PRAYER - O Lord, truly, truly Thy ways are not as our ways, Thy thoughts as our thoughts.

MINING & BASIC INDUSTRY

(Southern Oregon Spokesman) Mining in Southwestern Oregon is one of the fundamental industries of this district. Its importance is second to no other activity when one considers the extensiveness of the varied mineral deposits to be found over this whole area.

Had mining been given the same consideration and support that has been accorded the tourists crop, fruit development, grape growing or land settlement on farm lands in the past, mining would now be the basic industry of a vast area that is sadly in need of a pay roll as a means of making the other industries more profitable.

The need for a pay roll is apparent to all, and a pay roll such as a development of the mining industry will bring help to all, the banker, the merchant, the professional man, the farmer, the timber man and the laborer.

WONDERS OF HEALING

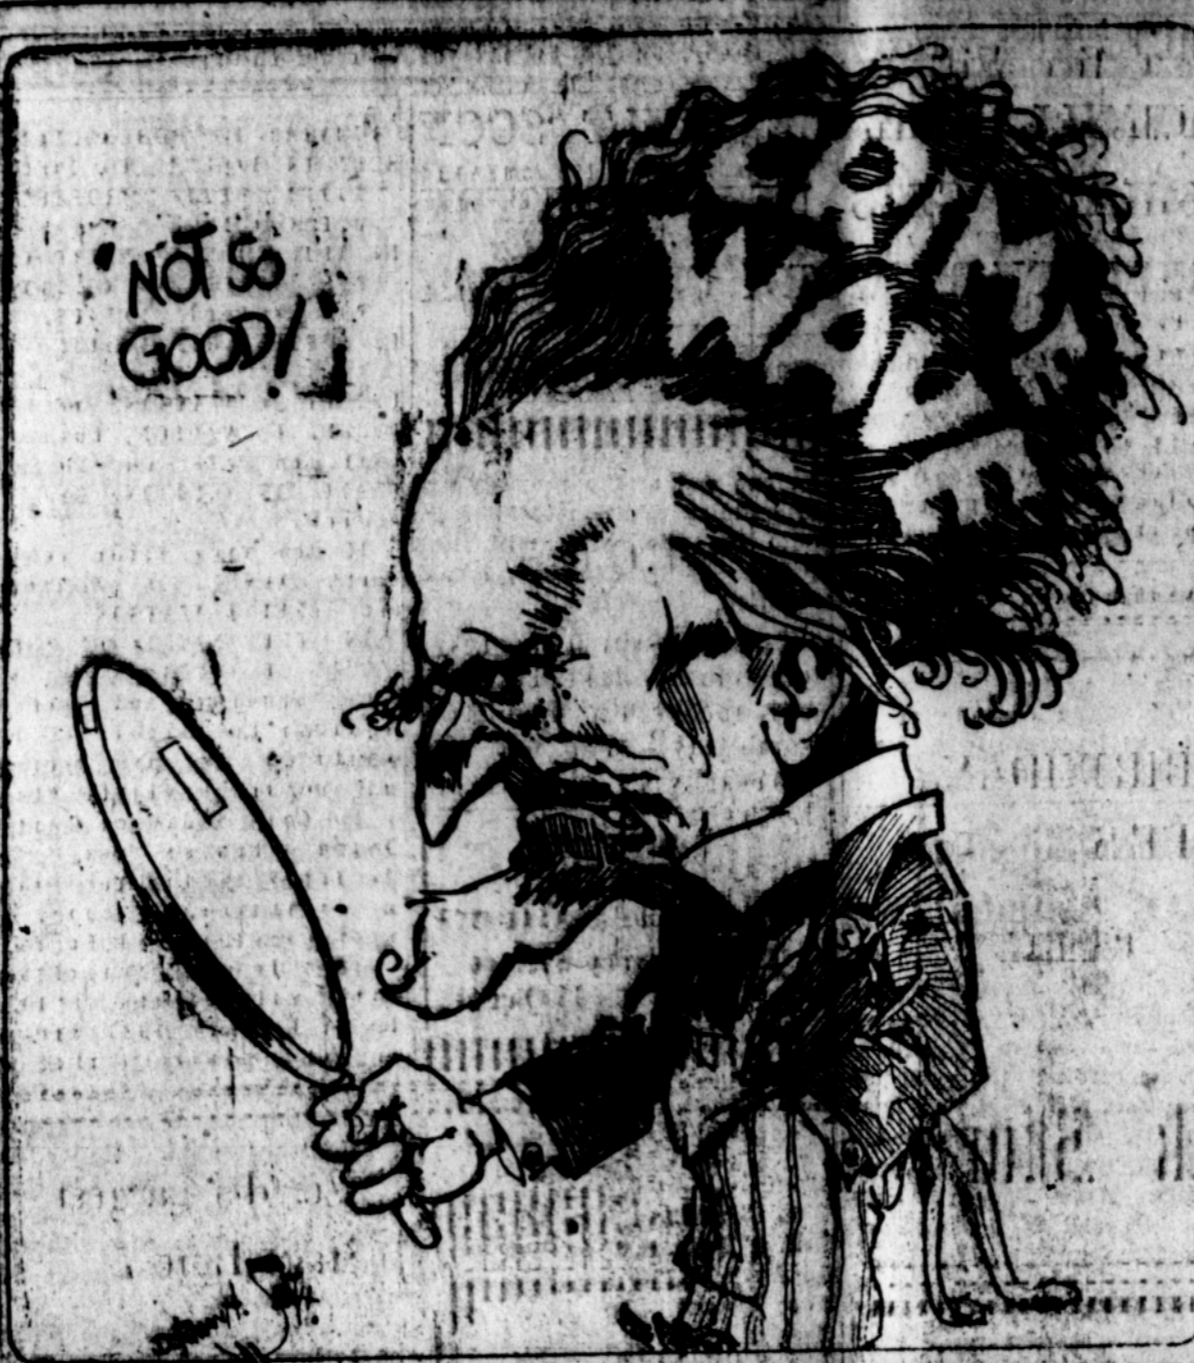

Scientific medical men report a frequency of eczema due to carrying of match boxes in the trousers pockets. The chemicals in the matches, freed by the warmth of the body, vaporize and effect the skin, producing sores.

By CHARLES P. STEWART

WASHINGTON - Michael Scanlon has run a billiard saloon in Washington for 28 years.

"From Lincoln on down," he told me, "I've shaken the hand of every man ever elected president, excepting only Samuel J. Tilden."

"I said every man ever ELECTED president," replied the veteran.

Veteran is right, in more ways than one.

Scanlon has just been mustered out of General Grant's army, at the Civil War's end, when he opened his place in the capital.

"A great man was Grant," he observed. "See, here's his billiard cue."

He lifted it from the rack and exhibited it, with the initial "G," ornately carved on the butt, just as the general laid it down, after the last game he ever played in "Scanlon's Billiard Parlor."

"He was a good player, too," continued the old man. "I installed a table for him at the White House. It cost \$1100, which was a lot of money in those days."

"I suppose you know Grant was a Democrat, though the Democrats, by mistake, as usual, let the Republicans nominate him for president."

"He didn't like to be called 'president,' though. He preferred the title of 'general.'"

University Songs Proving Popular

BERKELEY, Cal., Feb. 19 - Student songs of the University of California seem to have achieved about as much success as have the athletes of the college.

From the Washburn high school, Aberdeen, Washington, has been received a request for the music of the college song, "Fight for California," written by R. N. Fife, '08, as the all-time favorite.

The secretary of the girls' council wrote saying that words had been written for the air as they had sung it.

A copy of the song, with music arranged by C. A. "Dick" Hedges, was sent to Aberdeen.
