

Local Personal Notes

A Daily Chronicle of those who come and go, and events of local interest

Vagrant Fined—

O. Tolson was found guilty of vagrancy this morning and was fined \$5 and costs by Police Judge Baughman. He was picked up in the railroad yards. He first decided to serve out his fine but a few minutes later changed his mind and paid over \$7 to the city.

Some people do not like to buy real estate through an agent. They stand in their own light and you most always find them never-do-wells and of little mental scope. You will always find the successful man going to a reliable agent when he wants real estate because he knows the agent is able to give him the best buys. For instance the following: Four and one-half acres of alfalfa on highway, good 5-room house that is not quite finished, small barn, hen house, fine stand of alfalfa and under ditch, \$1200. \$500 down and \$200 per year, 6 per cent.

One of the finest lots in the city at the head of Palm St., 60x25 to alley, \$250. See the firm of good buys, Ashland Realty Co. 296-3

"Siberia" depicts the reign of Czar Nicholas when free speech meant the firing squad or the bleak, desolate salt mines of Siberia. The screen version is faithful in its depiction of the dreary "wastelands, something the stage play lacked. It is ideally cast and well worked out.

Quaker Oats "stands by" you through the morning

That's why doctors urge it to start every day

To feel right through the morning you must have well-balanced, complete food at breakfast. At most other meals—that is, at luncheon and at dinner—you usually get that kind of food but rarely at breakfast.

Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning. Food that should start every breakfast you eat.

Don't deny yourself the natural stimulation this rich food offers. Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.
