Thus Quaker Oats, containing 15% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning. It should start every breakfast in your home.

This is one of the best pictures yet made by the most popular of all Western stars, and allows Gibson his fullest freedom to gambol through breath-taking adventures mid wild, careening, horse-manship. It's a pippin of an action story, and you'll thrill through every minute of it!
