CONSTRUCTION TO START ON GOLF COURSE

W. J. Wade of Portland Retained to Put Greens in Complete Shape

WILL GIVE LESSONS
Local Interest Revived Among Ashland Members; Work To Be Rushed

Local interest in golfing met a surprising revival today with the arrival in Ashland of W. J. Wade of Portland, who has been selected to construct the 9-hole course for the Ashland golf club. Mr. Wade will get into action Monday morning and will continue steadily until the entire course is fully completed and ready for play. He brought with him Joe Urban, a veteran golf course worker, who will work under his direction.

Experienced Man
Although still a young man, Mr. Wade has had considerable experience both as golf professional and in laying out and constructing courses. He was a school mate with both Frank Dolp and Roy Moe, noted Portland golfers.

At the spring opening of the Coos Country Club at Marshfield last year, Mr. Wade and Tom Stack, Coos club pro, staged a match with Frank Dolp and Roy Moe. Although Stack and Wade were defeated, one up, Wade succeeded in winning from Stack and Moe and tying with Dolp.

As soon as he gets the construction work well under way, Mr. Wade will start giving lessons to local members of the club. Entries will be put in shape for golfing lessons which probably will be held twice a week. Announcement of the days and hours will be made by Mr. Wade next week.

Building of the water system also will be started during the present month. The water will be piped down from the irrigation canal and will give the course a complete sprinkling system.

County Fair Wins High Praise From Owens Valley Man

"This is, without question, the finest exhibit of diversified farming products I have ever seen in my life." Such was the enthusiastic comment yesterday of Charles Farbridge, one of the leading farmers of the Owens Valley, Cal., country, following his visit to the Jackson county fair. Mr. Farbridge is a county supervisor in his home county, but because of the sale of his land to the city of Los Angeles, he is seeking a new location and is giving Jackson county farm lands a close inspection, with the possible view of locating here permanently.

SCHOOL BELLS TO RING FOR ASHLAND CHILDREN MONDAY

Everything is in Readiness For Regular Fall and Winter Term

School bells will ring Monday morning, and one of the longest summer vacations local school children have enjoyed in many years will come to an end. The extra vacation period was necessitated because of the fact that the new junior high school building was not ready for occupancy last week.

The opening of the city schools will find two splendid new buildings in readiness for the boys and girls of Ashland. Workmen have been pushing the final touches to the new junior high school building, which was re-constructed from the old Hawthorne public school, and it makes a splendid addition to the buildings, facing on the Boulevard just a short distance off Main street.

Then, the new Lincoln school on Beach street, will hold its quota of Young America for the first regular fall and winter term. This grade school will be conducted jointly by the city school board and the Southern Oregon state normal school, and will provide a training school for the normal teachers.

School authorities are looking forward to a good enrollment in all schools. The extra week of vacation will be made up next summer, according to G. A. Briscoe, city school superintendent.

SPLENDID TALK ON CONSTITUTION GIVEN

Rev. H. F. Pemberton Addresses Members of Ashland Kiwanis Club

Sketching a complete history of the constitution from the time of the Magna Charta and King John, to the final adoption of the eighteenth amendment, and its resulting moral, economic and political effect on the United States, Rev. H. F. Pemberton, pastor of the Methodist church, told members of the Kiwanis club at their regular Friday luncheon meeting that this amendment as well as every other section of the constitution demanded "unswerving loyalty and strict obedience."

The meeting, which was in observance of Constitution week, was in charge of Superintendent of Schools, G. A. Briscoe, chairman of the Kiwanis educational committee who, introducing the main speaker of the luncheon characterized him as having an unusual knowledge of the constitution.

Rev. Pemberton, in a graphic manner, described the four-months' convention debate which took place before the constitution was finally adopted. Many of

SEATTLE SHIPPING BIG GRAIN TONNAGE

Total for Past Three Months is Declared Greatest in History

SEATTLE, Sept. 18.—This city is definitely taking its place as the leading grain port on the United States Pacific coast, in the opinion of Colonel George B. Lamping, president of the Seattle port commission. From July 15 to September 3 of this year a total of 1,500,000 bushels of wheat were loaded aboard ships here, an amount exceeding the entire total of last year and virtually equaling any year in the history of the port.

Adjustment of elevator charges is partly responsible for the increase, according to Lamping.

All plans are practically completed to have this service rushed to Ashland daily by air mail, and definite announcement will be made the first of the week.

Below are three United News stories which hummed their way over the press wires last night, and are printed today to give readers some indication of the varied news which they can expect as soon as the United News service to Ashland is inaugurated:

(By United News)
PAUL SMITH'S, N. Y.
Sept. 18. — President Coolidge is reported as being well pleased with the results of the senatorial and congressional primaries which are practically ended now. He regards them as on the whole satisfactory and not damaging to the prestige of the administration.

In only two cases were the senatorial nominations distinctly adverse. Defeat of Senator Lenroot by Governor Blaine of Wisconsin was expected and even here some satisfaction is taken in the showing Lenroot made in the face of almost certain defeat. The other major reverse was the defeat of Senator Crampton in Iowa by Smith W. Brookhart. The president can find no balm in that result.

He was Capt. Juan Mena of Alamagordo, who died today at the age of 109. It was Captain Mena upon whom devolved the task of executing Emperor Maximilian more than 75 years ago, after his regime had fallen in a revolution. Emperor Maximilian was given the Throne of Mexico by Napoleon II of France.

ATLANTIC CITY, N. J.
Sept. 18. — Instead of becoming the liability pictured by widespread rumors, Estelle Taylor, the pretty movie actress, who married Jack Dempsey, has established herself as a distinct asset to the champion.

From what may have been anticipated doubts, Dempsey's friends and attaches have been converted to actual enthusiasm for her good influence on Jack. Unquestionably, Mrs. Dempsey has improved Jack's nerves and made him better balanced. He apparently is virtually cured of restlessness. Estelle still is polishing off some of the rough edges.

Those who know Dempsey declare he would not be about to fight Gene Tunney or anyone else, were it not for her.

Here's New Type Of City Slicker

LOS ANGELES, Sept. 18.—(UP)—A new type of "city slicker" has been uncovered by municipal investigators here.

He is the "ticket slicker," the youth who makes a business of standing in line at theaters and selling his place to the pleasure seeker who arrives late. The city council after being told that boys earn as much as \$20 a night in this manner, passed an ordinance forbidding the practice. Violators are to be punished by jail sentences.

Ashland Tidings To Be Sent Free To College Folks

To the boy or girl away from home, a good long letter from the home folks is always looked forward to with eagerness. And next to the family letter is the home-town newspaper. Knowing that the home-town newspaper brightens the hours of the young folks away from home, The Ashland Tidings wants to send a complimentary paper to all Ashland students who are away attending the various colleges in Oregon and on the Pacific coast. This newspaper will be sent to the students throughout the school year absolutely free of charge. It is doing this solely for the purpose of keeping the young folks in closer touch with their home town. Parents of college students are requested to send this notice to the young men and women away from home, and The Tidings will be sent daily to them as soon as they send their addresses to this office.

ADVICE TO HELP OUT IN SOME STATES

President to Give Political Speeches for G. O. P. in General Campaign

TO ANSWER ATTACKS
Executive, However, Will Not Go to Aid of Any Individual Candidate

PAUL SMITH'S, N. Y., Sept. 18. — President Coolidge probably will make one or two speeches to assist Republican congressional candidates during the six weeks intervening between his return to Washington Saturday and the November elections, it is understood here. This will enable him formally to state the issues as they affect Republican candidates generally. He will not, however, go into any state or speak for individual candidates, not even for his former campaign manager, Senator William M. Butler, who is having a hard fight for re-election in Massachusetts against former Senator David I. Walsh.

Many Invitations
Although numerous invitations to speak have been received by the president, he has accepted only one, that of the American Red Cross, which holds its annual meeting in Washington next month. This hardly provides the proper occasion for a political speech and it is probable that he will accept another invitation which will enable him to make a general review of the administration's record for the benefit of party candidates.

However, the president's chief contribution to the campaign will continue to be his semi-weekly talks with newspaper correspondents which afford him an opportunity to answer attacks as they come up. The president has made liberal use of this opportunity during his summer here, as when he answered the Democratic demand for an immediate tax cut a few days ago.

Highly Useful
From this point of view the president's vacation has been highly useful to the party and by his emphasis on prosperous business conditions he has set a favorable background for Republican candidates. The president has spent practically as much time at his desk.

Y. M. C. A. SECRETARY WILL TAKE UP WORK

W. P. Walter, new full-time secretary for the Ashland Y. M. C. A., returned yesterday from Eugene accompanied by Mrs. Walter and their son, Charles. Mr. Walter will begin immediately to take active charge of the Y. M. C. A. work in Ashland.

During the five years that Mr. Walter was in charge of the boys' work at the Eugene Y. M. C. A. he made an enviable record for himself, and he comes to Ashland highly recommended as one of the best men who could be found to carry on the work here.

Mr. Walter is enthused over the Ashland prospects, and the cordial reception he has received thus far convinces him that he has a splendid field in this section and will be able to accomplish a great deal of good among the boys and young men of Ashland.

Legion Will Fix Up Pioneer Hall

Members of the local American Legion post are requested by Commander John E. Ender to be at Pioneer Hall at 9 o'clock tomorrow morning, at which they will start fixing up their new club rooms. The legion this week accepted an offer to use the Pioneer Hall and tomorrow morning will be spent in putting it in readiness for the post.

BRIGHT SUN HELPS TO MAKE ASHLAND DAY REAL SUCCESS

Big Crowd From This City Enjoys Annual Jackson County Fair

Even the elements conspired yesterday to make Ashland day at the Jackson county fair one long to be remembered. The weather, which had been cloudy and threatening on the first two days, changed during the afternoon and a bright sun smiled down on the fair grounds and the several thousand Ashland folks who joined with those from Medford and elsewhere about the county to enjoy the wonderful exhibits, the racing and other attractions which the air board has provided.

Carl Loveland and his municipal band furnished hitting music for the day and received compliments on every hand for their good program. Singly, in pairs and in groups, folks from this city wandered from one exhibit building to the other with a keen enjoyment of the exhibits which was noted in words of praise and in genuine interest which was apparent.

All roads led to the fair grounds starting at noon yesterday when the banks and practically all local business houses closed their doors for the afternoon. As in former years, Ashland day was a real success, and the people of this city were quick to accept the invitation of the fair board to attend the exhibit and mingle with their neighbors from other sections of the county. The fair will close this evening, with a good racing bill scheduled for this afternoon.
