New improved Victor Electric records. The Rose.

How Much Six Years Of Freedom

BY EARL JOHNSON
 United News Staff Correspondent

CHICAGO, Oct. 20. — How much cash would you want in exchange for six years of freedom. Would you compute the figure on the basis of your earning power, at so much per year, or is freedom worth as much to one man as to another?

These have become important questions to the state of Illinois in its affair with Henry Schmidt. For six years the state kept Schmidt locked up in the penitentiary at Joliet before learning that it had made a mistake; that another man had committed the robbery for which Schmidt was sentenced.

Now Schmidt has been given his freedom again, but it doesn't mean much after six years. He hasn't any job, can't get his old one back, and many of those with whom he used to work at a factory have raised themselves to good positions.

"I guess I'm just out of luck," the 27 year old ex-convict said when he came back to Chicago wearing a miffed suit and fingering a new 10 bill—gifts of the state for six years service. "I hear the parole board wants to do something for me. They acted awfully sorry when they found I wasn't guilty, but I don't know how they could pay me back for those six years of punishment."

Hinton G. Clabaugh, head of the parole board, said he and his associates were attempting to find some way to repay Schmidt, but that the state provided no funds for correcting its own mistakes. He suggested that a subscription fund be raised to help Schmidt catch up with the six years of freedom that have escaped him.

"But how much should he be given?" Clabaugh asked. "He was earning only about \$5 a day when he was arrested and even if he had the equivalent of that salary for six years, he wouldn't be much better off."

Schmidt was arrested in the autumn of 1920 on a charge of robbery with a gun. With him were convicted Mike Valina and Andrew Belg. The latter two told police at the time of their arrest that they had been assisted in the robbery by a man named Smith. Through a police error due to the similarity in names, Schmidt was arrested. He failed to prove a strong alibi and was convicted and sent to prison without ever seeing the two men who had accused him.

Then, through some queer twist of fate, all three met inside the prison walls and compared notes. Valina went before the parole board and declared that Schmidt was innocent.

But even now, Schmidt is not

RIN-TIN-TIN in "THE NIGHT CRY," A Warner Picture

entirely free. The parole board grants him a parole on the basis of Valina's story and this will be in effect until the necessary steps can be taken to get him a complete pardon.

Meanwhile, Schmidt is living with his sister here, wondering how he will catch up with life after being robbed of the six years that most men utilize for the development of their best talents.

Purchased Ford—
 L. D. Bushnell of this city has purchased a Ford roadster from the Claycomb Motor company.
