

NEWTON W. BORDEN VISITS IN ASHLAND

Democratic Candidate for Congress Appears Well Satisfied

Newton W. Borden, nominee of the Democratic and Progressive parties for Congress was in Ashland today in the interest of his campaign. Mr. Borden is well known in this city having been at one time district attorney for Jackson county. He has just returned from an extended campaign trip over the eighteen counties comprising the First Congressional District, and states that "he has been well received in every section." He appears to be very optimistic as to his election next Tuesday.

Mr. Hawley, his opponent, has been in Congress for the past 22 years, and Mr. Borden states that "this fact alone is going to make him many votes, as most of the voters appear to have come to the conclusion that 22 years is long enough to retain a man in office, especially when there is no outstanding achievement to his credit." He states that he is assured of a large vote in Southern Oregon. Among the various questions at issue, Mr. Borden is opposed to the Dennis Resolution in favor of the Grange income tax measure, and is opposed to junking our primary election law, and reverting back to the old convention plan.

Speaking from a national standpoint, Mr. Borden said that

he "regards the agricultural situation as one of the most important matters confronting the American people, and that if elected, will support any measure that in his judgment will bring substantial relief to the farmer, and to use his influence for the passage of some kind of desirable farm legislation." In order to lessen the gap between what the producer receives and what the consumer pays, he suggests adjusting the tariff to a competitive basis; readjust and lower rail and water rates; stimulate co-operative marketing, and secure suitable need credits.

ROMAN FOUNTAIN TO BE GIVEN TO PHILADELPHIA

WASHINGTON, Oct. 28.—(UP)—A Roman fountain copied from the original will next year be presented to Philadelphia by the Italian Government. Italy which did not officially participate in the Sesqui exposition wants to pay its tribute to the city where the American Republic was founded.

The Italian ministry of the fine arts is making an inspection of the numerous fountains in Rome to decide which one shall be copied. On the base of the fountain will be inscribed the names of the navigators of Italian origin who came to America, like Columbus, Amerigo Vespucci and Cabot.

Gold mines in the Sudan are being deserted, the cost of carrying the metal by camel being too expensive.

DEPARTMENT COMMENDS DOMESTIC RABBIT MEAT

WASHINGTON, Oct. 29.—(UP)—Domestic rabbit meat is the chicken's nearest rival, according to the Agriculture Department. Housewives are told by the government that rabbits raised for meat are rich with food value and have delicious flavor.

"Domestic rabbits have clean habits. Their diet, consisting chiefly of oats, barley and alfalfa hay, makes the meat sweet and tender," the Department said. To promulgate the popularity of rabbit meat, the Department has issued colored posters, picturing dressed rabbits and plates of iced and baked rabbit meats.

MAN ROBS CHURCH VIENNA (U P)

VIENNA, (U P)—Emmerich Wenger, a laborer, is in jail here charged with robbing a church. Wenger entered the Breintorf church for evening worship and remained after the congregation had left. During the night he stuffed his pockets, especially enlarged for the booty, with such valuables as he could find about the place.

He had intended to leave with the first worshippers in the morning, as he had been locked in the church, but during the course of the night he fell asleep. When the sexton arrived to open the church he found the man asleep on a bench. An investigation disclosed what had happened.

An institute for the study of detecting imitation gems has been established at Vienna.

MRS. COOLIDGE'S HATS ARE NOW MUCH SMALLER

WASHINGTON, Oct. 29.—(UP)—Mrs. Coolidge, known to women of the country for her large becoming hats, has taken kindly to the small-hat mode. She has several with high full crowns.

One of her latest dresses is a white ensemble of flate crepe and broadcloth. The gown, which has a long bloused bodice and a gathered short skirt, is made of the crepe, banded in the broadcloth. Her coat is full from the shoulder, with large open sleeves. The collar is plain, and on it The First Lady frequently pins a white rose, or a brilliantly contrasting red one.

GAMBLING DEN FOUND IN OLD MOTOR TRUCK

HAVANA, Cuba, Oct. 29.—(UP)—What is believed to be

one of the strangest subterfuges ever used by gamblers to evade police interference, was uncovered here when police raided an old enclosed motor bus and surprised ten men busy gambling.

For several weeks suburban police had noticed the dilapidated bus wandering through outlying streets apparently without any particular destination. The bus would come to a stop on some deserted lot, the crew busy themselves repairing an imaginary puncture, while from all corners loiterers would rush to the bus seemingly in order to obtain a seat. Police became suspicious of the large number of punctures and breakdown, raided the machine, arresting the crew and gamblers, confiscating a pot of \$95.

PROPOSE TO NAME ROOM FOR PRESIDENT HARDING

WASHINGTON, Oct. 29.—(U-

P)—It is proposed that one of the dining rooms in the new home of the National Press Club, which will occupy the two top floors of the 14 story National Press Building, being erected here by the club, shall be named for the late President Harding, the only President who ever qualified for active membership in this organization of newspaper men. Mr. Harding was a member of the Marion (Ohio) Star Press Club as Publisher of the President Harding was a member of the Club for years before he became President.

PEKING, (UP)—Chinese fortune-tellers, for centuries a feature of Pekin's thronged thoroughfares, are to be banished from the city, according to an order just issued. The reason given is that the soothsayers are acting as agents for delivery of opium and other harmful drugs.
