TROUBLE NOW BREWING FOR SOVIET HEADS

Revolution and Mutiny is Started in Russia, Dispatches Assert

STRONG DENIAL MADE

London Gets Two Widely Divergent Reports Concerning Trouble

LONDON, Aug. 9.—(UP)—Two absolutely divergent stories of what is taking place in Soviet Russia were laid before the world today. From Athens, Bucharest and Warsaw came rumors of a revolution and mutiny in Southern Russia, with street fighting and many deaths reported.

From Moscow came reports saying the foreign office of the soviet government denied all report of a revolution, claiming they are simply the result of anti-soviet propaganda. Tourists returning recently from Russia told of a growing unrest through the soviet government, with indications that it would soon lead to an open revolt.

Which of the reports is true is not known in official circles here, although there is an inclination to place greater credence to the dispatches from Athens, Bucharest and Warsaw.

Mr. Stearns was one of the most colorful pioneer figures of early Oregon. He also was a member of the early day legislature where he was a central figure in the swamp land fight. MEDFORD WINS HURLING DUEL WITH ASHLAND

Phillips Has Too Much Stuff on the Ball for Local Batters

ALL TEAMS NOW TIED

Mohler Pitches Effective Ball But Weak Hitting Causes Downfall

SOUTHERN OREGON LEAGUE

	W	L	Pct.
Ashland	6	6	.500
Grants Pass	6	6	.500
Klamath Falls	6	6	.500
Medford	6	6	.500

Ashland dropped its third straight game yesterday when Medford defeated the crippled local club, 9 to 4, after a hard uphill fight.

Phillips, Medford pitcher, held the local batters helpless during most of the game, the home boys getting but four safe blows off his delivery. Mohler, who did the chugging for Ashland, was equally as effective but his support at times was wobbly, and he began to weaken in the seventh, when Medford put across three runs.

Logan Gets Homes Ashland's first score came in the second inning when Johnny Logan cracked out a liner drive to deep right center and circled the paths while "Hoosier" Hofford, Medford centerfielder, raced after the ball.

Two innings later, Phillips walked two men and Sunny Mohler cracked out a Texas leaguer over second base, scoring both men. Ashland counted one more in a later inning, for its total of four.

In the seventh Medford began its fireworks with a couple of infield hits and a walk, together with an infield error, which gave them three runs.

Get Four Runs In the eighth Mohler was taken out after he had allowed one hit. Davis went in in an effort to stem the tide. An error and another hit filled the bases. A fielder's choice scored one runner. Then Phillips, Medford pitcher, came to the bat and cracked out a lucky hit over the first base gap. Before the right fielder could recover the ball, three runners had scored.

Ashland started and finished the game with a crippled infield. But at that, the boys played better ball than had been expected, although they were unable to hit Phillips, who was pitching a real brand of ball. Winters, pitcher, who substituted at third base, was a tower of strength on defense, making several sensational stops of hard hit balls.

Umpire Razed As is generally the case when Ashland and Medford meet, the Medford fans razzed the players during most of the game, although their attention was mainly directed toward Umpire Davis.

Grants Pass continued its winning streak by defeating Klamath Falls yesterday, so all teams in the league are now tied for first place as well as last place.

With but three more games to play, the first season of the newly organized Southern Oregon league should draw out record breaking crowds. Ashland goes to Grants Pass next Sunday. The following week it will go to Klamath Falls and will close the season on the home grounds, meeting Medford here in the final game of the season. The league leadership is now a toss-up with Grants Pass appearing to have the best chance, after wallowing in the cellar for most of the season.
