## Ladies Art Club Meets With Mrs. J. A. Ruger

The Ladies Art Club met yesterday evening, November 22, at the attractive home of Mrs. J. A. Ruger on Alida street.

A very interesting business session was held during which

time it was voted to contribute five dollars for the high school football grandstand and five dollars for the Red Cross.

A happy social hour was spent, refreshments being served by the hostess, assisted by Mrs. Norma Reeder. Guests at this meeting were the Misses Laura Raguse and Theima Reeder and Mrs. Frank Crouch.

Make the conserve the week before it is to be used so it will be ready to serve when needed.

The squash should be cooked and made into croquettes the day before Thanksgiving.

The pumpkin should be baked and stirred ready to be combined with milk and eggs on Tuesday.

The brown bread should be baked on Tuesday or Wednesday. It can be reheated if wanted warm for the feast.

## When The Old Back Aches

Just how hard it is for a man (or a woman, either) with an aching back to nerve himself up to his task, no one but the sufferer can tell. "When my back hurts and irregular secretions warn me of coming trouble, I take Foley Pills, a diuretic stimulant for the kidneys. They give me quick results." Ask Wm. F. Lagle, Anderson, Ind., 403 W. 21 St., about Foley Pills. They are a reliable valuable medicine, guaranteed to give satisfaction. Cost little. Sold everywhere.—No. 3.

## The Needs of the Living

Caring for the dead is not all our work, though we give them every possible attention. We believe that we have a duty just as high and as sacred to the living.

Hearts made heavy by bereavement deserve all possible consideration. They should have no added burden of practical details, little duties which are none the less important because they are small.

To such as these we bring sympathy and a readiness to serve.

## ALREADY CREAMY

A smooth rich evenness of sugar and shortening is the beginning of all wisdom in the art of cake-making. For this reason you'll appreciate Snowdrift as a shortening. It's already so creamy that you have to do very little crushing, beating and other culinary manoeuvring to make a velvety-smooth mixture.
