There was an old man from St. Bees Who was stung in the head by a wasp. When asked if it hurt He replied, 'No, it doesn't, I thought all the time 'twas a hornet.'

Misfortune may strike at you from many an angle... from a wasp sting developing into blood poison, to having your house burn down. But if your insurance is in the hands of this agency of the Hartford Fire Insurance Company, then it won't hurt so much because you can think all the time that you are well protected.
