Lake Waters Still Lower
Receding waters of Lake of the woods, dropping approximately 30 inches since July 1, have exposed the fissure in one end of the lake, believed partially responsible for the phenomena this is according to F. F. Anderson, manager of the R. A. Pilcher company here, and Ruy Jester, caretaker of Harriman Lodge, who Sunday visited the lake and took pictures of the fissure. The hole in broken rock is about three feet deep and Sunday but a small stream was trickling into it. Inasmuch as the lake level has continued dropping, it is now believed that other fissures on the same rock seam are still absorbing water.—Klamath Falls Herald.

Flavor is everything in breakfast oats

WHEN you find a person, especially a child, who "doesn't like oats," chances are they haven't tried the right kind.

Get Quaker Oats. Once you taste "Quaker" flavor, you are spoiled for ordinary oats.

That rich and tasty Quaker flavor is the result of some 50 years milling experience. No other oats approximate it.

Quaker milling, too, retains much of the "bulk" of oats. Thus those who eat Quaker Oats find laxatives seldom needed. Combines protein, carbohydrates, vitamins and "bulk" in excellent proportions.

Costs the same as ordinary brands. You alone lose when you accept a substitute.

Quick Quaker cooks in 3 to 5 minutes. Your grocer has it; also Quaker Oats as you have always known them.

"There was an old man from St. Bees Who was stung in the head by a wasp. When asked if it hurt He replied, 'No, it doesn't, I thought all the time 'twas a hornet.'"

Misfortune may strike you from many an angle... from a wasp sting developing into blood poison, to having your house burn down. But if your insurance is in the hands of this agency of the Hartford Fire Insurance Company, then it won't hurt so much because you can think all the time that you are well protected.

The name contest for the new General ? Gasoline closes on August 31. Get the contest blanks from authorized independent General dealers.

General ? Gasoline was developed for hydroplanes and on May 30 the hydroplane "General" broke the world's record making an average of 42.66 miles per hour. On August 3 this hydroplane at the races at Newport Beach bettered its previous world's record by making an average of 43.06 miles per hour with General ? Gasoline purchased from an independent dealer at Balboa. This same gasoline is now being sold by all authorized independent General dealers here in Southern Oregon. 303-5
