McGraw Sees Pennant for Giant Team

By HENRY L. FARRELL (United Press Sports Editor) NEW YORK, Jan. 29.—(U.P.)—John McGraw is making no secret of the belief that he expects his New York Giants to win the 1935 National League pennant. McGraw has been in baseball too long to become a victim of rash predictions but he knows that he can't be shot for hoping. The deal with the Philadelphia Phillies, which brought Jimmy Ring, one of the Cincinnati heroes in 1919 world's series, in exchange for Wayland Dean and Jack Bentley, gives McGraw the pitcher he thinks will put his club back into the next world's series. Ring, McGraw believes, will win between 20 and 25 games for the Giants and if he delivers that well, the Giants ought to give the Pittsburgh Pirates the fight of their young lives. The Giants probably will be strengthened by the deal as Dean failed to live up to promise and Bentley, who cost the Giant bosses \$65,000 was out of place. McGraw was forced to use Bentley only as a pitcher because he had two first basemen in George Kelly and Bill Terry and there was no room for him in the outfield. Bentley may turn into a great ball player with the Phillies because he will have a chance to work every day and he ought to be able to hit in the small Philly park. Some smart baseball men think that McGraw gave away too much for Ring but the Giant leader knows his business and he claims that for the first time in five years he has a pitching staff that will not add any more white hairs to his thatch. had been told to "lay off" and that he had to do it. If Rickard does succeed in getting either one of the Dempsey fights it does not mean necessarily that the fights will have to be staged in New York. The Pennsylvania Boxing Commission has invited Dempsey to meet Wills in Philadelphia and friends of Rickard say that he would be willing to help the Philadelphia city officials and turn over his contract with the provision that Dempsey would meet Tunney next fall in New York. So much boloney has been printed about Dempsey and his plans that very little is being accepted as responsible. It is a generally admitted fact, however, that Dempsey's business ventures have not been as successful as they might have been. He is not broke or in strained financial circumstances, but he is property poor and is in the mood to get some ready cash. Stories have been printed that he is in bad physical condition, that he has a tumor under his arm, a trick nose and a rusty machibe, but they must be discounted. Willie Lewis, the veteran middleweight and now one of the smartest managers in the game, returned recently from a trip to California. "Don't let any one kid you that Dempsey is not in shape," Lewis said. "I saw him working out and I know that he could go into the ring in three weeks time and put up a great fight. He's working every day in the gym and he always keeps himself in good shape." State plans work on Philomath-Alsea road, this spring. Scappoose — Strawberry hat-reeling plant offers 8-1-2 cents a pound for 1935 fruit.

Newport — Burk Fish Co. will establish cannery here, for fruits and vegetables. St. Helens — Portland Electric Co. brings high power lines here, for better service. Medford is to be regular stop on Seattle-San Francisco air mail route. Cottage Grove — Local cannery will increase capital stock and enlarge factory.
