Individual action by farmers is the chief solution of the fire problem on our farms and practically the only solution inless inventions and developments make fire fighting apparatus more useful than they now are with the spars settlement and limited water supplies of the country districts. Farmers should realize that they are paying an additional and that they had a set the country districts.

land ti mice with the print and the per can find out very quickly, that Expert Taylor depends.

Prices of German products are so highsthat the country cannot sell abroad. It is stated that this has resulted largely from social welfare laws which forced employers and workers to pay \$631,000,000 in 1205 for allowed well. and workers to pay \$631,000,000 in 1295 for alleged welfare benefits, while entire experts for that year were only
\$1,32,000,000.

Some people will be skin
their lives if they don't set of the cost of these twelfare benefits, goes to
set of prints just alike, there are

salaries of officials and other red tape expenses eted with all government indertakings of the grant with earning \$50 h mouth must spend

three per cent of his salary, for national insurance, his emissiver being required to pay the same amount for him, while they share in addition three per cent for unemployment and achident lisurance and four per cent on compen
mentant actions century of insurance and insurance, his someone who has been a long time an examination or perhaps thousands of prints.

And, while it doesn't matter, the whole Damm family in New satisf insurance. This means that the worker pays \$5.50 impossibility of taking prints is the whole Damm family in New A fish monopoly wish arbitrarily a month out of a salary of \$30, in addition to his income But where a body, or even a Gorman. tax, and after paying these charges to the government skeleton, is available at all, the he is look forward to receiving a pension of from \$6.25 skull is almost certain to be 7,50 a month after he has reached the age of 65.

### MOTHERLY LOVE

a speech recently, United States Senator James A. Reed of Missouri paid the following beautiful tribute to Mother will enter prisons of shame and kiss a

felon's hand thrust through the bars. She will sit beside the accused in courts of law, when the mob jeers and the heartless machinery of justice grinds its grist of agony and with inwavering faith maintain her child is innocent. She will stand at the foot of the scaffold and, when the trap has fallen; pillow the condemned and lifeless head upon her breast.

But, if the path of life has led her son to the fields of honor, her heart will glow with pride ineffable, un-speakable. If he is called to war, she will bid him goodbye with dry eyes, although her heart is filled with tears. She will maintain a firm and hopeful mien that he may gain courage from her sublime example. When he sleeps upon the tented field, her spirit will keep watch. Whilst he slumbering, she will pray. In the agony of waits ing, she will die a thousand deaths and choke back her sobs and hide her torture. She will search for him amongst the slain and try with kisses to warm the dead and enresponsive lips to life. She will coffin her heart with the beloved body, and her soul will keep the eternalvigil of a deathless love. This mother love is the golden cord that hinds the earth to God."

### PROTECT BASIC INDUSTRIES

While the present outlook for the sugar industry is none too promising, leading authorities on the subject state hat there is considerable optimism in the outlook for the future. Sugar like all products and commodis its good and bad years, but the demand is con-

WASHINGTON. Sept. 2.—

(UP—For seign years Congress
has been fighting over disposal
of the \$155,00,000 down dams
billi by the sovernment on the
Tennessee River at Massle Sheals;
Alabama, during the way. The
climax of the long paule which tavelves needed low prices fertilizer for farmers and the cost of
selectricity for homes and commercial purposes in the South is
to be reached at the coming yession of Congress.

The special joint congressional
committee appointed by Congress
itself to find a solution of the
perplexing problem has proposed
