D. Jillson on

Parent-Teacher Notes

THE HIGH SCHOOL AND THE CONGRESS

Among all the varied activities of our organization perhaps those which bring it into contact with the High school are the most vague and the least standardized, the most in need of study and the least understood. When the Mothers Club evolved into the Parent-Teacher Association, there was a guit between the pre-school child and "I had gas (from stomach) the child in the grades, it is

ressing on my heart and was true, but one not so wide that ject only to a certain amount of

Neighbors of Woodcraft Meet— polishing from the experiment and ed possibilities; we developed will meet the first Monday in school as a combination was "adored" this and we "simply and

Romance in the Packing Business

A world of it! Swift & Company has leaved its 1926 Year Book reviewing the industry. Not only the story of one year — 1925 — with its better prices for the livestock farmer, its advance in the science of preparing good foods and elim-inating waste, its expansion of service—

But, fifty years of history! The western cattle trails and "cow towns" of the early 70s! The invention of refrigerator cars! The war of Best and West when the first dressed meats were shipped across the continent!

And Reslities of Today in the industry! The 1926 Year Book gives accounts of the growth of an industry that belos to feed and clothe the nation. and to fertilize its soil.

Here are the facts and figures that will interest you greatly. A copy of the Yeas Book will be sent promptly (free) upon receipt of your selfrees.
