REPORT MADE ON PROFANITY TO SEC. DAVIS

General Howze Obeys Regulation by Reporting Statement to Davis

RECORDS CUT OUT

Remarks of Gen. King Expunged From Records on Motion of Defense Attorney

WASHINGTON, Dec. 1.—(U. P.)—Brigadier General Edwin L. King's characterization of the cross examination of prosecution witnesses by Attorney Reid, attorney for Colonel William Mitchell, in the latter's court martial, as "damn rot" has been reported to Secretary of War Davis, it was learned here this morning.

Major General R. J. Howze, president of the court, of which King is a member, announced this morning that he had carried out the regulation, which required such a report to be made to the Secretary of War on the use of any improper language by members of a court martial.

The Mitchell court martial yesterday expunged from its records all mention of the episode of Friday when remarks by King brought vigorous objections from counsel for Colonel Mitchell. Representative Reid, Illinois, chief defense counsel, asked that the record be amended to obliterate passage. General King, Reid indicated at the time, had remarked that certain phases of the examination of a witness were "damned rot." King apologized at the time.

LOVELAND TO PLAY IN SEATTLE BAND

Carl Loveland, well known local musician, left this morning for Seattle, where for three weeks, he will play in the orchestra in the new Warner's million dollar Egyptian theatre.

While Loveland is in the north, his studio will be kept open by Kenneth Hobson who will care for Loveland's pupils. Orchestra and band work in which Loveland has been very active, will be continued by temporary leaders until his return.

EUGENE BURGLARS ARE PEN ESCAPES

EUGENE, Dec. 1.—(U. P.)—Charles Akers and Frank Thomas arrested while robbing a sporting goods store a few days ago have been identified as the convicts who escaped from the Walla Walla penitentiary on November 8.

EVANGELIST MYERS GIVES PRAISE OF TIDINGS WORK

(Contributed)
Last night witnessed a large crowd for a Monday night audience, at the Christian church. Mr. Myers declared that the greatest man in Ashland was the man of greatest faith. He showed that faith was not something to get but something which man has already. The question is where will you place your faith. The plea of the Bible is that we shall place our faith in God. He showed that faith in anything must ever rest upon the evidence that supports that thing or fact. He showed that the facts concerning the Resurrection of Jesus are the best proven facts of all history. He showed that civilization depends for its future upon the faith of the peoples of the world in God and in each other. The safety of the home; the community, the state and nation depends upon the faith that people have. He then showed from numerous quotations of scripture that "Faith comes by hearing and hearing by the Word of God."

Whiskered Man Fails to Get Wife in U. S.

NEW YORK, Dec. 1.—Whiskers are no assistance in the selection of an American wife. Nand Singh, Hindu professor of business administration at the Jesuit college of Milwaukee for the last six years, admitted yesterday before sailing for his native land that this was the reason he had not married an American girl. "Many American girls liked my eyes. Some liked my smile. Some spoke well of my voice. But my whiskers were my undoing," Singh said. "No American girl admired my whiskers and my Indian caste would not permit their removal. For that reason I never married here."

BURGLARS GAIN ENTRANCE TO MCGEE'S STORE

Frightened Away by Return of Owner. Obtain Coat For Efforts

Burglars last night were thwarted in their attempt to rob the McGee's Ladies Furnishing store here, obtaining only one coat for their efforts. After a thorough check of his stock, Mr. McGee this morning reported to the police that the coat was the only article missing, although several other articles had been moved about by the burglars. Entrance to the store was obtained by breaking open the back door of the establishment. The robbery, according to the police, occurred about 9:30 last night. At that time, Mr. McGee returned to his store to turn out the show window lights. He noticed the rear door of the building open, and at once called the police.

Chief of Police McNabb and Patrolman Ingling were in Medford, attending the banquet of the Jackson county officers association, and Special Police Glenn Simpson, Night Patrolman C. W. Clause and Fire Chief Clint Baughman investigated the affair. They were unable to pick up any clues, and after barring the door, left. This morning an investigation disclosed the fact that but

Bandit Gang Terrorizes Town

The town of Cassopolis, Mich., was under the sway of four bandits for three hours while the criminals made a desperate but futile attempt to blow the safe in the First National Bank. Driving every one off the streets with shots, they set off six charges in the bank, but finally fled without getting anything except \$400 in postage stamps. Above shows how the windows of the bank were wrecked by the explosion; below, how the interior suffered.

PROTECT GAME IS PLEA MADE BY AVERILL

State Game Warden Speaks at Chamber of Commerce Luncheon

A plea for the protection of game, one of the big resources of the state, was made at the forum luncheon of the chamber of commerce today by E. F. Averill, state game warden, who was principal speaker at the meeting. "We used to think it was smart to get ahead of the game warden, but it wasn't. It was just cheating," Averill said, in summing up his talk. Oregon game killed each year, is worth \$4,000,000 as food alone, Averill stated, in pointing out the magnitude of the fish and game resources in this state. E. D. Briggs, well known local attorney, who recently returned from a visit to California was another speaker at the

MURPHY FIGHTS TESTIMONY IN MURDER TRIAL

Physicians Called on Stand by State to Give Cause of Death

The trial of Omar W. Murphy, charged with manslaughter, as the result of an alleged beating administered to his wife, Ella, last March, was resumed in the circuit court yesterday morning, after a three days recess, and the entire morning session was devoted to the defense cross-examination of physicians called by the state, with the exception of Sister Mary of Sacred Heart hospital, who testified to the last moments of the dead woman. Drs. Geary and Clancy of Medford, and Dr. Woods of Ashland were the other state witnesses under cross-examination. The state theory, that death was caused by an embolism, in lay terms, a blood clot, was

WASTE ELIMINATION AIDS PROSPERITY OF NATION SAYS HOOVER

Secretary of Commerce, in Annual Report Declares Department Has Aided America in Eliminating Waste in Business. Conditions Better Than Ever, Report Indicates.

WASHINGTON, Dec. 1.—(U. P.)—Progress the United States has made during the past five years in the elimination of industrial waste on a national scale has brought about "one of the most astonishing transformations in economic history," according to Secretary Hoover, whose annual report, made public today, surveys American industry in support of this contention.

What the country as a whole has accomplished during the past five years in increased national efficiency in this direction is impossible of measurement," says Secretary Hoover. "Nor does the Department of Commerce lay claim to credit for the great progress that has been made save as we may have helped to organize a definite public movement. That movement is the result of a realization by every group—business men, industrial leaders, engineers, and workers—of the fundamental importance of this business of waste elimination.

"In addition to elimination of waste we have had the benefit of notable advances in science, improvement in methods of management, and prohibition. Thanks to elimination of waste and these other contributing factors, we can as a nation show one of the most astonishing transformations in economic history."

The Secretary then calls attention to figures from the Department of Labor indicating that whereas in 1920 the wage rate was 99 per cent above pre-war and the wholesale price level 126 per cent above pre-war, in 1924 the wage rate had risen to 128 per cent above pre-war, while the wholesale price level had dropped to 50 per cent above pre-war.

LITHIA SPRINGS GARAGE TO BE OPENED SOON

Joe Harrell, Formerly of Medford, in Charge of New Business

Ashland will welcome a new addition to her many progressive business establishments tomorrow when the Lithia Springs garage opens its doors to the public. This new garage, located in the very heart of Ashland, one half block south of the Lithia Springs hotel, will be one of the finest of its kind in Southern Oregon, according to Joe Harrell, who will manage the new establishment. The beautiful new building, which will house the Lithia Springs garage, was constructed by A. L. Lamb of this city and will provide 24,000 feet of floor space for storage and repairing work. It is strictly modern and fireproof and is steam heated, having one of the best heating plants to be found in any storage garage in Oregon.

Joe Harrell, who was formerly associated with the Medford Valcanizing Works at Medford, will have complete charge of the

Former Resident of City Renews Old Acquaintances

Lincoln C. Countryman, accompanied by his wife and the latter's mother, all from Bellingham, Wash., have been Ashland visitors for a few days leaving this morning for Southern California where they expect to spend the winter months. Mr. Countryman, who has prospered during a long period of business activity at Bellingham, spent a number of his early boyhood years in Ashland and attended the public schools and old academy here forty years ago. He greatly enjoyed during his visit here the second one since he left in 1886 renewing the acquaintance of some of his boyhood friends and companions.

Messenger

Mrs. George W. Steele, wife of the commander of the Lakehurst, N. J., naval air station, is in the center of the public attention in Washington now. Mrs. Zachary Lansdowne, widow of the Sheandoah's commander, said it was Mrs. Steele who brought her the letter in which she charges Captain Paul Foley sought to get her to change her testimony.

MEDFORD MAN HONORED FOR SAVING LIFE

Howard Dyan to be Awarded Insull Medal This Evening

MEDFORD, Dec. 1.—Howard Dyan of this city has been awarded the Insull medal for saving the life of a fellow employee of the California Oregon Power company by resuscitation following an electric shock. John B. Fisk, chairman of the accident prevention committee of the Northwest Electric Light association, is making a special trip from Spokane to Medford for the purpose of presenting this medal to Mr. Dyan. The presentation will take place at a big meeting of the Copeo Forum, which will be held in the assembly room of the Copeo building tonight. It is felt that this signal honor which has been bestowed upon a Medford resident is worthy of more than ordinary interest, this being the first Insull medal to be awarded in the state of Oregon, if not in the entire northwest.

The Insull medal was established in 1923 by Samuel Insull, president of the Commonwealth Edison company of Chicago, and is awarded with an appropriate certificate to employees of electric utilities who are instrumental in saving life by means of the prone pressure method of resuscitation.

LOCARNO PACT IS SIGNED BY FIVE NATIONS

England, France, Germany, Italy and Belgium Sign Peace Pact

PEACE IS ASSURED

Germany, France and Belgium Agree to Keep Borders of Countries Inviolable

BY SIDNEY J. WILLIAMS
United Press Staff Correspondent
LONDON, Dec. 1.—(U. P.)—Europe—the breeding ground of the world's worst wars—today for the first time in its history was given the order to stack arms. Representatives of France, Germany, Italy, Great Britain and Belgium today signed the Locarno Pact, guaranteeing the sanctity of the blood drenched frontier between France and Germany along which the armies of Europe have clashed for 20 centuries. By the terms of the treaty Germany, France and Belgium have agreed to submit disputes to the council of the League of Nations when Italy and Great Britain have agreed to fly to the defense of either side of the frontier actually threatened by an invading army.

In the eyes of the statesmen of Europe the signing of the Pact looms in importance far above its actual terms. They see in its psychological effect upon the people of Europe the effective lifting of the cloud of suspicion which has persisted since the great war and the advancement of the peaceful efforts of the League, of disarmament, and of the general cause of arbitration.

The terms of the Pact strike directly at the heart of the causes which bred the last war and which many have feared were foreshadowing another greater war to come.

The leading nations of Europe have definitely promised to cease aggression. Frenchmen and Germans have no longer cause to fear the artificial border which separates them.

The inviolability of Germany's present western frontier is guaranteed. France, Belgium and Germany are bound not to attack each other. Britain and Italy have agreed to intervene against any aggressor, no matter whom. Germany, Belgium and France have undertaken to try to settle peacefully all questions arising between them. This means that where the dispute has become too involved it shall be submitted to the council of the league of nations for decision. The contracting parties have undertaken to act in accordance with the council's decision.

The Pact will come into force as soon as Germany becomes a full-fledged member of the League of Nations. With no obstacles standing in the way this is expected to occur about the middle

TWO NEW PIONEER CLUBS FORMED FOR LOCAL BOYS

The Ashland Y. M. C. A. boys city is getting under way in fine style for the year. Two Pioneer clubs under the leadership of J. W. Mills, Jr., and Ted Yerlan in the Methodist and Christian churches have been started the past month. Mr. Mills club will enroll about 20 members and Mr. Yerlan's club about 15 members. The boys are very enthusiastic about the work and have great things under their bonnets that they wish to accomplish during the year. The local Y. M. C. A. organization fosters the organization of boys clubs in churches and schools throughout the city with the Pioneer Chautauqua Hall as headquarters for the meetings of clubs. Here there are meeting at the present 115 boys of the
