STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART
NEA Service Writer
WASHINGTON — Seriousness is United States Senator Gerald P. Nye's most obvious characteristic, at first glance.

A baby senator—he's a year or two older than "Young Bob" La Follette, but any senator of considerably under 35 belongs in the baby class—and a relative of the late Bill Nye to boot, it wouldn't be unnatural to expect to find a bit of frolicsome-ness in his makeup.

There doesn't appear to be any of it there. There's no pomposity, either, but the senator distinctly isn't of the mirthful type.

Nye is a young man who thinks for himself. You don't talk to him long before getting that idea of him, too.

He doesn't appear to be a senator for the mere sake of being a senator, like some. He's a senator because there are things he wants to accomplish and he can accomplish them best, if at all, in Congress—the senate or the lower house.

They're serious things and he has them on his mind, which doubtless is why he's serious himself.

As everybody will recall, there was a fight in the Senate over the question of seating Nye. He came from North Dakota as a Republican appointee of Governor Sorlie's, to sit until next November's election, in place of the late Senator Ladd, who died in office. He came, mind, as a Republican. Senator Neely, a Democrat, led the fight to seat him. Senator Goff, a Republican, led the fight to keep him out.

It just goes to show how little the old party labels, "Republican" and "Democrat," mean these times.

Judging by the past the strings in spring shoes will not last as long as the shoes.

The only trouble with laughing at your troubles is you soon run out of troubles to laugh at.

A straw hat is a round object which you put in a chair and somebody sits on the darn thing.

Our chief kick against spring is it doesn't fall on a holiday.

WHEN YOU THINK PICTURES THINK DARLING'S

There must be something in it

There must be something in it when motors "snap out of it" the way they do when General goes into the tank.

Hard-hitting, two-fisted gasoline this—gasoline that will take that motor of yours and make it do wonders—renew its youth and keep it young—for General has everything in it that real gasoline should have!

Every day, every drop of General is just as good as we know how to make it. Here's everything that makes real motor power.

Drive up to the Independent Dealer's at the Green and White Sign. Say "General" and then—just watch. Keep track of the miles that you will get from that first tankful.

Every General Dealer owns his own station. He is an Independent. "Fill up your tank and let your engine decide."

As a Lookout is to a Ship

Did you ever notice the "lookout" in the crow's nest of a ship? He is the captain's advance guard. Ours are out in Dakota, Montana, and Eastern Washington and Oregon, in the fields of ripening grain.

These men know wheat in all its forms. They check to see that natural conditions have matured the wheat berries completely, that the flour elements are there in all their cereal goodness. They do this before the wheat is bought for Fisher's Blend Flour.

We go further than that, we test samples of the wheat scientifically in our laboratories to find the exact composition. All wheat must measure up to Fisher standard before it is shipped to our mills. On arrival it is tested again for the purpose of checking before being stored in the bins.

Nothing is left to chance in the milling of Fisher's Blend Flour. That is why we know that it is the same today, as last month, as ten years ago.
