Hobo Party—
Over twenty-five members of the Epworth League experienced something new in the way of entertainment when they dressed as hobos and met at the church for a Hobo Party. E. O. Smith was elected King Hobo and all others followed his leading in search of " grub."

They first headed north up the middle of the street but were turned away at every place they stopped. After roaming around in that part of the city without any luck in getting anything to eat, they then decided upon a different plan of approach when they were to stop at the next house. It worked; and they were relieved of their weariness and hunger at the home of B. L. Powell.

They were encouraged by their good luck and took to the road again. Going through dark streets and by-ways, they next came to the King's home. Here they forgot their hobo characteristics and engaged in games and songs. At a late hour the hobos gathered around a camp fire and ate buns and roasted weenies.

John Mills will long be remembered as a good Fourth Vice-President by so successfully putting over this affair."

Alpha Chapter Have Covered Dish Supper—

Tuesday evening, Alpha Chapter, O. E. S. No. 1, held its last regular meeting until vacation is over. The next session to occur in September.

To mark the occasion, it was decided to have a covered dish supper. At this, there was a really, truly feast with all the satisfying things imaginable to tempt the appetite. And they were tempted, it is said.

Considering the counter attractions, there was a large number of the members present to enjoy the social hour.

Ladies Aid Renovate Manse—
The Ladies Aid of the Presbyterian church have planned quite extensive renovation of the Manse. Rooms are to be replastered and tinted and a new roof added, it is understood.

While a goodly sum is forthcoming from its treasury, more is needed, so the ladies plan a series of entertainments to raise the money.

The first will be a food sale to be held Saturday of this week. What form the others will take has not been announced. Judging by the popularity of food sales, the society may decide to have a number.

Upper Valley Community Club Meets—

The Upper Valley Community Club will hold its meeting next Tuesday at the home of Mrs. Harkins in Bellview.

This is an especially important meeting since at it the election of officers for the coming year will be held.

Other than the business meeting, there is always a program of interest and the social hour.

It is hoped that there will be an especially well attended meeting on the coming Tuesday.

Mr. and Mrs. W. M. Day Entertains—

Saturday evening at 6:30 Mr. and Mrs. W. M. Day were host and hostess at a delightful dinner with covers laid for eight.

The evening was spent in a social fashion, the guests lingering until a late hour enjoying the pleasant hospitality.

Interested Data—

Interesting data has been furnished by the press correspondent for the County Health Association in regard to the membership drive conducted some time since.

The results show that Ashland has a membership of 37, Medford 100, Talent 23, Phoenix 14, Jacksonville 66, Central Point 116, Gold Hill 26, Rogue River 12, totaling 388 members at 50 cents each; the largest number ever secured in any annual drive. This will make it possible for the Health Association to carry out a few of the long needed health activities in Jackson county. Some that are especially needed are dental clinics, health centers in remote districts and more educational work.

The group of health workers in the Phoenix district held an instructive meeting recently at the home of Mrs. John Gammill. Miss Mildred Carleton, president of the County Health Association was present and told of the various duties and responsibilities of the members and how they could help the county nurses in their work.

A "Decalogue of Science" by Wiggins, was recommended as an excellent book on eugenics and health problems.

Today there is in progress one of the series of community meetings.
