## ALWAYS TIRED AT NIGHT— TRY THIS

A healthy person never feel constantly tired. Being "tired" continually is a sign of something wrong. When John R. Gordon, Danville, Ill., found himself "always tired at night and burdened with backache," he took Foley Pills, a diuretic stimulant for the kidneys, and writes: "After a few doses, I felt better, could work with more ease, became stronger and could sleep better." What Foley's Pills have done for others they may do for you. Guaranteed to give satisfaction. Ask for Foley Pills. Sold everywhere. No. 4.
