

JAMES WILLOS GIVEN NEW LEASE ON LIFE

Supreme Court Permits Him to Appeal to Highest Tribunal

SALEM, Ore., Oct. 23.—(UP)—Another lease on life was granted James Willos, condemned murderer, when Chief Justice McBride of the state supreme court Friday granted writ of error, permitting him to carry an appeal to the United States supreme court. With Ellsworth Kelley, he was condemned to be hanged November 5th. Unless some move is made on behalf of Kelley, he will hang on the scheduled date. The two convicts were found guilty of murdering state prison guards in the sensational prison break on August 12 of last year.

Isabelle Silver Having Splendid Time In Islands

Miss Isabelle Silver, former Tidings reporter, who is now teaching in an Episcopal school for girls at Honolulu, is having a wonderful experience, judging from letters received weekly by her parents; Mr. and Mrs. Harry Silver.

Following is the last letter received from her, which should be of interest to her many local friends:

Honolulu, Hawaii, Oct. 12, 1926.

"Dearest Mother and Daddy: "I am on study hall duty tonight and while my angels are studying (anyway they are supposed to be) I shall pen an epistle. A ship goes tomorrow so want a letter to go.

"We went down to the Docks at 5:00 tonight and saw the "Sonoma" leave for S. F. and home. That's the one we came on you know. It has been to Australia and back. The Chief Steward happened to see us standing at the foot of the gang plank and shook hands and gave us passes to go on board. No one can go on the boat a half hour before leaving unless you are taken on by an officer. We met the ship's Doctor and Chief Officer and Captain. They said they would let us stow away and give us jobs. We also waived at the Deck Steward, he is very good looking and reserved. He waived and smiled however. Would liked to have gone home but guess not 'till the end of our year here.

Really we are having a wonderful experience here. We go with Mrs. Oaks to the rest house at Kahale Beach for the week end. Some friend of Mrs. Oaks is going to take us out at 9:00 p. m. Marguerite has study hall and Mrs. Oaks night school, so can't go earlier, and we will return Sunday evening.

"We go to a Tea at some lady's Friday afternoon, given in honor of Honey and Priory Teachers, and a Tea out at Kahale Saturday afternoon in honor of the return of Mrs. La

Mothe (Bishop's wife) from San Francisco, and also us new Teachers. We play bridge at Francis Day's tomorrow night.

"Guess I had better study some History and will continue this later. I am getting quite fond of my Junior girls and my Seniors always were dandy. I have Seniors in Typing and Juniors in Cooking and History.

"We made creamed carrots today and they were good. Friday we make Shrimps Wiggle. Next week we will make some codfish balls. I am teaching them thin, medium and thick white sauce. Me for bed—9:30.

"Heaps of love for all, "Isabelle."

Crater Lake Free of Snow—Crater Lake is free of snow, the last fall of 22 inches having melted off some time ago, according to a report from the Crater Lake national park headquarters office in Medford yesterday. Weather at the rim is said to be ideal, the sun being equally as bright as in the valley and the air crisp and invigorating. However, the present conditions will probably be short lived, for with the arrival of more heavy rains in the valley, winter, with its deep snow, will probably commence at that high altitude.

VOTE AGAINST HIGHER TAXES

Oregon's total bonded debt is already

\$166,000,000

It's per capita state debt is the highest in the Union

The Housewives' Council "Water and Power" Amendment would permit a new political board to issue \$53,000,000 more bonds, or an increase of 32 per cent to start State adventures in irrigation and power.

Real Facts on County Seat Removal

The Medford advertisement in an untrue and incorrect statement. One of the commissioners returned a few days ago from California where he inspected Court Houses, and he stated that Medford could not build an up to date, fire proof building such as Medford would want, for any \$200,000.

They say that our statement of \$500,000.00 or more is not true. "Bill" Gore, at a meeting of the Eagle Point Grange last week, stated that he thought it would be nearer \$700,000.00 as he knows the Medford bunch. So, Mr. Voter, we are willing to let you be the judge of this and all other articles as to who is telling the truth.

County Court Consulted

They say that we could have consulted the County Court and determine that this cost would be excessive. Now that is just what we have been doing—consulting the county court, but we have not been consulting the County Judge. Remember The County Court is composed of THREE members, not ONE. The County Court (remember, we mean the three members) have not consulted architects or contractors. Mr. Stewart (Whom we do not consider an Architect) was called in by the County Judge and in the absence of one of the County Commissioners.

The commissioners requested the Judge to call an outside, disinterested architect to pass on the condition of the present building but the County would not agree to do this. Mr. Stewart, a man who heart and soul, is in favor of moving the County Seat to Medford, was called in to make the false statement that the present building is beyond repair.

"Pop" Gates Statement

If all the statements of the Medford Boosters are true, what about the statement of "Pop" Gates—that it takes two gallons of gas to make the trip from Medford to Jacksonville or a cost of 46c. I will not say the amount of oil, but it was in just proportion. Just think, Pop stated that a car would make only five miles to the gallon. We wonder what Henry Ford would think of Gates' veracity, but guess "Pop" thinks a Ford is not a car.

Why a Temporary Site?

Why should we move to a temporary building for five years when we are already situated in a building owned by the County surrounded on all sides by beautiful shade trees and a most beautiful yard, one that Medford could not duplicate in years?

The County Court

In their misleading statements, they say County Court when they mean County Judge, as the two commissioners with the County Judge compose the County Court, do not agree with the statement as printed in their advertisement.

New Court House in Jacksonville

The County Judge, but not the County Commissioners, might have made the statement that they would build a new Court House in Jacksonville, but the County Commissioners take the stand that our present Court House can be remodeled, that it is a good building and unless a disinterested Architect can convince them that this present building is beyond repair (and they state that they know the building is good and substantial) they are still of this opinion, at their last session, they refused to sign a statement that they would build a new building in Jacksonville as stated in Medford.

Jail and Other Expenses

Have you seen a statement about a new Jail in Medford? They would have to move that Jail for the Sheriff's expenses would never do at a cost of 46 cents for gas, as stated by "Pop" Gates. Is \$100,000.00 too much for the Medford bunch? Yes, Now; but if they get the County Seat, Look Out. WHO will beautify the yard in Medford? WHO will build the coping? WHO? Voters, are we overestimating the cost at \$500,000.00?

Read their ad, you will readily see that the few residents we have (1-24 live here and west of us—Nobody North, East or South of us.) Take a map and you will see that the North end or all north of Central Point Road) is as near to us as Medford. You can convince yourself of their own misleading statements as most all residents can come to Jacksonville without going to Medford.
