NEW MEXICAN EDITOR TO GO ON TRIAL JUNE 14TH

NEW MEXICAN—LAS VEGAS, N. M., June 2.—(UP)—When Carl C. Magee, editor of the State Tribune at Albuquerque, goes on trial here June 14, charged with manslaughter in connection with the death of J. B. Lasseter, state highway employe, the dingy little court room will be the center of a drama that for three years has centered about the "stormy petrel" of New Mexican journalism. When Judge Luis Armijo calls the court to order, many of the figures that have passed back and forth in the dramatic scenes of former trials will again be represented in the proceedings. Judge Armijo, elected in 1925, over Judge Leahy, was district attorney at the time Judge Leahy sent Magee to jail on contempt of court charges, in July, 1924. He did not, however, appear in the cases against Magee. Judge Leahy, always presiding in past trials, will appear this time as a witness. It was Leahy's surprise attack on the editor which resulted in the accidental killing of Lasseter, who attempted to flee and entered the line of Sheriff Lorenzo Delgado, escorted the editor up the side street to jail in 1924, will again be officer of the court. R. H. Hanna, former supreme court justice, and veteran of many a Magee legal battle, will be in his accustomed place, chief of counsel. Both Hanna and Fred Wilson, Magee counsel, have fought disbarment proceedings as a result of previous trials in Leahy's court while representing the editor. Wilson, junior member of the firm, is now withdrawn from the case, having been appointed

The highest quality in products is always a development, not an overnight wish gratified in the morning. "Union Oil of California" and "Union" products for the automobile developed with the motor car itself.

Speed, power and mileage, therefore, have been developed to the nth degree in

Union Gasoline

Non-detonating

Union Gasoline provides, and always has provided to Western motorists, the non-detonating feature which supplies full power to the pistons throughout their entire stroke and eliminates all explosive "knocking" or "pinging" on the hills or in heavy pulling—a quality for which Eastern motorists are now buying "special gasolines" and paying 3 cents per gallon in excess of usual prices for them. Yet Union costs no more than other high grade fuels.

Always use Aristo Motor Oil with non-detonating Union Gasoline because this combination minimizes carbon to the extent that motors in good condition are run for several years without it.
