WARNER BROS. PRODUCTION

From Wagner Creek—

Mrs. Herman Sommers of Wagner Creek was a business visitor in Ashland Tuesday.

"Life-Like Likenesses," Studio Ashland on The Plaza.

Hot Tamales—The Rose.

Left for Portland—

William Thompson, who returned recently from the Panama Canal zone to visit his mother at Ashland, left Thursday evening for Portland to re-enlist in the United States army, following a discharge several months ago. He had been stationed with the infantry in the canal zone for several years.

Ask for "Gauzets", 49c.—McNair Bros.

Royal Baking Powder, 43c can.—Schuerman's Grocery. 32-1f

Returned to Home—

Mrs. Doss Wright of Watsonville, Cal., spent several days visiting Mayor Breese and family and other friends in and around Ashland before returning to her home in California. Mrs. Wright is better known here as Miss Anna Dunn, having lived in this vicinity for years. Mrs. Wright has been packing fruit in Medford this season.

Have your broken windows repaired. All sizes, at Jordan's mill. 2-1f

Clorox, 25c a bottle. Schuerman's Grocery. 32-1f

Visited in Sams Valley—

Mr. and Mrs. George Zimmerman were recent visitors with friends in Sams Valley. The Zimmermans are lately located in the Applegate district where they have purchased a farm since disposing of their rooming house in Ashland.

Have your clothes cleaned at 337 E. Main, Ashland Cleaning Works, of course.

IS IT SAFE to drive through the streets of Ashland without Liability Insurance? Phone 21 for complete Automobile protection, don't wait until you meet with an accident. Yeo. (of course) 293-1f

Spent Monday in Talent—

Mrs. Cliff Payne of Ashland spent Monday as the dinner guest of Mrs. Wm. Breese of Talent and visiting with Mrs. Doss Wright of Watsonville, Cal., who was formerly Miss Anna Dunn of Talent.

New Manager at Grants Pass—

W. C. Holmes arrived Wednesday from Woodburn to take the position of district manager of the Standard Oil company for the Grants Pass district. Mr. Holmes was located in Grants Pass two years ago but for more than a year and a half has been district manager of the Woodburn district, and recently transferred to the Grants Pass district, which is a larger and more important one. Mrs. Holmes is expected to arrive tomorrow. They will be at home on Lawnridge avenue in the house formerly occupied by A. W. Jones, who was transferred to the home office in San Francisco.—Grants Pass Courier.

Leaving for San Francisco—

Ben Davis is leaving today for San Francisco, where he will spend a few days before going to Los Angeles to visit with his parents. After a short stay there he will go to Globe, Ariz., where he will manage the baseball team this winter.

Madden sells guaranteed tires. 53-1f

Fine stationery—McNair Bros.

Hard Luck—

All manner of tales from field and mountain go the rounds during hunting season, and here is one with the ring of downright hard luck—and dirty business. C. W. Thurman, employed at the Medford yards of the Strahorn railroad, was hunting in the vicinity of Klamath Falls Sunday with a companion and jumped a herd of six deer. Thurman's gun brought down a fine buck, and stringing up the animal hurriedly, the hunters hastened away to get another head on the herd. Returning later without additional game, Thurman and partner found that some scurvy nimir had stolen their game leaving no traces which would make pursuit possible.—Klamath Falls News.

Schuerman's Grocery has a full line of fresh vegetables. 29-1f

FOR SALE—3 large lots, five room house, good location. Very cheap. Apply at once. Billings Agency. 32-3*

Snow at Crater Lake—

The news was received at the Medford office of the Crater national park from the park ranger at Anna Springs camp that it was snowing quite hard in the park and had been all night. The frequency of these stormy spells is holding up the oiling of the roads in the park, which it is hoped will have been completed before real winter sets in. Although the crew has been in the park for a week or more past, waiting to begin this oiling program, not a bit of it has yet been started because of waiting for the roads to dry up sufficiently.

Making Improvements—

The Electric Bakery is undergoing a general housecleaning. They are re-tinting and kalsomining and the bakery is being improved in many other ways.

SHEEPMEN MEET

BEND, Ore., Oct. 9.—Oregon sheepmen in their concluding session today are discussing the various problems which face the industry. The session will close with a banquet tonight.

The gutter is a fine place to put plays written by those whose minds are in the gutter.

THE FORUM

Articles of timely interest are welcomed under this head. Communications must bear the signature of the author.

Editor Tidings:

A correspondent of yours attempts to write favoring water bonds but gets wobbly and 'throws a monkey wrench' in his own works by flaunting a scare-crow of taxation. Too bad you allowed an otherwise good article to be ruined for lack of deleting a paragraph that ridicules a statement made by the community's sincere representatives.

According to that correspondent's wisdom, one who has had insufficient water for irrigation in the past at a fixed charge and is now offered an abundance for a fair increased charge. Or the citizen who has had shortage of water for irrigation but is now offered ample water for his lawn, garden and flowers in the dry season for a stated charge, will refuse it on the grounds that he is opposed to more taxes. But is it a tax? Is it not in reality, a purchase of crop growing commodity?

I wonder if a man whose soil is unproductive without fertilizer, would refuse to spend a little money for fertilizer in order to bring a harvest for his labors and provide him with funds to pay his taxes on the land towards government expenses. Could he call the fertilizer a tax?

In case of fertilizer being scarce and a man is offered all the manure from the S. P. Stock yards at 5 cents per truck load to revive his garden or lawn will he refuse it because he thinks it is "more Taxes?"

Your correspondent says, "The water and light rates are another form of taxation." What hoah! They are not taxation! Taxation, according to standard lexicons, is a pecuniary burden imposed. A charge, a tribute, an impost, a duty a toll a DEMAND.

The people who want the water and who pay the interest and

WANTS TO BROADCAST THANKS FOR HEALTH RECOVERY

"You know," says Arthur O'Malley, Carson Hill, Cal., "I would like you to broadcast this. I suffered from kidney and rheumatic trouble, but less than two bottles of Foley Pills, diuretic, relieved me entirely, and I want other sick people to know about them." Foley Pills, a diuretic stimulant for the kidneys, are a reliable, valuable medicine, constantly in use over 25 years. Try them for backaches, rheumatic pains and swellings; for dull headaches, nervousness, "tired-out" feeling and disturbed sleep. Satisfaction guaranteed. Sold everywhere.—No. 3.

the bonds will do so voluntarily who are wavering on the tax and with gushing gladness the same as they buy any much desired commodity. And with the aid of the Municipality they will get it at cost. They seek the opportunity. If they do not want insurance against fire, if they do not want fences against crop damages, you do not have to buy and pay. If you do not want water and don't use it you do not have to pay for any. There is NO DEMAND. You will not be taxed, and I do hope that those

scare may be able to see and understand the facts, and concede that our councilmen are giving us facts, and trying to help us. Even if you do not need water, please do not deprive those who want it from buying and paying for it.

The city is simply acting as trustee—using its credit to enable us to buy the water on terms that we can meet.

Respectfully,
E. T. STAPLES.

ASHLAND CREAMERY

The Cheapest Thing You Buy

Investigation shows the average family expense is made up as follows:

Food	45 per cent
Rent and Taxes	16 "
Charities, Entertainment, Recreation, and Literature	14 "
Clothing	12 "
Steam and Street Railway, Telephone, Gas and Water Service	4.97 "
Miscellaneous	7 "
ELECTRICITY	1.03 "
100 per cent	

Electricity DOES MORE for LESS MONEY than any other item of family expense. It costs no more than before the war, while the average household costs have increased 65 percent since 1913. If state socialism in electricity could bring about the millennium and supply electricity FOR NOTHING, it would not have scratched the family cost of living problem.

The electric industry now pays nearly two million dollars in taxes, does its share to develop our state, attracts large amounts of capital for investment and with all is subject to complete regulation by the people. Yet this industry is singled out for a \$53,000,000 experiment by the Housewives' Council, Inc., so-called, "Water and Power" Constitutional Amendment, upon the plea of **SAVING** the householder A PART OF his light bill!

Electricity would be Oregon's **MOST EXPENSIVE LUXURY** if such a scheme were put in operation.

Vote 337X NO! In November

The California Oregon Power Company

Paid Adv. by Oregon Public Utility Committee—Opposed to the Housewives' Council "Water and Power" Bonding Amendment. 424 Pacific Building, Portland, Oregon.

"The Bachhub Test"
—proving through tests to prove Chevrolet's ability to perform efficiently in all kinds of weather. This is one of the many tests to which Chevrolet cars are subjected at the General Motors Proving Grounds.

Performance proved beyond all doubt!

Out on the curves and straight-aways of the General Motors Proving Grounds test drive, night and day, until the speedometers register 20-30-40,000 miles and more! Here during the long, steady grind—every mile of which is driven under observation—materials and designs are constantly analyzed and checked; performance, wear and repairs are tabulated. Here the collective genius and experience of Chevrolet and General Motors engineers is utilized to assure buyers utmost satisfaction when they purchase a Chevrolet!

See us now! Arrange to drive the smoothest Chevrolet in Chevrolet history.
