"What kind—Heavy?" asked the attendant.

Just WHY is OAKLAND

WINNING and HOLDING GOODWILL?

Why are so many motorists everywhere so gradually enthusiastic over this car? Why are they favoring it above all others?

Is it because the Oakland Six is more beautiful—because it possesses more advanced features, including Air Cleaner, Oil Filter, Full Pressure Oiling System, Four-Wheel Brakes and The Harmonic Balancer? Or because it reveals greater speed, power, acceleration and smoothness of performance?

Each of these features plays its part; but there is an even stronger reason for Oakland Six popularity.

Oakland combines—not just one or two of these advantages but all them—at prices surprisingly low.
