

PATHE NEWS WILL FILM OPENING AT CRATER LAKE

The Pathe Exchange, Inc., of San Francisco and Seattle, has been interested in filming coming spectacular news events in Southern Oregon, by The California Oregon Power Company. News reels will be made locally during 1926, to be shown throughout the entire United States, as indicated in the following extracts from letters passing between the Copco offices and the Pathe Exchange.

On February 23, The California Oregon Power Company wrote the Pathe News at San Francisco as follows:

"Southern Oregon will have a number of very attractive features this year, which will be well worth photographing from a news value standpoint, and we are pleased to list below some of these events:

"Ceremonies attending annual opening of Crater Lake National Park will be held about June 30. These ceremonies are highly interesting, showing the arrival of the 'advance guard' of the thousands of tourists who annually visit this scenic wonder, and will afford an opportunity to get some fine 'shots' of the spectacular scenery in and around the Park during the season of bloom, of full waterfalls, and receding snowlines, while the deep snow is still on hand. A trip to Medford to get pictures of the Crater Lake Country will be well worth making."

On March 4, Pathe News acknowledged Copco's letter as follows:

"It was a great pleasure to receive your letter explaining the coming spectacular news events in Oregon. We are certain they will make wonderful stories, as they are real novelties, and I am sure we can do something big with them,—at least give Southern Oregon a lot of publicity. Mr. L. C. Huff of Seattle will take care of all news events breaking in that territory."

"Thanking you for your trouble in tracing down these stories, we are,

Very truly yours,
PATHE NEWS"

On March 17, Mr. Huff of the Seattle office of Pathe Exchange advised the Copco office as follows:

"I have received your letter relative to the different stunts to take place in the near future, and will certainly be pleased to photograph these stunts for Pathe News."

The far reaching scope of Pathe News films brings the events pictured to the attention of countless thousands. If this activity is carried out as contemplated, excellent publicity will result for one of this section's most popular resorts and for Southern Oregon generally.

When this event is staged at Crater Lake, it is also planned to have Copco cameramen present to take moving pictures of this interesting feature for showing throughout the field of Copco service.

STONEMASONS WILL GET \$14 PER DAY

New York Union Wins Strike; Big Advance in Wages is Granted

NEW YORK, March 23.—The strike of stonemasons in New York city has been settled, employers and representatives of the union signing an agreement under the terms of which the masons will receive \$14 a day and the laborers \$9 a day for the next two years. This is an increase of \$2 a day for the masons and \$1 a day for the laborers over the present scale.

Noted Violinist To Come Shortly

Much interest is being manifested in circles over the appearance here on April 1 of Mildred Wright, California violinist, who will give a recital at the civic club house under the auspices of the Ashland Music club.

Writing in the San Francisco Chronicle, Walter Anthony, music critic, said of her:

"I have heard few violinists—and this includes all of them—who pull a warmer or more vibrant tone from the depths of their fiddle, than does Mildred Wright."

For eighteen years the business affairs of the International Bowling Association have been looked after by Ted J. Gronwald, of St. Paul, whose unanimous re-election to the office of secretary is a standing event of the association's annual meetings.

CRAP SHOOTING IS POPULAR PASTIME

LOS ANGELES, March 23—(U.P.)—The ancient and Ethiopian game of craps is the most popular of gambling diversions in Los Angeles, according to City Prosecutor Friedlander.

The prosecutor made a check of gambling violations, which revealed a total of 1,473 arrests the past year in raids on dice contests. Lottery was next with 907 offenses, and draw poker third with 741 arrests.

There were 24 arrests of domino players and six for playing coon-can.

Other arrests included: Fan Tan, 434; blackjack, 299; Jao flower game, 121; pangsing, 45; pique, 12; punchboard, 9; put-and-take, 8.

Street Pavements Will Be Repaired

All cuts and holes in street pavements throughout the city will be repaired at once, according to an announcement today by City Manager Clyde Malone. On several streets bad breaks in the pavement are now noticeable, but the street department will get busy this week and will have all repairs made within a short time.

Byrel Murphy Lang, the University of Nebraska youngster who is to pitch for the San Francisco Pacific League team the coming season, is 6 feet 1 inch tall and tips the beam at over two hundred pounds.

MOTHER—TAKE NO CHANCES ON CROUP

Never put a croupy child to bed without having FOLEY'S HONEY AND TAR right handy. It checks the sudden and terrifying onset of croup, relieves the strangling, choking condition, eases difficult breathing and allows peaceful sleep. A friend writes: "I have long used FOLEY'S HONEY AND TAR for croup. First, I gave it to all my children, and now to my grandchildren, with the same good results." Reliable also for bronchial and "flu" coughs, tickling throat and troublesome night coughs—Sold everywhere. No. 3

Pierce Platform Nears Completion

SALEM, Ore., March 23—(U.P.)—Governor Walter M. Pierce was hard at work today framing the platform on which he will seek nomination and reelection as governor of Oregon. The executive said he expected to have his platform in readiness to submit with his nominating petition later this week.

PEPPY FORUM LUNCH DRAWS BIG RESPONSE

(Continued From Page One)

A Real Old-Timer
Billy Briggs spoke then for the old-timers, declaring he arrived in Ashland 30 years ago at a tender age. He said he was proud to be classed as an old-timer, in spite of the fact that he is just 30 years of age.

Randall Woods, for the newcomers, urged the old-timers to extend a more friendly hand of welcome for the newcomers who come here to establish business. He said he liked Ashland and its people and the only suggestion he could offer was for a more friendly hand of welcome to the newcomers.

Fred Homes closed the debate for the old-timers with a

brief review of Ashland as it was 36 years ago when he first arrived here. He said he considered Ashland his home and this valley as his valley and was glad to work for the betterment of the community at all times.

Arthur Foster, in charge of the land settlement work, told of a recent trip throughout the state and declared that the good results of the land settlement program are in evidence on all sides.

Mickle Is Guest
J. D. Mickle, state dairy and food commissioner, and Prof. Brandt, in charge of dairying at O. A. C., were special guests at the luncheon and spoke briefly. Prof. Brandt praised the work of George Gray, a student in dairying at the state college and predicted the young Ashland student would make a name for himself within the next few years.

The two visitors got just as much of a "kick" out of the debate between the newcomers and old-timers as did the members themselves. In fact, it was

a rousing luncheon with every body well pleased.

luncheon next week will be a testimonial for G. A. Briscoe, president during the past two years. It was announced that the who is retiring after heading years.

When You Trade Your Car

Ford owners are continually being approached by automobile salesmen who wish to "accept" Fords as part payment on more expensive cars.

It is perfectly logical that automobile dealers everywhere should be eager to trade with Ford owners. The Ford is the most popular automobile in the world. No other used car is so easy to sell as a used Ford — because everyone has confidence in Ford quality. And it is not expensive to recondition, since Ford replacement parts are lowest in price.

Most automobiles carry greater discounts to dealers than the Ford — another reason why other dealers may offer the Ford owner a larger trade-in allowance.

But when you come to buy a new car, bear these facts in mind: The amount of the trade-in allowance you can get is not the

most important thing for you to consider. The big thing is the difference you have to pay. And remember, that the higher priced car will not be so easy to dispose of when you come to trade it in.

If you wish to trade your Ford for a new automobile, stick to the car that you know to be dependable, useful and economical. Go to your Ford dealer!

He will give you a fair and liberal allowance for your present Ford and will gladly arrange payment of the balance to suit your convenience.

When the deal is over, and you have your new and improved Ford, you will have the satisfaction of knowing positively that you took advantage of the greatest automobile value the world has ever seen — and saved a lot of money, too.
