

MARINES WANTED TO GUARD NIGHT CLUBS

BY FRANK GETTY
United News Staff Correspondent
NEW YORK, Oct. 27.—Some

New Yorkers who have heard that United States marines have been sent to guard the malls, are advocating that the leathernecks be detailed to protect the night clubs.

Three hold-ups within a week have furnished patrons of the gay white way with certain

grounds for apprehension. In fact these bandit raids, conducted brutally and with callous disregard for human life—have become about the most exciting feature of night club life.

Clubs Efficient
Otherwise the clubs and cabarets of New York have reached the point of standardization. The business of entertainment, food, suspicious liquor, hostesses and transportation now bears the rubber stamp of efficiency.

When night clubs were more or less of a novelty, a certain amount of originality was displayed in the matter of wise money from the west and natives from their bank rolls.

Now the clubs are pretty much alike, and one who has been to two or three knows exactly how his money will be extracted from him. The stiffness of the patron's shirt bosom regulates the stiffness of the cover charge.

Use Shotguns
Thus far the hold-up artists who work with sawed off shotguns instead of addition have not penetrated to the refined depths of the actually exclusive night clubs, such as the Lido, Montmartre and Mirador. The Mirador has just opened with the return of Maurice and that pretty, slim, blonde girl from Kansas City he recently married.

At the Mirador the cover charge is \$5 and this, no matter what the expense accounts of those who entertain out of town buyers may show, is top price for New York.

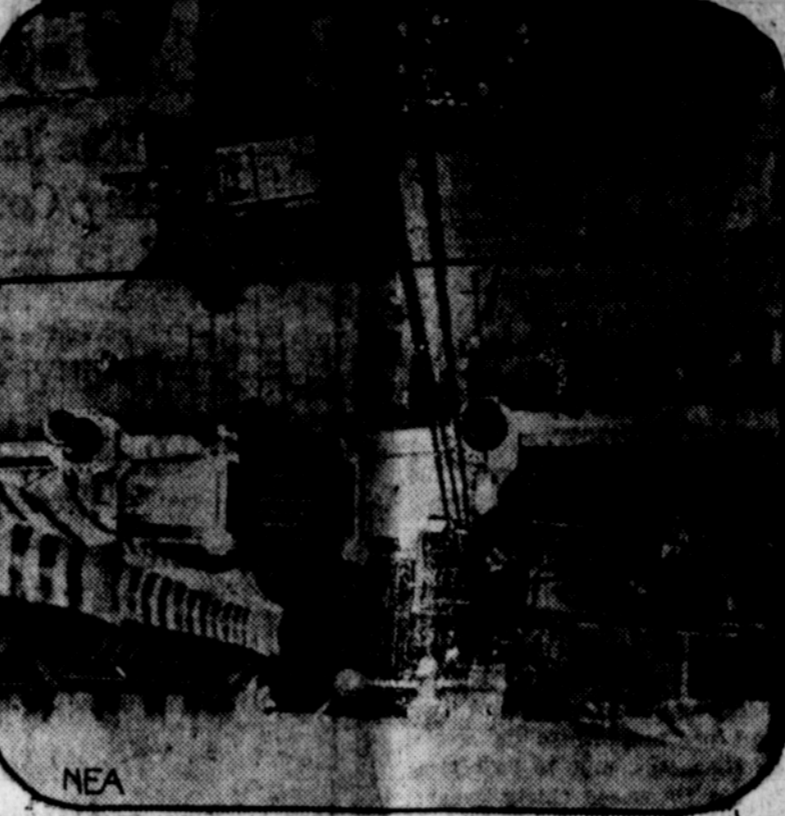

No More Thrills
Evening dress, required at the better clubs uptown, no longer is demanded by proprietors of recognized rendezvous, such as Barney's, the Club Richman, the County Fair and Texas Guinan's.

The excitement of night life in New York formerly furnished by dry squad raids no longer exists. Seldom do the forces of prohibition appear to annoy patrons, cause a hasty, choking swallowing of whatever was on the tables, and a furtive stabbing at hip pockets with flasks, which never seem to fit when speed is demanded.

The business of dry raiding, like everything else connected with night clubs, has become standardized.

Ashland will have an emergency airplane airdrome.

Looking Down From "Big Ben"

This is the view—or part of it—that you'd get if you sat on one of the hands of the famous "Big Ben" clock on the tower of the British House of Parliament, London, and looked straight down. "Big Ben" is being repaired, and the photographer went up in advance to get a picture of the hoist bringing up the workmen.

THREATENED STRIKE NOT TO BE STAGED

CHICAGO, Oct. 27.—(United News)—Through the good offices of the federal government which sent a special agent here from the department of labor, peace has been restored to the big marcel waning industry.

More than a thousand beauty parlor employees reached an agreement on hours and wages with their employers when W. H. Rogers, of the labor department, ironed out the dispute's last wrinkle.

Now there will be no strike, and the girls who labor so industriously to keep their customer's hair in curl, will find \$25 in their weekly pay envelope, instead of the \$15 or 18 that they were re-

ceiving under the old scale. Miss Ray has been in retirement in her hotel since a party given by principals of the "A Night in Paris" company several days ago, waiting, according to reports, for a black eye to resume its normal status and for certain bruises to disappear, so that she can again appear in public.

Shall We Safeguard OUR RECORDS?

THE TIME HAS COME

WHEN EVERY CITIZEN OF JACKSON COUNTY MUST ANSWER THIS QUESTION. THE RECORDS OF EVERY PIECE OF REAL ESTATE OWNED IN JACKSON COUNTY ARE IN THE COURTHOUSE AT JACKSONVILLE. EVERY OWNER OF PROPERTY IS FACING THE DANGER OF HAVING THESE PRICELESS RECORDS DESTROYED BY FIRE TO INADEQUATE PROTECTIVE.

CAN YOU AFFORD

TO TAKE THE RISK OF SUCH A CATASTROPHE BY PERMITTING YOUR RECORDS TO REMAIN IN A FIRE TRAP SUCH AS OUR PRESENT COURTHOUSE?

THE LOSS OF THESE RECORDS

WOULD WIPE OUT THE IMPORTANT PROOF OF OWNERSHIP TO ALL PROPERTY IN JACKSON COUNTY. TO REPLACE THEM WOULD COST MILLIONS AND MANY COULD NOT BE REPLACED AT ANY COST.

We Must See That Our Records Are Safe
