Here is the New Ironer everybody is talking about

To see this New SUPER SIMPLEX turn a heaped-up basketful of sprinkled clothes into a clothes-rackful of shining smoothness, has been a revelation to women everywhere. You, too, will appreciate this new labor-saver when you see it. Almost like magic it irons men's shirts, dresses, lingerie, everything... easier... quicker... better than ever before and without effort on your part except the guiding touch of your hands.
The slightest pressure of your arm on the feed table operates the Super SIMPLEX—automatically and with a surprising smoothness that's human-like. Either left or right end of roll may be used for ironing collars, neckbands, ruffles, etc. ... the SUPER SIMPLEX is open at both ends. Beautifully finished in French gray enamel with nickel trimmings—wooden parts finished in rich black walnut. These are just a few of the many new features of this latest model SIMPLEX—all of which add to your comfort and efficiency.
With the SIMPLEX once in your home, whether it's a 26" Junior Model, a new 30" SUPER SIMPLEX or a 46" Home Laundry model, you'll understand why women find the SIMPLEX indispensable.

Placed in your home for just a small down payment

Let us show you in your own home, on your own clothes, how you can banish forever the drudgery of hand ironing. If you care to own this new help-mate, it's yours for just the price of a movie or two. From then on the Super SIMPLEX pays for itself with the money it saves.
