# Flavor

is everything in breakfast oats

WHEN you find a person, especially a child, who "doesn't like oats," chances are they haven't tried the right kind.

Get Quaker Oats. Once you taste "Quaker" flavor, you are spoiled for ordinary oats.

That rich and tasty Quaker flavor is the result of some 50 years milling experience. No other oats approximate it.

Quaker milling, too, retains much of the "bulk" of oats. Thus those who eat Quaker Oats find laxatives seldom needed. Contains protein, carbohydrates, vitamins and "bulk" in excellent proportions.

Costs the same as ordinary brands. You alone lose when you accept a substitute.

Quick Quaker cooks in 3 to 5 minutes. Your grocer has it; also Quaker Oats as you have always known them.
