May Get Opportunity

Milton Bilderback, relief hurler for the Grants Pass ball club, may get an opportunity to try out with the Coast League. This was brought to light last Tuesday night when Lew Schroeder, scout for the Oakland team, watched the Grants Pass-Ashland game and became acquainted with some of the boys. He had Bilderback, the local high school for two years, in conference with him night before last and it was indicated that he was really impressed. Schroeder watched the game with interest, watching out for a new material for the Coast teams. Bilderback may be called by the Oakland team at any time to try out.—Grants Pass Courier.

GOES TO ENGLAND TO GET HIS SLEEP

LONDON (UP)—An American, Francis Hyde, retired New York banker, 35 years old and president of the American Bible Society, has come to London "to sleep" for more than forty years.

"I've caught a cold in a Cairo night, I've talked about in fever heat in Paris and Berlin, and now for New York," words failed him when he tried to describe New York's summer.

"You can sleep in London," he went on, "and that is more than you can do in summer in most places. London night temperatures always permit the use of a blanket and an old man can have the sleep he needs without risk of catching cold.

Hyde knows what he is talking about. For forty years he has been met each summer at the London terminus by William Hill, the oldest porter at Claridge's, and William's first job for forty years has been to hang Hyde's thermosometer outside the window. The banker has also studied

ALWAYS TIRED AT NIGHT TRY THIS

A healthy person never feels constantly tired. Being "too tired" continually is a sign of something wrong. When John R. Gordon, Danville, Ill., found himself "always tired at night and burdened with backache," he took Foley's, a diuretic stimulant for the kidneys and writes: "After a few doses, I felt better, could work with more ease, became stronger and could sleep better." What Foley's Pills have done for others they may do for you. Guaranteed to give satisfaction. Ask for Foley's Pills. Sold everywhere. No. 4

101-YEAR-OLD WOMAN LUKES PLAPPIN HABITS Philadelphia, (UP)—Three dishes of ice cream a day, God's will and plenty of coffee, make for a long life, according to Mrs. Katharine Ricketts, who recently celebrated here the anniversary of her 101st birthday.

Mrs. Ricketts approves of bobbed hair for women as old as herself "for comfort and not for style," and suggests that girls of the present generation be privileged to smoke cigarettes and wear short dresses if they want them.

The weather reports at the Kew Meteorological Station for four decades.

The charm of London summers has brought him across the Atlantic 163 times, to the same room in Claridge's which he first occupied in 1899. He arrives regularly in June, goes back to New York in July to look at his mail, and returns to London by the very next boat for the remainder of the summer.
