### Legion Show Will Provide Lots of Clean Amusement

(Continued from page 1.)

that fill your orders all working in unison to the strains of the orchestra?

Many people of Ashland will be surprised to learn that Dr. Shinn, within the short period of the show rehearsals has acquired the ability to gracefully walk the tight-rope and do the difficult acrobatic of the experienced stage performer.

The entire Legion show is composed of fast moving, clean-cut comedy and burlesque, staged with professional precision, and filled with pleasing electrical effects and surprises. The people of this city are promised a clean bright show, with absolutely nothing of an objectional or suggestive nature in performance or dialogue. The Roseburg press and pulpit were outspoken in their praise when the show was given there, and it proved that it is not necessary at any time to depend on vulgarity for entertainment.

**RED PEPPER HEAT ENDS RHEUMATISM**

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It can not hurt you, and it certainly stops the old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure it is the genuine, with the name Rowles on each package.

### NOTED REVIVALISTS HOLDING SUCCESSFUL MEETINGS HERE

The Littrells, revivalists of more than average prominence, are meeting with good success in their nightly revival services now in progress at the Church of the Nazarene. The Littrells, man and wife, not only are able preachers but

they are likewise good musicians, and their music is an interesting part of each service. They came originally from Kansas but have been holding revival meetings throughout the United States.

### GETS NEW LIGHT ON CHEMICAL AFFINITY

BERKELEY, Cal., Feb. 24—(U.P.)—New light on "chemical affinity," the force which holds together the atoms in the molecules of chemical substances, has just been found after years of study by Professor R. T. Birge of the physics department of University of California. Results of his researches on

the theoretical interpretation of the light emitted by molecules under various conditions of stimulation will be reported to a meeting of the American Physical Society to be held at Stanford University, March 6.

"Light waves may be likened to radio waves in many respects," Professor Birge explained, "and atoms and molecules play the roles of the broadcasting and receiving stations. All of these phenomena are on a much smaller

scale than the radio scale. Thus while KLX broadcasts on a 509 meter wave-length, the molecules of carbon monoxide, the deadly fire damp of the coal mines, broadcast on a wave-length which is but an extremely small fraction of an inch.

# Quality— and nothing else but!

**QUALITY**—that's Prince Albert all over. Just about the finest, kindest tobacco that ever tumbled into a briar or corncob. We said "kindest." That means P. A.'s consideration for your tongue and throat. No bite. No parch. Nothing but cool comfort, refreshing as a breeze from the sea.

P. A. can't bite or parch. The Prince Albert process takes care of that. You can go to it from the minute you finish breakfast until you sign off at night. Slow or fast. P. A.'s quality makes you want to smoke pipe-load after pipe-load.

You'll never say "quit," and that's a fact. Yes, Sir! You'll have the little old world by the tail when you sign up with this big-league smoke. Sitting pretty and no mistake. Cool and sweet and fragrant, P. A. sifts into your system and knocks pipe-peeves galley west.

Quality, you bet. That's why men who thought they never could pal with a pipe are now P. A. fans . . . loyal, enthusiastic boosters. Let's get going. Slip into top-speed and head for the shop that hands out smoke-gladness in tidy red tins, marked "Prince Albert." Today!

P. A. is sold everywhere in tidy red tins, packed and half-packed tin holders, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.
