New York Police Declared Cruel

NEW YORK, May 21.—The
 greatest police force in America is
 not the bravest, and its members
 beat the prisoners who fall into
 their hands to wrench incriminat-
 ing admissions from them, accord-
 ing to charges of the New York
 Lawyers' association which has
 just completed a survey of police
 methods.

Five Carload of Cattle—
 Ben Hunt went through from
 Stockton to Portland with five
 carload of cattle.

Well, another American, has
 gone to the north pole and re-
 turned the visit which it paid us
 last winter.

There are enough amateur
 golfers in the United States to
 end the British coal strike.

 in Chicago, but then she had been
 married to him for fifteen years.

Coolidge, president, went cruising
 in the Potomac. He's so
 quiet we would enjoy going fish-

 any almost grown daughters.

Jazz Defended By Music Instructor

UNIVERSITY OF OREGON,
 Eugene, May 21.—This thing of
 criticizing jazz music has gone
 far enough, in the opinion of
 Louis P. Artau, instructor in pian-
 o in the university school of mu-
 sic.

Popular music has fostered mu-
 sical appreciation because it is
 taken, for the most part, from the
 classics. Artau points out. He
 offers as illustration "Thanks
 for the Buggy Ride," which, he
 avers, was taken from "Madame
 Butterfly."

Artau sees in jazz the possi-
 bility of the creation of a distinct
 form of American music. This
 might come by picking out, of
 some big melodic parts, writ-
 ing jazz and thereby developed a
 form for it, something it now
 lacks.

MOTION PICTURE TRIUMPH IN FIGHTING LOWER FLEA

 Microscope slow motion photo-
 graphy, magnifying them over 5-
 000 times, will be shown for the
 first time in Gloria Swanson's next
 picture, "Fine Manners," her
 studio announced.

Success in the attempt to pho-
 tograph the tiny insects was
 achieved by George Webber, head
 photographer, after five unlucky
 attempts.
