### THEY LOOK TO YOU!

Your neighbors, relatives and friends who have tuberculosis are asking you to vote "YES" for the new tuberculosis hospital. EASTERN OREGON has about 500 people with tuberculosis, and no hospital beds there for them. This fact hurts every community in Oregon by increasing the waiting list for the tuberculosis hospital at Salem. This hospital has had to refuse admittance to 350 patients in the last five years for lack of space. Those who did get in had to wait from one to four months. You can help to remedy this bad situation by going to the polls on November 2nd, and voting "YES" for the Eastern Oregon Tuberculosis Hospital.

**THE EASTERN OREGON TUBERCULOSIS HOSPITAL ACT—**  
Purpose: To provide for the establishment, construction, equipment, maintenance and operation of a branch tuberculosis hospital at some point in the state of Oregon, east of the Cascade mountains, to be selected by the governor, secretary of state and state treasurer, constituting the state board of control.

320 X Yes. I vote for the proposed law.  
321 No. I vote against the proposed law.
