The ladies were asked to finish bringing fruit for the Children's Home Fruit shower, by November fifteenth. H. G. Wolcott is kindly caring for all fruit donations brought in, at his grocery store near the Citizen's Bank, until the shower is finished.

High School P. T. A. Meets—

The High School Circle of the P. T. A., met at the high school, Wednesday afternoon, November 10, with a very good attendance.

There was a short business session. Mrs. Hitchcock and Mrs. Louis Dodge giving reports of the State Convention which was held in Salem the last week in October. These reports were very interesting.

At the conclusion of the business meeting three songs were sung by the Girls' Glee Club of the Senior high school under the direction of Miss Laura Raguse.

There were nearly fifty girls in this group which made a pleasing picture as they were wearing their festive costumes of white with red ties. The P. T. A. wishes to thank Miss Raguse for her hearty cooperation which made it possible for the circle to enjoy these girls.

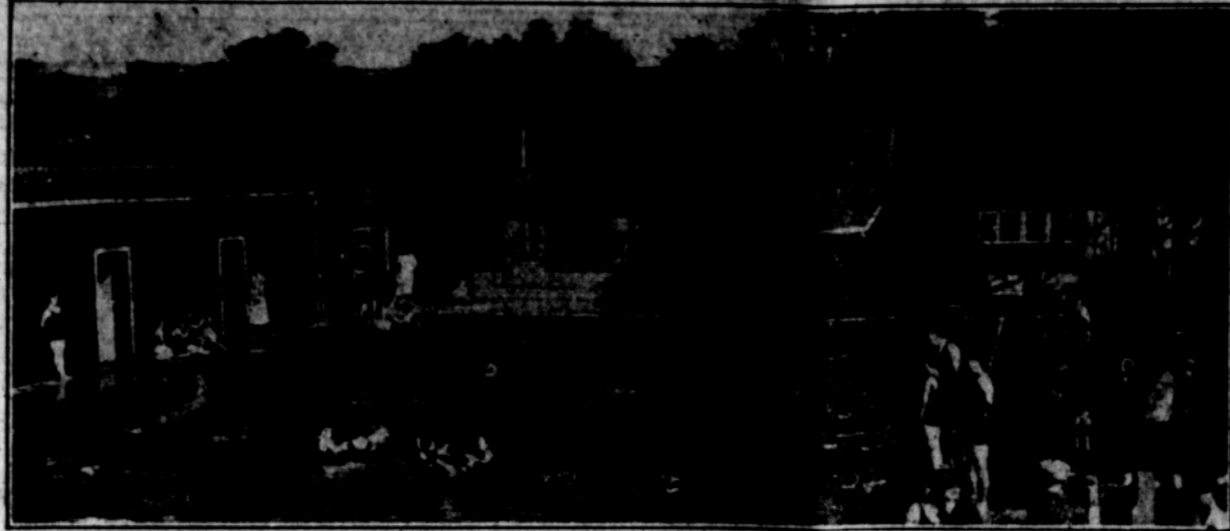

Prof. A. C. Strange of the Southern Oregon State Normal school gave an interesting talk on the subject of "Educational Methods." At the conclusion of his talk the circle gave Mr. Strange a rising vote of thanks in order to show in a small way that his willingness to give them some of his time was appreciated.

Jackson Hot Springs is Popular

Popularizing Jackson Hot Springs as a health resort and place for recreation during the winter months as well as the summer is the announced plan of J. C. Ottinger, owner, and H. E. Le Roy manager.

The entrance to the grounds from the Pacific highway has been newly graveled, while the roadway within the grounds also has been graveled and is now permanent in character. The cottages are being repainted and repaired, the baths are being fixed up and everything possible is

being done to make Jackson Hot Springs one of the most popular health resorts in the state.

With the hot mineral water coming direct from the ground into the big open-air plunge, healthful swimming is provided even during the winter months, and the management is anticipating a program of water sports within the near future.

"The resort, of course, will hold the strongest appeal to those suffering from rheumatism and kindred diseases during the fall and winter months," said Mr. Ottinger today, "but at the same

time we intend to cater to those who want a good, comfortable place to rest and recuperate.

"Swimming is being enjoyed by a great many people even today, and those who are enjoying the plunge now declare it to be even better sport than in the hot summer months."

Beneficial results are being obtained almost daily by persons who are coming to Jackson Hot Springs for the mineral baths to cure rheumatism, and this health feature of the popular resort promises to give it coast-wide attention.

school, under the direction of Miss Laura Raguse, rendered four selections which were enjoyed by everyone. These boys' voices made the rooms ring with their lively songs.

Mrs. Louis Dodge, the state vice-president of the P. T. A., very ably gave the address of welcome. Supt. G. A. Briscoe responding on behalf of the public schools and Prof. A. C. Strange on behalf of the Normal faculty.

The Camp Fire girls put on two of their stunts in true Camp Fire manner. Their Gypsy and Pirate costumes were very interesting and the captain of the Pirates, with his dagger in his mouth, would put fear in the heart of any traveller he should happen to meet.

Delicious refreshments, consisting of ice cream, cake and coffee were served. Mrs. Wilmer Foley and Mrs. Louis Dodge poured coffee at a beautifully arranged table with its center piece of yellow chrysanthemums.

Entertained With Birthday Dinner—

Mr. and Mrs. W. A. Cooper were host and hostess at a delightful birthday dinner at their pleasant home on Manzanita street, Wednesday, November tenth, honoring the eightieth birthday of G. W. Benedict.

The guests enjoyed a delicious chicken dinner at a prettily appointed table, which was made unusually attractive with large white chrysanthemums. A happy time was spent in conversation

Public Schools and the faculty of the Southern Oregon Normal School.

The guests were greeted at the door by a reception line consisting of the officers of the Parent-Teacher Association and the Civic Club.

Baskets filled with yellow chrysanthemums gave color to the rooms and a large group of people filled the house almost to overflowing.

With Dr. Mattie Shaw presiding, an interesting program began by the singing of America after which a song which had been composed especially for the P. T. A. was sung by the Methodist quartet.

This song was composed by Mr. H. G. Gilmore who is well known in musical circles and the original copy will go in the records of the P. T. A. that it may be used in the future. Following are the words:

And now another day has passed, Sing my Maker's praise, His loving care of me this day Is worthy of the praise I pay, The Boys' Glee Club of the night

BUT—HE "FELT NO BETTER FOR THAT."

A man from Nebraska tells this: "For three nights I was kept awake by a bothersome persistent cough, and so were others of the family; and I felt no better for that. The very first dose

of Foley's Honey and Tar relieved me and in two days' time my cough was entirely gone." Think of the saving of distress to himself and others, had he taken Foley's Honey and Tar Compound at the start. It pays to keep it on hand. The large family size is a real economical buy. Ask for it. Sold everywhere.—No. 2.

Well—how about your insurance?

Too often insurance is both ordered and written by guesswork. And then there comes a loss which is accompanied by vain regrets that the insurance policy didn't cover as completely or accurately as it might have.

It is all important that every policy be written carefully and accurately.
