

DISABILITY COMPENSATION IS BEING GIVEN TO MANY WAR VETS, GEN. HINES REPORTS

WASHINGTON, Dec. 10—(UP)—Disability compensation is being given 226,484 veterans who served in the world war, Brig. Gen. Frank T. Hines, director of the U. S. Veterans Bureau reported to President Coolidge today.

In his annual report on the Bureau's activities for the fiscal year ended June 30, 1938, Gen. Hines announced vocational rehabilitation by the government of men who served in the military service during the world war has virtually been completed.

More than 127,000 men completed vocational training courses since 1920. Uncle Sam, at the close of the year had 2,027 men still in training to fit themselves for the business world.

The government now has 42,219 wards for whom 34,642 guardians have been appointed. Gen. Hines stated that guardians are being selected carefully and when possible the next of kin is selected in the case of minors. In cases where guardians have misapplied funds of wards, civil proceedings have been started for the restitution of money misused.

General Hines reported that there are now in operation 50 Veterans' Hospitals, with a combined capacity of 20,635 beds. In other federal hospitals the government has 10,000 additional beds available for former service men.

The future hospital construction was outlined in the report as follows: 467 beds at Ft. Snelling, Minn.; 159 tuberculosis beds at the National Home for Disabled Volunteer Soldier, Hot Springs, S. D.; 300 permanent beds at Walter Reed Hospital, Washington, D. C.; 300 bed neuropsychiatric hospital, Northport, N. Y.; 322 additional beds at Palo Alto, Cal.; 211 additional beds at North Chicago, Ill.; replacement of leased hospital at West Roxbury, Mass.; replacement of temporary facilities at Tucson, Ariz.; and Alexandria, La.; erection of a new hospital at Portland, Ore.; replacement of temporary facilities at Oteen, N. C.; and erection of 50 medical and surgical beds

for observation cases at Fargo, N. D.

While 500,000 service men have been treated in Veteran Bureau Hospitals since 1919, only 44,615 were still confined in institutions on June 30. General Hines said, pointing out this was the smallest number of men seeking treatment for war ailments during the last two years.

The report showed that insanity has been the most terrible aftermath of the war. There were 176 wards compared with 7,308 12,220 patients in neuropsychiatric tuberculosis beds and 5,387 confined for general medical and surgical treatments.

On June 30, the total claims filed for benefits under the world war adjusted compensation act were 3,242,188 for which certificates with a face value of \$3,102,001,000 were issued.

THE NAME TELLS A TRUE STORY

The very name, Foley's Honey and Tar Compound, tells why, with, without opiates or chloroform. It is so quickly effective in stopping coughs and in healing the distressing cause. Because it alone combines the curative virtues of pure Pine Tar and other healing ingredients, together with the mollifying demulcent effect of clear fresh Honey. From 651 E. 46th st., Chicago, comes this: "A stubborn cough worried me, kept me awake nights, and resisted other cough medicines, but quickly yielded to your good Foley's Honey and Tar Compound. My druggist recommended it." Ask for it. Sold everywhere.—No. 3.

GOVERNMENT RAILROAD REPORTS MILLION LOSS

WASHINGTON, Dec. 10—(UP)—While railroads throughout the United States are enjoying their greatest period of prosperity, the only government owned line—the Alaskan railroad—sustained a loss of \$1,116,000 for the year, its general manager reported to the Secretary of Interior today.

Revenue of the road increased by \$206,274 during the year while operating expenses were cut \$299,000.

Plans for the completion of the road and purchase of modern equipment call for an expenditure of approximately \$12,000,000 during the next few years.
