## TREE PLANTING WILL MARK WORK DURING FOREST WEEK

WASHINGTON, March 13—(U.P.)—A new record for tree planting in every state in the union is expected this spring, according to an announcement by the American Tree Association, which plans to bring this spring planting to a climax during American Forest Week and National Garden Week, beginning April 15.

Thousands of new members are being enrolled in the tree planting army, says Charles Lathrop Park, president of the Association, who has published the Forestry Primer to mark 1926, the semi-centennial of the first step in forestry by the United States Government. For a stamp for postage the association will send anyone this Primer and free tree planting suggestions. Thousands of semi-centennial trees are being planted and the planters enrolling their names on the association of honor roll.

In the schools throughout the land forestry programs marking the semi-centennial will be put on during American Forest Week, the American Tree Association having placed a hundred thousand of the Forestry Primers in the hands of educators. On this educational feature John J. Tigert, United States Commissioner of Education, says: "There is no more important lesson for the American people to learn than the need of growing and conserving forests and trees. Our future development as a nation will largely hinge upon the success with which we can spread this gospel."

The Parent-Teachers Association have been sent a message from headquarters by Mrs. A. H. Reeve, to join in the semi-centennial celebration. Mrs. John D. Sherman, president of the General Federation of Women's Clubs is now making a trip to the Pacific Coast speaking in behalf of the garden week and home beautification. A tree planting day is scheduled during Garden week.

Through Earl Pearson, the Associated Advertising Clubs of the World, as well as State and county school superintendents, Scout and Camp Fire Club leaders, according to Park, are giving tremendous impetus to the endeavor to get the forestry message before the coming citizens of America. "Their help in this campaign," says Park, "is another evidence of their earnest desire to aid in the constructive things. Dovetailed with the cooperation of newspapers of the land the Forestry Primers's message has gone to new thousands."

Every unit of the Associated Advertising Clubs of the World, has a Forest week program scheduled, based on the Forestry Primer. In California a battery of speakers 300 strong will put the Semi-Centennial message before the people at the direction of the California Development Association. In Colorado the Semi-Centennial of forestry hooks up with the State's semi-centennial. The Denver Chamber of Commerce and the Colorado Forestry Association have big plans underway to be followed by State-wide tree planting.

## OLD GERMAN SHIP ON WORLD VOYAGE

LONDON, March 13—(U.P.)—The old-fashioned tablecloth is returning to favour in Mayfair and Belgravia.

For the last ten years Bond Street has been selling small table-mats of linen and lace, or the larger mat of a size to fit the dinner-table exactly; but this year there is once more a demand for the wide spread of double damask with hanging ends on all four sides.

## Curse of Beggar Stirs This Town

CLERUAC, France, March 13—This tiny village is excited over a curse placed upon it by a beggar woman. Since the curse, it is claimed, kettles refuse to boil, lights go out and the stable doors are mysteriously opened.

## Desert Queen

Miss Mildred Steward of Tucson, Arizona, has been elected "Desert Queen" by students at the University of Arizona. And—please note—she has not got bobbed hair.

Keeping your feet on your desk doesn't hurt it much, except the sheriff is liable to come and get it.

There isn't one man out of a thousand who realizes that he can be one man out of a thousand.

## PINK NOTE PAPER TO BE PRESERVED

ST. LOUIS, Mo., March 13—(U.P.)—The original copy of the first constitution of Missouri—part of it written on feminine pink note paper, has been presented to the Missouri Historical Society here.

The official records of the first constitutional convention, held from June 12 to July 19, 1820, were deposited with the society by the grandchildren of William Grymes Peltus, secretary to the convention.

The sessions were held in the old Mansions House in a suite of rooms for which \$30 a week was paid.

Although part of the record, and even part of the early drafts of the constitution, are scrawled upon pink note paper and other scraps which were available, the final draft is in a perfect hand, flowing and regular, with every "dotted and every "u" crossed.

Another recent gift to the society reveals the origin of our slang phrase "two bits," and of a phrase current 100 years ago, "pieces of eight." A Spanish dollar, cut into four pieces, was unearthed by a plow at St. Marys, Mo. Making change was once a task of actually cutting a larger coin into "two bits," "pieces of eights," or over smaller portions.

Eugene—Farmers' Creamery now has 558 stockholders and 1300 patrons.

Garibaldi now has 1,005 people, a gain of 685 in a year.
