## Christmas Seal Campaign Starts

Ashland women who will have charge of the sale of Christmas seals this year, have issued a special letter calling attention to the work the revenue from the seals is responsible for. An attempt will be made this year to increase the 1925 sales locally. As the first step in their sales campaign, the following letter is being mailed to Ashland residents.

The National Tuberculosis Association inaugurated and developed the most far-reaching child health educational movement the world has ever known—the Children's Modern Health Crusade. This is to teach school children the ordinary health habits that will prevent disease in later life and for future generations. More than half the states have and for future generations. More than half the states have officially adopted this modern Health Crusade as a part of their school curriculum. It is in all the schools of Jackson county, and should be of vital interest to every citizen.

This is the Crusaders' Creed: "I believe in my country, and in the good citizenship of its people. I believe that to support my country I must have health, strength and honor. I love my country's flag. To me its bright red stands for bright red blood, which means energy and power, cheerfulness and hope, human kindness and the joy of living. Its pure white stands for clean bodies which house clean minds. Its blue stands for the clear sky, the sunshine, fresh air, play and exercise.

As an American, I will be a faithful soldier in the children's army of peace, the Modern Health Crusade. Are you helping your child to keep this pledge? The money from the Christmas Seals finances this great work. These seals are One Cent each and are to be used on the backs of your envelopes and packages. We are enclosing for your convenience a self-addressed and stamped envelope.

Sincerely,  
Rose Taverner Robinson,  
Chairman  
Mrs. Alice Holloway  
Seal Director

**"THANK YOU" EPIDEMIC**  
PORTLAND, Ore., Nov. 26.—(U. N.)—An epidemic of "thank you" is sweeping Portland, and telephone operators started it. Nowadays when one calls for a number in Portland the girl does not repeat it. Instead, she says, softly, "Thank you."

All of which has caused many disputes as to modern telephone etiquette. The boy with the flapping pants tells sister that "you are welcome" is good form but sister, in many instances, maintains that the sweet "thank you" represents the desire of the "hello girls" to find beaux—what with the dial system becoming more general in use and all that sort of thing.

The new system, decided upon in an effort to save time, speed up service and enable the girls to handle more calls, is generally liked.

**GANG WARFARE BREAKS OUT AGAIN IN CHICAGO**  
(Continued From Page One)  
Attempts have been made, was said to have been at a football game when the attack took place. Another brother, Walter, was shot and killed several months ago with Assistant State's Attorney William E. McSwiggin—both the victims of a machine gun.

**OVER FUTURE PROSPECT MINISTER IS ENTHUSIAST**  
(Continued From Page One)  
to the British statesman, leaned across his study table in the earnestness of his discourse. "I want to get away from denominationalism and creed," he said. "I want to preach of God and immortality, of the spirit and soul, of character, love and charity."

Dr. Gordon will preach to protestant, Jew, catholic or oriental. He plans to have an auditorium seating 3,000 persons and wants to place religious services upon the plane of theatre performances, appealing to transients through advertisement, and the quality of his program. He will not ask belief in any creed and his contact with his people will be only from the pulpit.

**KOSHETZ ARRANGES AMERICAN FOLKLORE**  
America is fortunate in having an expert at work upon the development of her folklore. Alexander Koshetz, composer-conductor of the Ukrainian National Chorus, who, during his past American tours has been actively engaged in research among the native songs and folklore of this country, to be incorporated in the programs of the Chorus, was awarded the gold medal at the Ethnographical Exhibition at Kieff in 1912.

All his life, Professor Koshetz has collected unpublished melodies of Ukrainian folklore, and many of his arrangements are used in the programs of the Chorus. Ever since he was placed at the head of that organization in 1918

he has been popularizing Ukrainian folklore and making the Western world acquainted with the native music of the Ukrainian. So, it would be hard to find anyone better fitted than Professor Koshetz to delve into the as yet unexplored field of American folk-music.

Already he has discovered and developed for choral singing some rare treasures and, during the

coming season, these will be heard as a feature of the concerts which the Ukrainian National Chorus is to give on its second tour of the United States.

Alexander Koshetz is also one of the world's greatest conductors, and the marvels he has achieved with his "human symphony orchestra" have made him one of the foremost figures of the days. The Ukrainian Chorus is instinct with his guiding influence, which seems to weave a spell over its collective personalities, transferring them into a perfect ensemble.

Says a Berlin critic—"He does not beat the measures, but he beats the shadings—with his arms, fingers and his whole body. It has been said, too, of Dr. Koshetz, that like an inspired orchestral leader he "creates" compositions while he conducts.

"He plays upon his choir as he would upon an organ," enthusiastically declares a French critic: "he opens and closes the stops of his magical music-box. He throws back the tenors and draws out the basses. He combines and opposes a thousand unexpected resources of his human instrument.

Also from the Parisian press comes the following bit of eloquence inspired by Dr. Koshetz's unique manipulation of the Ukrainian National Chorus: "We no longer witness ordinary singers obeying their conductor; these are priests and priestesses of a deep religion; reverently
