MOM AND POP

All Did Their Bit to Make Christmas Merry

EVERYBODY in Brompton knew that it was all the Hammonds who do to make ends meet. A big family and a small income is not a combination to make easy living. Yet at Christmas time the Hammond family managed to have all the good things that go with the day and to be able to purchase the gifts of love that mean so much. It was all due to the plan that Mrs. Hammond had worked out when the children were small. Several weeks before Christmas a contribution box was placed in the Hammond dining room; across it was written in big letters of red and green: "Do your bit to make Christmas merry," and each member of the family was supposed to contribute something, be it ever so little. And it was surprising, just as soon as the box was put up each year, how many wonderful ways cropped out for earning extra nickels and dimes. Even little Tim, in spite of being only five, contributed his mite to the cheer fund. And the fun the family had in trying to fill the box—why, it was nearly as good as Christmas itself! Each evening it was held up and weighed by the smaller children and they always agreed that it was getting so "awful" heavy; when it was opened just before Christmas there was always a shout of surprise and joy, and they declared that it contained much more than they had thought it would. And now they were spending the money that was made up of so much sacrifice, such planning and scheming as there was to get the most out of it. And when Christmas morning dawned there was no happier family in all Brompton—the Christ-
mas family fund had brought them many good things—Katherine Edelman.

HONORED COLORS

WE ARE the colors red and green. How we are honored! How could Christmas be Christmas without green and without red to help in the gay decorations! Long ago we two colors were given this honor. How gay and pleased it makes us. It makes green so vivid and bright with delight. It makes red so glowing and resplendent with enjoyment. We are glad no other colors were chosen!—Mary Graham Bonner.

Algernon Noseup—the Bundle That Cured Him

IT WASN'T his real name, but people thought he deserved it. Like a top, he carried a swelled head upon a small foundation. His nose protruded so high and plentifully. His idea of getting up was that of putting others down. Algernon despised Christmas. He even felt ready to snub Santa Claus. This snob had a special snub for anybody who believed in Christmas cheer and generous happiness. He was an ardent member of the Society for the Prevention of Useless Giving. Indeed, he was the chairman of the branch of it that infested his town without bearing a gift. There may have been a streak of fat in his character, but there surely was a streak of mean. He had a bundle that cured him. As he stalked to his door with his eyes on the church steeple he fell over it, and as he opened it the Christmas Day and found that a number of his neighbors had conspired to warm his heart with tokens of kind consideration, he felt so strangely humbled and ashamed of himself that he was never after-
ward able to look down upon anybody.—Christopher G. Hazard.

New Lamp Burns 94 Per Cent Air

Beats Electric or Gas
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil). The inventor, V. M. Johnson, 161 North Union Ave., Portland, Oregon, is offering to send a lamp on 10 days' FREE trial, or even to give FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.
Eat at Martha's dining room. Vendome Hotel. Open 6:00 a. m., to 9:00 p. m. 81-1f
