DIE HARDS ARE STILL FIGHTING WORLD COURT

Moses Reservation Taken as Last Chance in Fight

WOULD BAR ALL WAR LEAGUE RATINGS

WASHINGTON, Jan. 27.—(U. P.)—The Senate irreconcilables staged their last stand against the World Court resolution in the Senate today, rallying around the Moses reservation, which prevented any judgments of the Courts from being "enforced by war, under any name or in any form whatsoever."

Senator Moses, Republican of New Hampshire, demanded the adoption of the reservation to make the court a real instrument of peace and to prevent war.

The reservation was assailed by Senator Leavitt, acting floor leader, who warned that its adoption would prevent this country from entering the court.

CHAPLINS EXPECTING THEIR SECOND HEIR

By LINCOLN QUARBERT (Copyrighted)

HOLLYWOOD, Jan. 27.—(U. P.)—A second heir is soon to arrive at the House of Chaplin. Lita Grey, 17 year old wife of Charlie Chaplin, world famous screen comedian, expects a second visit from the stork in the spring, it was learned today. The impending event was confirmed by the expectant mother. "Charlie and I are both very happy," she told the United Press. "We expect the baby about the latter part of April. We both hope it will be a girl," she said.

BELVIEW CLUB IS TO GIVE CHICKEN DINNER

A chicken dinner, with all the "fixins," to be followed by a jitney dance, will be given at the Ashland Ladies Civic Club house tomorrow evening by the Belview Community club. The dinner is a benefit for the building fund being raised by the club, according to Mrs. Mary Homes Tucker, head of the committee in charge of the affair. Dinner will be served from 6 to 8 p. m. Dancing will follow immediately afterward, and will continue until 12.

HOHENZOLLERNS HAVE GIVEN UP ALL DREAMS OF MONARCHY

DORN, Holland, Jan. 27.—(U. P.)—Former Kaiser Wilhelm celebrated his sixty-seventh birthday today, without the expected presence of his son, ex-Crown Prince Wilhelm. This fact gave rise to the report that the Dutch government, at the last moment prevented the latter from returning to Holland.

By FREDERICK KUH (United Press Staff Correspondent)

BERLIN, Jan. 27.—(U. P.)—Members of the Hohenzollern family, after passing seven years as unemployed "Highnesses," have at last adapted themselves to the life of ordinary German citizens.

Only the head of the house, Wilhelm II, seems still to cherish the pomp of purple days and, in his Dorn refuge, inwardly hopes for the hour when he may put aside his wood-chopping axe and again grasp

Pasadena Soon to Have Million Dollar City Hall

PASADENA, Jan. 27.—(U. P.)—Contracts have been awarded for Pasadena's new million-dollar city hall, and construction is to begin soon. A tower on the structure will rise 250 feet above the pavement, making it the tallest edifice in the city. The main building will be of three stories.

EUGENE HIGH TOSSERS PLAY LOCAL FIVE

Ashland High Team Filled With Confidence After Trip

With much very valuable experience added to their game, the Ashland High school basketball team returned home last night from their barnstorming tour which took them as far north as Salem, and today they started preparations for entertaining the Eugene high five tomorrow evening.

Coach Walt Hughes feels that the northern trip was a success in every way. Taking a bunch of green players, with only Marske of last year's quintet as an experienced man, he took on two of the toughest high school fives in the north. In both games, he declares, his charges played like champions, and were only nosed out by the narrowest of margins. Albany and Salem are two of the strongest teams in the Willamette Valley, and for an inexperienced team to hold them to close scores, Hughes considers remarkable.

The game with Eugene, which will be staged in the Armory tomorrow night, should be a torrid session. Filled with confidence after their good showing up north, the boys are ready to take the University town boys into camp.

A good preliminary will be staged before the main event. The preliminary will get under way about 7.30 p. m.

THE WEATHER

Oregon and Washington—Increased cloudiness. Rain in the west portion and rain and snow in the east portion tonight or Thursday. Southeast gales along the coast.

Durkin's Wife Meets Betty, "The Other Woman"

Here is the first photograph of Irma Sullivan Durkin, 18-year-old bride of Martin Durkin, Chicago gunman. She is at the right, and the picture was taken after she reached Chicago and learned, not only that Durkin was a murderer, but that he had another sweetheart. The "other sweetheart," Betty Werner, who once helped Durkin escape imprisonment in California but who now threatens to tell police all she knows about him in reprisal for his marriage to Irma, is at the left. When she and Durkin met, after his arrest, Durkin asked her: "So they've made you bitter against me, have they?" She answered, "You did it yourself," and turned away. Inset is a picture of Durkin taken at the Chicago district attorney's office.

TRIP TO PARIS IS PLANNED BY LOCAL LEGION

"Kitty" to be Subscribed to Pay Expenses of Delegate

A trip de luxe to the American Legion convention in Paris, France, in 1927 will be the reward to some member of Ashland Post No. 14, of the American Legion, according to plans discussed and accepted at the regular meeting of the post last night, with Commander John Enders presiding.

Recognizing that it is the ambition of every ex-service man to be among the thousands who will journey to Paris in 1927 when Legionnaires from all parts of the world will gather in the French capital for the big convention, members of the local post are working out a system whereby a huge "kitty" will be created within the next 19 months to defray the expenses of the lucky person.

Andy McGee and Dr. C. E. Shinn, members of Ashland post, recently figured that if an assessment of approximately 25c a month was collected from each member of the local post up to the time of the convention in 1927, a fund of approximately \$500 would be created, which it is estimated would pay the expenses of the local delegate. It is probable that a special steamer will be chartered by Pacific Coast delegates, which will give the delegates a trip through the Panama Canal.

Barnard Joy, who was a guest of the association, delivered the essay with which he won the championship of the state. The bankers were loud in their praise of Mr. Joy. The bankers from Ashland who attended the meeting were: V. O. N. Smith, W. M. Foley, J. W. McCoy, E. D. Briggs, Charles Robertson, S. A. Peters, Jr., F. S. Engle, Gerald Werner, C. H. Yausel, and Barnard Joy, as the guest of the association.

Now to Get a Dumbbell in Shape of a Carrot

SAN JOSE, Cal., Jan. 27.—(U. P.)—A carrot in the shape of a dumbbell is the latest agricultural freak shown here. The vegetable was grown by Mrs. Z. O. Field. The tiny rootlet penetrated an eight-inch aperture in an overall buckle, and in maturing bulged on either side.

JOY IS GUEST OF BANKERS ASSOCIATION

Forty Five Members Attend Gathering At Medford

Forty-five members, the largest attendance for some time, were present at the meeting of the Jackson-Josephine County Bankers association at the Medford hotel in Medford last evening. During the banquet Mr. Howell, county agent of Josephine county gave a very interesting talk on broccoli and the poultry situation in Josephine and Jackson counties. W. H. Gora of Medford told of the situation relative to lands withdrawn by the government from taxation in the two counties, which was very interesting.

Barnard Joy, who was a guest of the association, delivered the essay with which he won the championship of the state. The bankers were loud in their praise of Mr. Joy. The bankers from Ashland who attended the meeting were: V. O. N. Smith, W. M. Foley, J. W. McCoy, E. D. Briggs, Charles Robertson, S. A. Peters, Jr., F. S. Engle, Gerald Werner, C. H. Yausel, and Barnard Joy, as the guest of the association.

BILL MITCHELL QUILTS ARMY WILL LECTURE

Officer, Suspended For His Outbursts, Hands in Resignation

WASHINGTON, Jan. 27.—(U. P.)—Colonel William Mitchell, stormy petrel of the army air service, who was suspended from active service for five years because of his criticism of the actions of high army officials in conducting the air service, today submitted his resignation from the army, to be effective on February 1.

The resignation was sent to the Adjutant General of the army, through the office of General Roekenbach, commander of the District of Washington. This action by Mitchell brings to an end his career of 23 years in the army. Mitchell has signed up with a chaunauqua circuit for a nation wide speaking tour, to start about the middle of February. He has a contract also to write syndicated articles on aviation. He also plans a big game hunting trip to Africa with his wife.

PACKED HOUSE GREETED AS NO MAN HAS LOVED

Before a packed house, the first showing of the wonderful picture, "As No Man Has Loved" was given at the Vining Theatre last night.

The show is based upon Edward Everett Hale's story, "A Man Without A Country." Legion Auxiliary members are selling tickets for the show, receiving a per centage of the receipts of the tickets they sell. The wonderful picture, and it is truly wonderful, will continue this evening and tomorrow.

ITALY SIGNS UP DEBT PAYMENT WITH BULL

LONDON, Jan. 27.—(U. P.)—The debt agreement between Italy and Great Britain, covering Italy's annuities will be \$21,250,000 according to reliable information.

ADVICE ON GROWTH OF GARDENS GIVEN BY PROF. BOUQUET

Close Watch Must be Kept on Truck Garden to Prevent Infestation of Pests. Valuable Pointers on Growing of Small Vegetable Crops Given by O. A. C. Professor.

Do not wait until the day before you intend to plant your garden to select and purchase your seed and expect to have a maximum producing garden, Professor A. C. Bouquet, of the Oregon Agricultural College emphasized in his address to the farmers and fruitgrowers on the subject of "Garden Truck Crops," Tuesday afternoon.

Professor Bouquet is professor of garden and truck crops and is recognized as one of the highest authorities in the West on these subjects. He said the garden, whether for commercial or home purposes, should be carefully planned beforehand and in the case of commercial gardening the question of marketing the crops should be investigated carefully.

He stated that cheap seed was expensive and that gardeners should not blame the seed when they do not raise good produce. The farmer should not relegate his garden work to the last minute, but should handle this as carefully as any other farm work.

He recommended extensive tests in this district as to the best kinds of tomatoes to grow. Lettuce, an easy produce to grow, would thrive in this climate, he stated, and said more of it should be grown.

COUNCIL WILL HOLD MEETING THIS EVENING

Fire Committee May Meet to Probe Needs of Department

A special meeting of the city council will be held this evening in the city hall, according to Mayor O. H. Johnson, who indicated this morning that he will call such a meeting. Several matters of important business will be brought up at the session.

It is believed that following the regular council session, the entire council, which several months ago was appointed a committee to investigate the needs of the fire department, will hold its first session.

About two months ago, Fire Chief Baughman requested the purchase of \$18,000 worth of new equipment, in order that the department might be able to give adequate protection to the city. No action was taken on the requisition at that time, since it will require a bond issue to finance the purchases, but the council was appointed as committee as a whole to investigate the needs. This will be the first meeting of such a committee.

Two Crews in Danger as Ships Founder in Heavy Storms

NEW YORK, Jan. 27.—Undaunted by previous failures, the crews of two trans-Atlantic liners persisted today in their efforts to rescue some sixty men from the disabled British freighter Laristan and Antioch, disabled in storms.

Already two lives have been given in the work of mercy, while six have been saved. The liner President Roosevelt is standing by the Antioch, and the liner Bremen, which has saved six men from the Laristan, continued today to carry on their efforts to save the rest of the crew.

ASHLAND HAS BALANCE OF \$62,547.27

Report of City Treasurer Indicates City Finances

MADE \$3,845 INTEREST

On December 31, 1925, the city had a total fund balance of \$62,547.27, according to the report of City Treasurer G. G. Eubanks, which will be presented to the council at a special meeting of that body, to be held this evening.

Eubanks summarized his report, showing that the city had \$11,953.52 cash in banks. Of this total, \$7,529.24 was on deposit in the First National Bank, \$3,764.82 in the Citizens Bank of Ashland and \$649.66 in the State Bank of Ashland. A total of \$40,000.00 is held in U. S. Treasury 4 3/4 per cent notes, series B-1927. This is a very desirable treasury note, according to Eubanks. In addition, \$10,593.75 in City of Ashland 6 per cent, special obligation notes are held by the city.

In addition, the electric light depreciation fund owns \$9,457.32 in City of Ashland Improvement 8 per cent bonds. The bonds were purchased by the electric light depreciation fund, in order that the interest might go into that fund. A total of \$3,845.16 in interest was received by the various funds during the year, the report shows. Of this, \$229.28 was for the benefit of the electric light depreciation fund; \$50.29 for the benefit of the park fund; \$49.76 for the benefit of the library fund; \$82.50 for the benefit of the interest and bonds fund; \$86.61 for the benefit of the water fund and \$3397.02 for the benefit of the general fund.

POLAR FLIGHT CREW MAKES PREPARATION

NENANA, Alaska, Jan. 27.—(U. P.)—The vanguard of Wilkins polar flight party was here today, testing their motor sleds, preparatory to the 700 mile overland journey to Point Barrow, the base of the latest attempt to cross the earth's roof by air.

POOR MARKETING, IS FARMERS 'BLACK NAG' ESSAYST SAYS

The essay which follows in abbreviated form was the prize winner in the state marketing essay contest conducted recently under the joint auspices of the Portland Chamber of Commerce, the Oregon Agricultural college extension division and the Oregon State Bankers' association.

By BARNARD JOY
 Ashland High School Representative. Winner of First Place in the High School Division.

When at the state fair this fall, I heard some queer music as I was looking through the educational building. Around in a back corner of the Oregon Agricultural college exhibit I found a toy merry-go-round with a music box inside. The horses, which were of various colors, each had a name. There was "Long Chore Route," "No Crop Rotation," "Poor Field Arrangement" and a number of others whose names I do not remember, but because I had read the lessons on marketing, sent out by the state club leader, I was especially interested in the horse named "Poor Marketing."

The horses were all working their legs vigorously, giving one the impression of rapid motion. The merry-go-round was moving very slowly. The point of this interesting exhibit was given in a sign above the merry-go-round which read: "Are you farmers like a merry-go-round, lots of motion, but you don't get anywhere?" "Which nags are you riding?"

The importance of marketing was further brought out on a sign near by which listed it as one of the essentials of a successful farm. In the early history of Oregon the farmer did not have a marketing problem. He produced what he and the family consumed. Every family had its family cow; they raised those things which the family needed, made their own clothing and tanned their own leather to make their shoes. All has changed now; shoes can be made more economically on a large scale, the same is true of clothing. The farmer to be able to buy these shoes
