**Watch Your Breakfast**  
Start every day with food that "stands by" you

**Quaker Oats**  
HOW you feel all morning depends largely on what you eat for breakfast. Thousands have energetic forenoons because of wrong breakfast eating.  
To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.  
Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.  
It is food that "stands by" you through the morning. Food that should start every breakfast in your home.  
Quick Quaker cooks in 3 to 5 minutes. That's faster than plain toast. Don't deny yourself the natural stimulation this rich food offers.

## SAFE MYSTERY IS BAFLING PORTLAND

### Combinations Are Knocked Off But Nothing Taken From Strong Boxes

PORTLAND, Ore., March 12.—(U.P.)—Portland police are attempting to unravel the mysterious safe-blowing epidemic which reached a climax here Wednesday night when the combinations were hammered off seven safes in the downtown district.  
That the work is either the attempt of amateurs to blow safes or is a part of some more ulterior plot is certain, but just which the police detectives are unable to say. For several months there have been sporadic instances of where the safes were badly damaged but not broken open by robbers.
