

KIWANIS CLUB WILL HANDLE BIG PARADE

(Continued From Page One)
Monday evening, June 7th, at the Lithia Springs hotel, where a banquet will be served at 7:30 p. m. were being arranged by his committee. This meeting, which will be participated in by the Medford, Klamath Falls and Madras Kiwanis club is part of a program throughout the Kiwanis kingdom, with each club holding meetings at the time of the opening of the international Kiwanis convention in Montreal, Eop Gates, of Medford, will be the main speaker, and will deliver a talk along the lines of the international president's speech in

Montreal. The committee is working up some clever stunts. It was stated, for the program, H. L. Claycomb, who had charge of the program, turned the meeting over to the club to practice on songs for the Monday night festivities, and, with Carl Loveland leading, several new songs were introduced. Fred C. Homes was drawn to contribute to the child welfare fund.

Many To Attend Baptist Session

LOS ANGELES, (UP) — The annual convention of the Baptist Young Peoples' union of America, to be held here July 7 to 11, is expected to attract 7,000 delegates. According to local committee men, more than 5,000 youths, ranging in age from 15 to 25 years, have already made reservations for the religious meeting. This delegates will represent all states and Canada.

As yet the north pole explorers don't report a single case of an eskimo dog chasing a north pole cat.

Most of those sighing for the good old days wouldn't know which end of a horse to crank.

FIREWORKS TO BE PAGEANT FEATURE

FIREWORKS—One of the big features of the forthcoming "Blazing F. h. e. Trail," which Andrews and Henshew will present on the nights of June 22, 23, and 24th at the Jackson County Fair Grounds, is to be the fireworks display closing the show. In connection with the musical finale and ballet. The stage will be set to represent a virgin forest around a stockade on the trail to Jackson Creek, with its original Mt. Mazama peak looming above the trees in the distance. When Chief Telkwa (Harold Gordon) is about to sign the peace treaty between the whites and Indians he says if what they are about to do is pleasing to the Good Spirits, they will signify it by a fiery token from the crater. As he signs, the old volcano becomes active and a most life-like eruption is produced by the Hit Firework Co. of Seattle, who are also putting on an eruption of Mount Loa at the Philadelphia Sesqui-Centennial. This is only one of the many features that will occur during the production, the Indian attack on the stockade which ends the second period (or act) will enlist fully three hundred people, with horses, soldiers, will undoubtedly be a most thrilling spectacle.

Boston Refuses To Accept Gift

CAMBRIDGE, Mass., (UP) — This city has refused to adopt a "grandchild" of the famed Washington Elm. An engraved granite slab will mark the site of the historic tree, which was torn down about two years ago as a menace to public safety. The City Council has decided to honor the ancient Elm in this fashion instead of supplanting it with one of its descendants. The "grandchild" was offered for adoption by Mrs. James A. Dorsey of Baltimore. She said many years ago a Baltimore lawyer had obtained seeds from the Washington Elm, taken them home, planted and nursed them until they were ready to be transplanted outdoors. Women are so vain. They get their hair cut almost as often as men.

NOTICE To Water Users

YOU ARE HEREBY NOTIFIED that on and after June 5, 1926, the city of Ashland will be divided into two districts, Upper and Lower, for irrigation purposes, the dividing line being the Boulevard and Main streets.

UPPER DISTRICT

That portion of the city lying above the Boulevard and Main streets to be known as the Upper District, will be allowed to use water for irrigation and sprinkling purposes on Mondays, Wednesdays and Fridays from 9 a. m. to 10 a. m., and from 5 p. m. to 10 p. m., and on Sundays from 9 a. m. to 10 a. m.

LOWER DISTRICT

That portion of the city lying below the Boulevard and Main streets, to be known as the Lower District, will be allowed to use the water for irrigation and sprinkling purposes on Tuesdays, Thursdays and Saturdays, from 5 a. m. to 10 a. m., and from 5 p. m. to 10 p. m., and on Sundays from 5 p. m. to 10 p. m.

The use of water through meters will not be under these restrictions.

Public parks in their respective districts will irrigate between the hours of 10 a. m. and 5 p. m.

Water must be turned off immediately in case of fire.

Do not use open hose or open faucet where you are paying for 10,000 or 20,000 square feet. Use either spray nozzle or hose with nozzle not more than 1.4 inch in diameter.

Tax Reduction In Near Future Doubted

WASHINGTON, June 4.—President Coolidge feels that there is scant possibility of a reduction in federal taxes within the next few years. The White House spokesman pointed out today that the nation must pay off its national debt and that every available cent could be well expended in that direction.

Order Probe Of Gasoline Prices

WASHINGTON, D. C., June 4.—(UP)—The senate yesterday afternoon directed the federal trade commission to investigate price-raising practices on gasoline as well as the methods employed in fixing the prices of petroleum products. The commission was directed to report at the next session of congress.

AMERICANS THREATENED

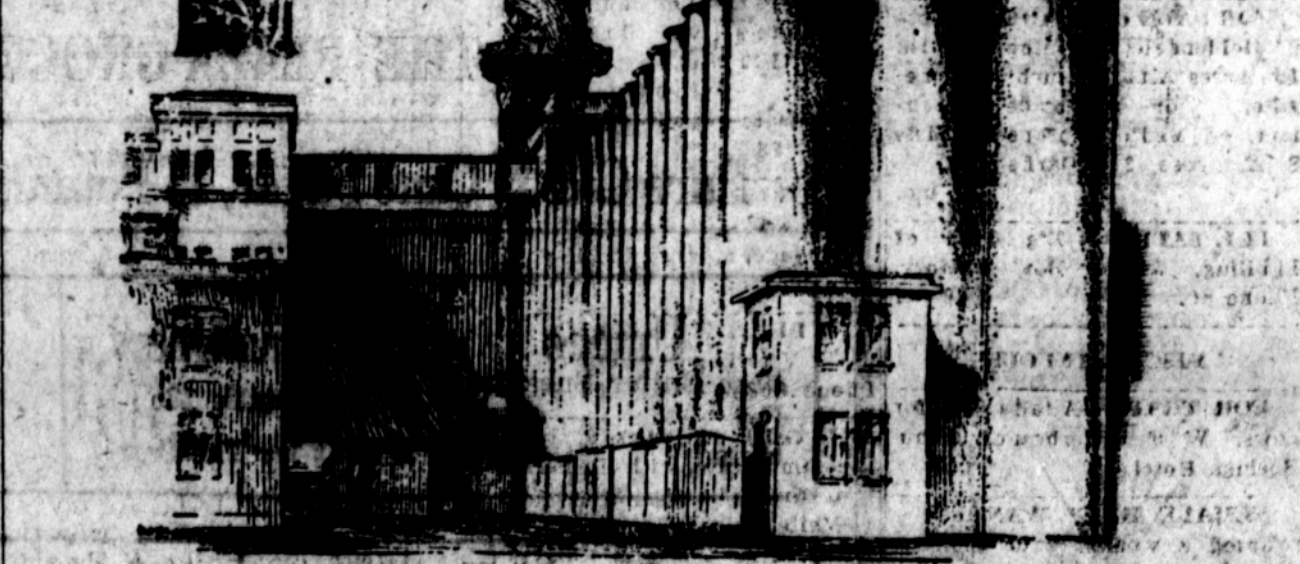

WASHINGTON, D. C., June 4.—(UP)—An attempt to blow up the chancery of the American legation at Montevideo, Uruguay, was reported to the state department today by American Minister Grant Smith. The bomb exploded at 3 o'clock this morning in the vestibule of the building in which the chancery is located. There were no injuries.

This is not a boast — it is the truth FISHERS

No other mill in existence could make Fisher's Blend Brand Flour, not with complete uniformity day in and day out, even though it possessed the Blend formula. That is one of the reasons for our pride in "America's Finest Flouring Mills."

One of the first features of our plant to impress a visitor is the battery of huge bins for the storage of wheat. Their combined capacity is sufficient to supply the home needs of 400,000 people for half a year. Such a large capacity makes it possible accurately to grade every incoming shipment of wheat. Without it we couldn't make Fisher's Blend Brand Flour positively uniform.

Immediately on its arrival at our mills for storage the wheat is cleaned according to its composition of these elements. Henceforth it is regarded as certain percentages of protein, gluten, mineral salts, and starch. Withdrawals for the milling of Fisher's Blend Brand Flour are made from separate bins in such proportions as will give the exact percentage of each of these elements required by the Blend formula. That is why Fisher's Blend is the same today as last month, as on years ago.
