Help Kidneys By Drinking More Water

Take Sults to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then set normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation.

Normal Play Well Received

The dramatic club, Alpha Touri, presented its play, "The Trysting Place by Booth Tarkington, Monday night, November 22, in the Normal auditorium.

Lancelot Briggs, a young man still in his teens, was played by Robert Wright who played the part with much poise and sincerity. Florence Stewart as Mrs. Curtis, distinguished herself in the part of the young widow who was the center of Lancelot's affections. Jessie Briggs, Lancelot's sister, a pretty young flapper, was skillfully played by Glydeth Brown. Her suitor, Rupert Smith, was Warren Doremus. Faye Arthur's portrayal of Mrs. Fannie Briggs, mother of Lancelot and Jessie, was extremely good. Henry Ingoldby was played by Mr. Lee Byers, who portrayed the old style lover.

This first presentation of the Southern Oregon Normal dramatic club, Alpha Touri, is only one of the splendid plays which this organization plans to present during the winter. Under the leadership of Mrs. Able and the permanent advisorship of Miss Richardson, the first dramatic club is of superior value to this institution.

The program also included

songs given by the girls' class club under the direction of Miss Leona Marsters.

"Peggy and Her Pop Peddlers"

Entertained at Editha Springs Hotel—
"Peggy and Her Pop Peddlers Club" were delightfully entertained Thursday evening, November 18, at the Editha Springs Hotel ballroom. The entertainment committee consisted of Miss Laura Raguse, Miss Dorothy Stevens and Milton Franklin.

After the regular business meeting, during which a new member was admitted into the club, several new pieces were passed out. It was with great enjoyment and enthusiasm that the young people played and sang these songs during the greater part of the evening.

The rest of the time was devoted to playing some very clever and interesting games which had been worked out by the hostesses. As these served to mix the crowd and get them acquainted, everyone was in high spirits when elaborate refreshments of salad, sandwiches, ice cream, cake and chocolate were served.

Everyone left at an early hour and all stated that they had a wonderful time and greatly anticipated the next meeting of the club. This organization has become quite popular with the young people, and no doubt will become a permanent one in Ashland.

Former Demonstrator Here

Miss Ethel Murdoch has returned to Ashland and is demonstrating the Universal Electric range at the Ashland Electric

Shop. Miss Murdoch has been here before and many ladies derive much benefit from her demonstrations. Today, she made cookies, cakes, etc. Friday she will make cakes and several good recipes will be given out. Besides this demonstration, Miss Murdoch will demonstrate the Conlon Cabinet ironer.

She extends a cordial invitation to all ladies to attend these demonstrations.

O. A. C. Club meets With Mrs. H. H. Elhart

One of the pleasant affairs of last week was a meeting of the Ashland O. A. C. club at the home of Mrs. H. H. Elhart at 117 Nob Hill.

A business session was conducted during which officers for the coming year were elected as follows: Mrs. H. H. Elhart, president; Mrs. Carabel Morehouse, vice-president and Miss Juanita Carr, secretary.

Following this interesting business meeting, the guests spent a very happy time in conversation and singing their college songs. Unusually attractive and dainty refreshments were served by the hostess.

Hi-Y Club Holds Weekly Meeting

The Ashland High school Hi-Y club held their regular mid-week meeting in the Y. M. C. A. rooms in Pioneer Hall last evening. A report from the constitution committee was heard and upon the recommendation of that committee, the constitution was adopted. The next step will be to affiliate the club with other clubs in the Northwest. A report of the Bible study committee was heard. This committee recommended the use of the Sermon on the Mount as a basis for a life problem discussion. The discussions will be under the leadership of Secretary Walter and the group will use the Sermon as a basis for solving their individual problems. Four

visitors attended last night's meeting: Seldon Burton, James Hartley, Gordon Claycomb and Wilbur Wagner. Final plans were made last evening for the Hi-Y stunt in the rally parade for this evening.

Thanksgiving Greetings

A little band of pilgrims, storm-tossed, suffering privation and hunger, landed on the bleak New England shore and gave thanks to a kind Providence.

Let us be thankful for the bounteous blessings with which we are bestowed; for good cheer that abounds in our midst, and the joy of living in a land of plenty.

Simple, but Oh My! How Vecto does heat!

You'll find the great secret of VECTO'S operating principle under its handsome porcelain enamel finish. The air is "rubbed" against a mass of fine or finer steel as it expands and rises in mass to carry off every particle of heat, "fatter than bread" says up every.

Ordinary heaters of same size must be driven to 750 degrees of red-hot heat to equal the volume of low, gentle warmth poured out by the VECTO. It's look-alike Warm Air Heater at 587 (bright color) offers best heating to those not prepared to invest in local ANCOLA Hot Water Radiator Heating. Easy payment. Write Dept. R for catalog form.
