Purchased Pontiac Coach—The Wilhite Motor Co. reports the sale of a new Pontiac coach to F. J. Murphy.

BRICK MORSE'S CALIFORNIA COLLEGIANS

The inhabitants of the Hawaiian Islands are arranging to flock en masse to the principal cities of China, Japan and the Philippines this summer to hear Charles Merrill of BRICK MORSE'S CALIFORNIA COLLEGIANS, who guarantees to teach them a few new tricks on the Ukulele.

MERRILL plays a banjo-ukulele, especially designed for him and his act, as an accompaniment to JACK KELSEY, the talented Glee Club pianist, in a series of popular songs and ballad numbers. The act presented by these two boys is one of the best in the repertoire of the COLLEGIANS, who are playing at the Vining Theatre tomorrow only.

BRICK MORSE'S CALIFORNIA COLLEGIANS is a Glee Club of one hundred men (twenty of whom are on this trip) composed entirely of college men from the UNIVERSITY OF CALIFORNIA. Each summer the Club takes a long trip earning its way by giving shows enroute. Several trips of the Orient, Europe, Alaska, Canada and the United States have been made during the past few summers. This summer the boys are going to the Orient again. The fact still remains that this is the only College Glee Club to have toured the Orient.

The piano-banjo act put on by Merrill and Kelsey is a featured part of the program.

DON'T MISS THEM.

BUSINESS MEN WILL AID PROHIBITION CLEANUP

SEATTLE, Wash., (UP)—A "committee of 100" business and professional men, organized a crusade for prohibition and public morals, is bringing influence in support of public officials seeking honest and strict law enforcement.

Dirigible Wrecked at Balloon Race

The recent indictment of 175 persons by a federal grand jury, most of them on liquor charges, and among them a police officer, Capt. E. L. Hedger, strengthened the conviction of this organization that its efforts were needed.

The primary purpose of the committee is to combat sentiment and propaganda favoring amendment of liquor laws.

The movement was launched by civic leaders encouraged by Public Prosecutor E. C. Colvin, who said the ideal situation urgently requires an organization that represents public opinion on the side of law enforcement.

The Rev. Clarence Taving, rector of St. Andrew's Episcopal church, originated the plan, which is modeled somewhat after the New York committee of 100.

A tiny electric fan has been invented that is operated by screwing it into a light socket.

A photographic system for surveying and measuring land has been invented by a London resident.

Crowds that gathered at Little Rock, Ark., for the national balloon races got an unexpected thrill when the big army dirigible TC-8 ripped a seam and came down in a heap. The big ship is shown as it looked after the gas bag opened, at the top and let \$6000 worth of helium escape. The gaping hole is plainly visible. The crew escaped unhurt.

Husband Demands Wages From Wife

VANCOUVER, Wash., (UP)—"If my wife wants a divorce then I want wages," was the reply in a counter-suit here by Henry Hallsten, who claims that he has worked on his wife's farm for six years, and without pay. The labor transformed a farm worth \$5000 into one worth \$15,000, according to Hallsten, who seeks \$4000 in back salary from Mrs. Hallsten.

Determined not to be out anything, Hallsten also seeks \$500 which he says his wedding cost him.

Winning and Holding Good Will

There is no more enthusiastic group of motor car owners in America than the tens of thousands of owners of the Oakland Six. The reason they are enthusiastic is that this car does everything they call upon it to do, better than any other they have ever owned. Brilliant speed—fasting acceleration—unmatched smoothness—rugged machine—these are built-in Oakland Six characteristics.

In addition, the car offers every advanced feature, including Body by Fisher, air cleaner, oil filter, full pressure oiling, interchangeable bronze-braked bearings, Four-Wheel Brakes and the Harmonic Balancer—

—all at prices ranging from \$1025 to \$1295.

By sheer surplus value, the Oakland Six is winning and holding the good will of all who buy it.
