STEWART'S WASHINGTON LETTER

BY CHARLES F. STEWART NEA Service Writer WASHINGTON — We're coming to a five-day working week according to Congressman Meyer Jacobstein of Rochester, N. Y., economist and specialist on capital and labor relationships. Labor won't have to squeeze this 40-hour week out of capital by main strength, Jacobstein adds. Rather, he suggests, capital thought of it first.

President William Green of the American Federation of Labor referred to this same matter in a speech he made some time ago. Manufacturers, he asserted are finding it necessary already to restrict their outputs to avoid turning out goods far in excess of the whole world's needs. It struck me at the time that this must foreshadow a shorter working day or week and I asked some of the experts at the United States Chamber of Commerce and the National Manufacturers' Association about it.

They said Green was right, but they had an idea the slack will be taken up gradually as the working class taste grows for conveniences and luxuries only the rich have enjoyed hitherto, like the already-developed popular taste for automobiles. Their opinion was that working hours are about as short now as working men themselves care to have them — that if they had still more time on their hands it would drag.

To some extent Jacobstein agrees with these experts. That is, he expects to see more and more people wanting more and more things. However, he believes industry's present gearing assures shorter working hours, too, and in his judgment the workers will continue to find plenty of ways of employing their spare moments profitably.

SOME REAL Bargains in Real Estate, Brown & Rice, 63 N. Main St. 212-4f

SOCIETY

(Continued From Page Three)

A Unique Affair in Lithia Park— "In appreciation of the splendid, faithful efforts of her music pupils, Mrs. Elizabeth Goodman entertained Saturday afternoon, May 8; Mrs. Garnett of the Cafeteria, serving a most delicious chicken dinner.

"The children in all their childish exuberance, were a joy to behold, their little voices ringing with laughter, each seeming to vie with another in enjoyment of the occasion.

"A delightful feature was that of our well known and much beloved little five-year-old, Alice Borgerson, who favored us with two solos, "His Buttons are Marked U. S.," and "I Throw a Kiss to Papa."

"Little Lucille, only three, not to be out-done by her sister, added to the program, but just how much of her song she sang, we are not supposed to tell.

"Miss Martha M. Spenser, of San Francisco, graciously added to the program by singing, "Perfect Day," and "When Shall We Meet Again." The pupils then presented their teacher with a beautiful bouquet basket, a token of their appreciation, the memory of which she will always cherish.

"Following the dinner the party adjourned to our own beautiful Lithia Park, where several

pictures were taken, these to be presented to the children as mementos of the occasion. "Mrs. J. M. Borgerson, Mrs. Lou Reader, Mrs. C. C. Croswen and Miss Martha M. Spenser were guests. . . .

Alpha Club— Alpha Club will have its fortnightly meeting on Tuesday afternoon of this week.

The hostesses are Mrs. W. H. Day and Mrs. D. A. Peterson. These ladies have for a number of years, served together, since the birthday of each occurs at this time.

It had been planned to have a picnic in the park, but the change in temperature renders that out of the question just now. So it is postponed until warmer weather.

The hostesses at the last meeting, which was a very pleasant one were the Mesdames J. H. Hardy and P. R. Hardy. All members are asked to remember the date and to come and enjoy the pleasant afternoon together.

Senior Program— Friday afternoon was given over to the senior program which was one of the cleverest and most entertaining that has been given for some time.

The whole affair was a burlesque. Costumes were "screams" each vying with the other in outdoing anything that had been thought of in the way of unusual and laughable garments.

Burlesque numbers, amusing pantomimes and a clever prophecy in which the futures of the class members were predicted with a degree of accuracy amazing, made up a program that for pure fun is seldom equalled.

Next week is filled with the various affairs that count for so much in the closing days of the graduating class.

10,000 MILES of every description of fencing and wire just in. Fence posts. All kinds of garden tools and hose. FARMERS! Look to your mowers and rakes' repairs early, and leave your order for what you need at Peil's Corner

BREAD MENU Do not eat the same kind of bread all the time — change from plain white to graham, whole wheat, nut or other varieties. Franklin Bakery

Brotherhood Banquet— The Fraternal Brotherhood will have an old fashioned dance on Friday night at the I. O. O. F. hall.

At the regular meeting which was held at the Parish House, ice cream and cake were served during the social hour, which was planned honoring Mr. and Mrs. Turnedge who are leaving soon for their new home.

The lodge had a picnic, Sunday, at Nell creek, with the members providing a wonderful dinner also in honor of Mr. and Mrs. Turnedge, who will be missed greatly.

Men's Banquet— On Tuesday evening of this week the men's banquet will occur at the Christian church. Men of the church are reminded to be present. An interesting program is prepared
