#### NOTICE TO VOTERS

Law Enforcement  
Now that the date for filing for office has passed and I appear to be running for the office of mayor without any opposition I feel I can speak plainly on any subject without possibility of my motives being misconstrued. Two years ago after the election it became evident that my defeat came about in a perfectly natural way through considerable apprehension lest I was too wide open in my tendencies and that I would probably be somewhat lax in law enforcement. I do not think that sentiment was at all well founded, I believe now as then I have sufficient courage to at all times stand squarely back of law enforcement. However, I am now very glad I was defeated then for mayor, after having served the four previous years on council, for my enforced retirement from city affairs and the sitting the past two years as a spectator on side-lines has given me an altogether different slant, particularly on the water question, and I am easily conscious of a ripening or seasoning influence which cannot help but be to my own personal benefit as well as to the benefit of the city of Ashland if I am now permitted to serve as mayor. Very truly,  
CHARLES H. PIERCE.
