**WRECKING THE BOYCOTT**

WASHINGTON, Sept. 24.—Production of the writing has not increased in recent years. Officials are undecided whether to attribute this to increased use of the typewriter or to speeding up of American life to a point where telephones or telegrams are used for many communications.

Writing for production last year was \$4,195,115 in the 23 principal factories, which made 100,000,000 products to make a total output of \$4,084,378, which is more than \$30,000,000 under the 1922 mark. In the same period, the number of establishments with a \$1,000 a year production decreased 23 three.

Notice is hereby given that, pursuant to the terms of the said execution, I will on the 18th day of September, 1926, at 10:00 o'clock, a. m. at the front door of the Courthouse in the City of Jacksonville, in Jackson County, Oregon, offer for sale and will sell at public auction for cash to the highest bidder, to satisfy said judgment, together with the costs of this sale, subject to redemption as provided by law, all of the right, title and interest that the said defendants, Hilma M. Jalo and Conrad C. Jalo had on the 29th day of January, 1924, or now have in and to the follow described property, situated in the County of Jackson, State of Oregon, to-wit:

Beginning at a point 29.74 chains east and 30 chains south of the southwest corner of Donation Land Claim Number 39, in Township 33 South Range 1 East of the Willamette Meridian, Oregon; thence South 20 minutes east 234 feet for the place of beginning of the tract herein to be described thence south 20 minutes, east 234 feet to the southwest corner of land heretofore conveyed by H. Williams and wife to Jasper H. Loomis by deed recorded at page 268, volume 15, of Deed Records of Jackson County, Oregon; thence east along south line of said tract 3.59 chains, more or less, to the west line of Harrison Street; thence north along the west line of Harrison

One of the most beautiful acts on the entire program of the Sells-Floto circus, to be in Medford, Saturday is that the "All Equine Marble Models" in which half a dozen white horses are among the principals. The remarkable training of these animals leads one to marvel as to just how far it is possible to go in the training of horses. Each one in this act is handled by a young woman, two of whom are shown above. They are Misses Mildred Aylesworth and Helen Young, expert horsewomen. The same young women appear in charge of two of the 30 dancing horses later on the program.

**S BOYCOTT IS PHILIPPINE PLAN**

MANILA, (UP)—Sentiment among Filipino extremists in favor of a boycott against American business men in the islands who are actively fighting the independence movement, has been greatly stimulated by the introduction of several bills in Washington designed to curtail native autonomy in the Philippines. Senator Osmas, who is also president of the National University and recognized leader of the radical student element, addressing a mass meeting openly advocated the use of the boycott as a weapon against Americans and British firms which are contributing money to the campaign against independence.

The meeting was chiefly for the purpose of denouncing the Kless Bill No. 1, which would strengthen the powers of the American auditor in the Philippines, the Kless Bill No. 2, which would strengthen the powers of the governor general, and the Bacon Bill, which would amputate Mindanao and other Moro lands from the main body of the archipelago.
