**NORTHWEST PRODUCTS SHOW WILL BE HELD AT CHICAGO, ILLINOIS**

Chicago, one of the world's greatest markets for Pacific Northwest products, the center of finance, commerce, industry and investment for the Middle West, has been officially selected as the logical place for 1938 to hold the initial Pacific Northwest Commercial and Industrial Exposition. The exposition will open on Saturday, November 20 and close on Saturday, December 4. The Chicago Coliseum will be utilized to house the exhibits from Washington, Oregon, Montana, Idaho and Alaska.

This is the decision reached by the directors of the exposition at a recent conference in Spokane following a general meeting of the officers, directors and chambers of commerce representatives of the Pacific Northwest states and Alaska held in Portland.

Tentative plans first called for holding the Pacific Northwest Commercial and Industrial Exposition in New York City from May 10 to 23, but after conferences with many of the larger exhibitors including the commercial, business, industrial and agricultural interests of the Pacific Northwest, it was unanimously agreed that Chicago, with its high ranking leadership among American cities, offered a marvelous market where the Pacific Northwest states should first display their wares.

There is widespread interest in Chicago among business men, bankers and investors in general, over the selection of their city for the initial Pacific Northwest Commercial and Industrial Exposition.

**WAR VET RELATIVES RECEIVE INSURANCE**

Over 140,000 beneficiaries of deceased World War Veterans are receiving government insurance payments involving awards amounting to more than a billion and a quarter dollars, according to a statement issued by Kenneth L. Cooper, Oregon Regional Manager of the U. S. Veterans' Bureau at Portland.

"This indicates in some measure the importance to every ex-service man in the state to have his war insurance renewed and converted into a permanent form of government policy before July 2 of this year, the time limit set by congressional law for such reinstatement and conversion," declared Mr. Cooper. "We are eager to have every war veteran in the state of Oregon advised that unless a converted or permanent form of government insurance is taken prior to July 2, the privilege of having this government benefit will be denied him forever. The term insurance automatically ceases on this date."

The Red Cross, The American Legion and other service organizations are supporting this movement to have every veteran who had war insurance avail himself of his rights before it is too late. Mr. Cooper stated that despite the fact that 5,674 ex-service men and women of Oregon have applied for government insurance amounting to more than twenty million dollars.
