## U. S. PROHIBITION IS GIVEN APPROVAL

STOCKHOLM, (UP)—Prohibition has made the United States prosperous and European plans for debt cancellations come with bad grace from those who somehow manage to pay bigger sums for drink, declared Senator Johan Bergman in a church address at Valhalla, a Stockholm suburb. The Senator, who is also a former professor at the University of Stockholm, was one of the Swedish delegates to the Inter-parliamentary Union in Washington last fall and after the sessions were over made a tour of the country to observe the effects of prohibition.

"It is little wonder," he said, "that American public opinion gets provoked when one European nation after another comes as a supplicant, asking for a more or less complete cancellation of its debts, while at the same time finding means to pay the most exhausting tribute to King Alcohol. The American indignation justly goes beyond all limits when European liquor capitalists in the war-exhausted countries contribute money support for a campaign against the 18th amendment."

### 13 EARTHQUAKES A DAY IN TOKYO DURING 1925

TOKYO, (UP)—The records at the seismology bureau of the Tokyo had an average of fourteen earthquakes a day during 1925, although the number perceptible to the residents was not more than two or three a month. The seismograph, which detects the least tremble of the earth, recorded only 3,825 shivers for 1924, but 5,297 for 1925.

There were three earthquakes last year of consequence, doing damage. The heaviest was on the north coast in Takima Province, on May 23. The other in Japan, Proper was at Gifu 17, while the third god shock for the Empire, hit the eastern coast of Formosa on June 14.

So far this year there have been no quakes of any consequence.

### WOMAN PAYS ALIMONY TO JOBLESS EX-HUSBAND

HOSCO, (UP)—Alimony works both ways in the Soviet Union, as may be seen from a recent court decision ordering Mrs. Mary Gastev to pay a quarter of her salary to her former husband until the latter finds a job.

Gastev, was a soldier in the Russian civil war. When he returned from the front his wife applied for and obtained a divorce on the grounds of mutual incompatibility. The daughter remained with the mother, while the son was in the custody of the father. Recently Gastev lost his position. When his wife refused to contribute to the support of the son he went to law on the matter and the court upheld his claim.

## Too Clean

"Uncle Bela" Hughes, 79-year-old Confederate veteran of Mexico, Mo., has been granted a divorce from his wife of eight weeks because she insisted that he "keep too clean." This extreme cleanliness interfered with his business, he said, which is running a chicken farm, so he gave her \$200, 24 chickens and some canned fruit to get her consent to a divorce.
