...wishes, washing windows and various house work and outside work. One of the favorite but most exacting methods was that of washing traps. A very commendable spirit was shown by these girls in financing their own way for the trip. The following girls, under the chaperonage of Miss Margaret Carson, will be in attendance at the Camp.

The Misses Ellen Galey; Edith Hochmiller, Madeline Stevens, Lydia Smith, Ledra Bartlett, Jane Pollard, Lelita Pierson, Ethel Dodge and Lucile Carson. Miss Carson will chaperone the girls as far as Portland, where they will be met by Miss Mildred Crane, an Ashland teacher who is counselor at Camp Manana. The girls anticipate a delightful as well as an instructive outing.

Lake O' the Woods Notes
The work at Rainbow Bay is progressing rapidly, where the store has already been built. There are a number of cabins, one large one already finished. Several new cottages have been built on the East shore of the lake and on its Western border lights gleam across the lake—proclaiming that a number of new summer homes have been erected.

Henry Enders Jr., has built a substantial addition to his cabin on the East shore, making it a commodious building. Many of the summer residents have had week-end guests and for longer periods. Mr. and Mrs. Coggins were guests Sunday of Mrs. Emma Oeder and daughter Linda.

A house party at the cozy cottage of Mr. and Mrs. Ralph Vining is composed of Mrs. O. Winter, Mrs. Bourne and son, Gordon. Mrs. Fountain and Mrs. Walter. There was a pleasant camp-fire party at the Vining cottage Wednesday night, when many of their neighbors gathered for a social evening. Another happy group were entertained at a watermelon party at the McGee cottage. Singing, accompanied by the banjo, popping corn and moonlight bathing furnished amusement.

The Briggs are occupying their cottage. Lawrence Wagner and Kenneth Hobson are at the Wagner cottage. Mr. and Mrs. Lloyd Mault and son are here for the summer. Many Klamath Falls people have already arrived at the Lake to enjoy their summer homes.

Beach parties, afternoon visiting, hikes, boating and fishing fill the days. Fishing is especially good this year. While not so many as usual are at the Lake at this time of the year, every one is happy and enjoying the quiet beauty of the place.

As Reunion at Medford
A family reunion was held at the home of Mr. and Mrs. E. M. Wilson of Medford. An elaborate dinner was served to the following guests: Mr. and Mrs. Harry Goeller and family of Klamath Falls; Mrs. Lloyd Hippy and daughter, Eleanor, of Los Angeles. Mr. and Mrs. A. Bell of Central Point, Mrs. Nate Otterbein of Klamath Falls; Mr. and Mrs. A. L. Harvey of Ashland and Mrs. Frank Wright of Klamath Falls. Mr. and Mrs. Bob Sloan and son, Junior, were guests for the afternoon.

Visitors From Washington
Mr. and Mrs. Kiner, parents of Mrs. A. V. Hardy, and her brother and sister of Govan, Washington, are here for a visit with Mr. and Mrs. Hardy. They are planning on making Ashland their home in the future.

Sorority Dinner
Miss Caroline Tilton, daughter of Dr. C. F. Tilton of Almond St., was hostess to a group of girls of the Alpha Delta Pi Sorority. The affair was to compliment Miss Beth Sutherland, who is the guest of Miss Edith Dodge. The other guests were Miss Margaret McCoy, Miss Francis Pratt, Miss Edith Dodge, and Miss Bernice Yeo who finished last year. A charming innovation was the serving of the dinner "Al Fresco." A delightful time was enjoyed by the reunion of these Sorority members.

Camping Party
Eight girls with their camp... picnic... The picnic grounds in Litchia park was the scene of an old-fashioned basket dinner, Sunday noon. The members of the Christian Sunday School and church congregated in the park after the close of church services and enjoyed a bountiful spread and a neighborly time.

Summer Art School Classes
The Summer School of the Art Department... (The school) closed with a most interesting exhibit, held at the City Club Home; the closing days of last week. The faculty of the Art School was greatly pleased with the attendance and noted the marked appreciation the display received. The school is a success in the work it is doing and although not yet well enough established to be on a paying financial basis yet the improvement over the past years was notable. Many who visited the very excellent exhibit evinced great interest in the work and hope for a continuation of the work here. Mr. Payant photographed some of the beautiful things for the in... Art displays, which speaks well of the artistic work done in the Normal Institute. A number of the Normal School students took part and enjoyed the work greatly. After closing their summer work Miss Hanks and Mr. Payant left on Sunday, Miss Wightman and another expect to leave Monday and Miss White will leave the thirty-first.

Enjoyable Picnic
A most enjoyable time was had by those who attended the joint picnic of the Royal Neighbors and family and the Modern Woodmen and their families. A bountiful spread was served and the... of the party.

...the clearing of the festival board. Such gatherings promote the spirit of "neighborliness" among the camps and should be a frequent occurrence.

Try to the Oregon Coast
A trip to the Oregon Coast will be one of the things remembered by these members of the Ashland State Normal School. The ones enjoying the event were: Miss Edith Berk, Miss Eva White, Miss Trotter and Miss Stevens. Miss Blanche Hicks of the Ashland Library was also a member of the party.

GENERAL

GASOLINE

Every General Independent Dealer is now pumping this latest and greatest of gasolines—the gasoline that on May 30th broke the world's record at the hydroplane races at Newport. It was developed for hydroplanes. Now it is ready for your automobile.

\$1,000.00 in cash for the winning name
We need a name for this new gasoline—a name that will be distinctive of a motor fuel that is worth a premium but costs no more than others.

Here's what you will get from this new gasoline
The first time you use this new gasoline you will get

- A noticeable increase in power and pick-up both winter and summer
- Less carbon deposit
- No crank-case dilution
- A noticeable increase in gas miles
- No fuel knock
- No pitted valves or fouled spark plugs
- Lower transportation cost

Here's why you will get it
This new gasoline is highly volatile but perfectly balanced. Gas miles have not been sacrificed to produce that increase in power. Every drop vaporizes—it burns clean, leaving no deposit to produce carbon. It contains no acids or sulphur to pit valves or foul spark plugs.

To enter the contest all you have to do is follow the rules. Write your name on the coupon or use an entry blank from your General Independent Dealer. Every body is eligible to enter the contest excepting the employees of the General Petroleum Corporation and their families. Try it first. Then name it. A thousand dollars in cash is waiting for the lucky person.

Brain your crank case and fill up with Parabraz. It's your insurance for as perfect a motor at the end of the run as at the beginning. For Fords use Parabraz.
