

INSURANCE BY MAIL IS DECLARED RISKY

State Insurance Chief Issues Warning Against Kansas Company

SALEM, Ore., April 21—State Insurance Commissioner Will Moore today issued a warning to prospective policyholders in a Kansas life insurance firm which solicits business by mail.

His warning follows: "The Union National Life Insurance of Kansas City, Kansas, is circularizing this state soliciting accident insurance."

"Inasmuch as the one purchasing a policy from this company does not have the protection of this department, or of any of the laws of Oregon, it is appropriate that the citizens should be informed regarding this class of insurance."

"There are two primary causes for mail order insurance; first, to escape the payment of taxes; and second, to avoid restrictions placed upon licensed companies for the protection of the policyholders."

"Should a claim against one of these policies be contested, the policy holder would be forced to go to the courts of Kansas for recourse, as the courts of Oregon would be closed to him."

"In purchasing insurance of any kind it is advisable to patronize only those companies which are licensed to do business in this state, as these companies are under the supervision of the insurance department and are amenable to all of the laws of the state of Oregon."

President Hall Inaugural To Be Held In October

UNIVERSITY OF OREGON, Eugene, April 21. — (Special) — Inauguration of Dr. Arnold Bennett Hall as president of the University of Oregon is expected to be held October 15-16, during the Semi-Centennial celebration of the University from October 15 to 25.

While Dr. Hall has not yet approved this date and while it is customary to wait longer after the election before the inauguration is held, it is supposed that this date will stand because it coincides with the ceremony in conjunction with the Semi-Centennial, which is expected to be one of the biggest educational events ever held in the Northwest.

The committee in charge of the inauguration follows: Eric W. Allen, dean of the school of journalism; Chairman G. F. Stafford, head of the chemistry department; George Macbec, dean of the graduate school; Ella F. Lewis, dean of the school of architecture and art; and Carlisle E. Spencer, registrar.
