolen car was shown yesterday when Chief of Police Adams recovered a 1926 Ford coupe recently stolen in Portland, following the receipt of a notice from that city Monday regarding the theft.

The car was found stored in a local garage. In connection with the recovery, it also developed that it had been stolen by H. Knoles, alias E. W. Roberts, Ralph Holgerston and E. F. Payne.

A PROGRAM FOR PEACE

BY JOHN R. McQUIGG
National Commander, the American Legion

At 11 o'clock in the morning seven years ago today the guns on the western front suddenly became silent. The greatest conflict of the ages was at an end. It seemed that the forces of death, destruction and desolation were exhausted.

The cost in blood and treasure was staggering. The black clouds of war, receding, left behind a torn, dazed and bleeding world, but liberty and justice had triumphed, popular government was rendered more secure and modern civilization was preserved. The victory was worth the price.

America helped to bring about that victory and helped to pay that price. From Flanders to the Vosges thousands of Americans died with no other requiem than the crash of artillery, the chatter of machine guns. Other thousands began a period of pain and suffering that has not yet run its course.

Insofar as in us lies we owe it to those who fell on Flanders Field and elsewhere, fell in a belief that they were fighting a war to end wars, to see to it that their desires and dreams from peace come true.

The American Legion believes that, to a great extent, this can be accomplished by the maintenance of adequate forces for internal and external national defense; the prompt enactment into law of the principal of the universal draft, thereby taking the profit out of war; and the immediate adherence by the United States to a permanent court of international justice.

The American Legion, in the name of the untold suffering and sacrifice of comrades, offers this program for peace in the hope that through it the men and women who fought for peace may give some further service to America and to the world.

COMMANDER McQUIGG

ASHLAND GIRL IS MEMBER OF DEBATE TEAM

Marion Leach Wins Place on University Freshman Team

WON STATE TITLE

Last Year Was Member of Local High School Team Taking State Championship

Miss Marion Leach, last year a member of the high school state championship debating team from the Ashland high school, was recently selected as one of the women to represent the University of Oregon freshman class in debates throughout the season, according to word received here this morning by her mother.

Monday night, tryouts were held in Villard hall at the University, to select six girls to represent the women of the freshman class in the season's debates. The question upon which all the candidates debated was "Resolved, That Congress should be Empowered to Enact a Uniform Marriage and Divorce Law."

In the tryouts, each girl was pitted against an opponent, and the six best debaters selected, without reference to which side of the debate was taken.

Miss Leach was one of the girls given the negative of the question, and she easily defeated her opponent, placing high in the list of candidates for individual honors. In addition to Miss Leach, the girls selected at the tryouts were: Irene Harsell, Essie Hendrickson, Maxine Pearce, Uetle Mae Smith and Pauline Winchell.

During the debate, five minutes of constructive argument and three of rebuttal constituted the tryouts.

Last year, teamed with Bernard Joy, Miss Leach formed the Ashland high school state championship debating team. Joy and Miss Leach easily won the championship of Southern and Western Oregon, and were awarded a two to one verdict in the championship finals.

John Galey, Ashland youth, was recently selected as a member of the men's freshman debating team.

HUNTLEY GOES ON TRIAL FOR MURDER COUNT

B. H. Smith of Ashland Juror Selected. Case Not Being Heard Today

Hearing of testimony in the trial of Hyman Huntley, 58, charged with first degree murder, began in the circuit court Monday afternoon after Bert H. Smith of Ashland had been selected to fill the vacancy caused by the illness of A. R. Brown of Ashland. Huntley is accused of mortally stabbing his brother-in-law, Jesse James Gibbs, 28, in a quarrel on the night of September 2 over the alleged attention paid by Gibbs to Mrs. Huntley.

It is assumed from the questions asked jurors that the defense will plead self defense.

Up to noon yesterday four witnesses had been called by the state. They were City Policeman Joe Cave, Leggett and Sundermann of Medford and Sheriff Jennings. The officers testified to the surrender of Huntley following the fatal fray, and conditions at the Huntley home following the tragedy, when they went to investigate.

Other witnesses who took the stand yesterday for the state were Coroner Conger, who took charge of the body after the fight and conducted the inquest, and physicians called by neighbors and the police to aid Gibbs.

The courtroom at the morning session was packed, including a number from Douglas and Coos counties, friends of the defendant and Gibbs.

There will be no hearing of the case today on account of Armistice day. The state is expected to close its case by Friday. Twenty-five witnesses have been called by the defense.

MITCHELL CORRECT IN TRIAL DEMAND

WASHINGTON, Nov. 11—(U. P.)—A clear cut ruling, sustaining Colonel William Mitchell in his asserted right of opportunity to prove the truth of his charges against the War and Navy Departments as his defense, was handed down by the jury of generals at his court martial here today.

Path of Progress Removes Famous Sierra Landmark

FRESNO, Cal., Nov. 11—A landmark of the Sierras, familiar to thousands of travelers, is about to be obliterated in the path of modern day progress.

The old postoffice at Shaver Lake, housed in a picturesque, rustic building, has been ordered abandoned, and the present site will be buried many feet beneath the surface of a storage lake.

The move comes as a result of the Southern California Edison company's power project.

HINDENBURG ONLY LIVING WAR ARMY LEADER ACTIVE

LONDON, Nov. 11—(U. P.)—Seven years ago today was the supreme moment in the lives of the leaders of the warring nations. It was the climax of history's greatest drama.

Today they have retired to the wings. Their crowded hour in the spotlight is over. They are again more or less ordinary humans.

In each country correspondents of the United Press have sought out and recorded what has happened to these historical figures since the spotlight shifted from them.

Ferdinand Foch, once the commander of the greatest army the world ever saw, is trying to adapt himself to civilian life. He appears in uniform only on state occasions. Most of his days are spent at the Ecole Militaire attending to his duties as chief of the Versailles Military Commission and many of his evenings are spent playing chess with several cronies in an obscure cafe on the Left Bank.

Wilhelm Hohenzollern, once emperor of one of the world's greatest empires, continues to chop wood and read books in an effort to while away the tedium of banishment in a dull Dutch village. Today reduced to circumstances which measured by a royal scale, amount to poverty, Wilhelm is fighting with excellent chances of success to regain Hohenzollern proper.

ties in Prussia, whose recovery would make him one of the world's richest men.

David Lloyd-George is writing articles for newspapers and planning a great "back-to-the-land" campaign designed to make England self-supporting. It is now no secret that the "Welsh Wizard" aspires to be again Premier and his Land Campaign is a part of his plan to become again leader of the British Empire.

George Clemenceau, called by France "the Father of Victory," is living a life almost as retired as that of the ex-Kaiser, and even more modest. In summer he lives in a fisherman's hut on the Venée coast, in winter in a dark stuffy flat in Rue Franklin in Paris. He is writing a monumental philosophical work and cultivating flowers and tomatoes. His household consists of only a valet, chauffeur and an aged Venéan cook.

Von Hindenburg has emerged as the luckiest loser of war. Torn from his high pedestal in 1918, he has now been restored to even greater eminence as President of Germany. Hindenburg devotes most of his leisure to hunting and spends long evenings "yarning" with old friends.

Joffre devotes most of his time cultivating a flower garden at his new home at London.

MANY VETERANS OF WAR ARE STILL IN HOSPITALS

By JOSEPH S. WASNEY
(United Press Staff Correspondent)

WASHINGTON, Nov. 11—(U. P.)—The world war ended seven years ago but to 26,430 veterans in American hospitals the war still continues a battle for life.

A few of the former service men in the 51 Veterans Bureau Hospitals will be discharged today as cured. That event to them is a real armistice with fate. Others are winning their long fight for health, but many maimed, shell-shocked, and diseased—will spend the remainder of their days being cared for by the government.

TO OPEN BIDS LOCAL NORMAL ON THURSDAY

Regents Gather at Salem Tomorrow to Hear Bids on Structure

SALEM, Ore., Nov. 11—Bids for the construction of the new Southern Oregon Normal school at Ashland will be opened at a meeting of the board of regents in Salem on Thursday of this week. It is thought the building will be completed by January 1, 1927. The cost will be about \$175,000, appropriated by the 1925 legislature.

WASHINGTON SOLONS REST OVER TODAY

OLYMPIA, Nov. 11—(U. P.)—The Washington legislature rested from their formal sessions today although the lawmakers were busy considering the army of 72 bills which were introduced in the house and senate yesterday.
