First National Has Prosperous year

(Continued from Page One)

Vaupl, G. W. Dunn, E. D. Briggs, W. H. McNair, J. W. McCoy, F. D. Wagner, O. Winter and T. H. Simpson.
Following the annual meeting of the shareholders and the directors organized, and proceeded to the election of officers for the coming year. The results of the election and appointment are: E. V. Carter, president; C. H. Vaupel, vice president; J. W. McCoy, cashier; G. H. Wenner, assistant cashier; C. E. Hedberg, assistant cashier; Frank Hamilton, Miss Lucile Gilmore and Mrs. Belle Gillings.

Commenting on general conditions in this section the Cashier McCoy said, "Activity in real estate and building can be safely forecast for this year. Many valuable properties are changing hands, and at increased prices. Rents are stiffening and are reaching a point where owners will be enabled to realize a fair profit on such investments. "Farming conditions are very much improved though in some lines, are still far from satisfactory. New irrigation projects have taken care of available acreage and we can now look forward to an increase in tonnage which will, to a certain degree offset the moderate prices prevailing.

"Altogether, we have reason to congratulate ourselves that the districts adjacent to Ashland is in far better condition than many sections of the country, and prospects are excellent for still further development in both agricultural and manufacturing lines."

NEW GOLF COURSE SAID TO HAVE GREAT POSSIBILITIES

(Continued from page One)

all the west. "Tournament play is possible only on an eighteen hole course and it is intended that this shall be one suitable for tournament play.
There is an unfinished building on the premises which will be available for a club house with comparatively little outlay, those in charge say. The tentative plans for its remodeling are nearly completed. As designed, the main floor will afford an office, men's locker and showers, a general lounge 16 by 45 feet with a connecting sun parlor 14 by 18 feet. The upper floor will contain a large and comfortable ladies' lounge, dressing and locker rooms and shower. The kitchen will be located beneath the sun parlor. It is the intention of the owners to provide equipment for serving meals, tennis courts and a putting green will be features of the club. A day nursery to care for the kiddies will be arranged as soon as the need for it is felt.
It is the intention of the owners to establish a course which will, in time, be second to none on the coast and which will augment Ashland's fame among the devotees of the sport.
